LOCAL NEWS.

J. W. Brown was over from Fossil Saturday.

Tom Johnson went to Fossil last Thursday on business, and Oscar Portwood went along on a—but we won't give him away. It's nobody's business.

Ed McKinney started his sheep to the mountains Sunday. He will summer them in the vicinity of Prairie City. Ed orders the GLOBE sent to that place for the summer in order to keep himself in touch with home affairs.

Don't forget that Condon will celebrate the Glorious Fourth, this year in truly regal style. The town is on her mettle and those who fail to come this way on the fourth will never quit kicking themselves about it. Whoop 'er up everybody.

The friends of Mrs. C. W. White, of Papersack, will regret to learn that that lady is suffering from hip joint disease, and it will probably be some months before she will be able to walk. She is at the Donaldson hotel, Fossil, under the care of Dr. Shaw.

A. Gesner, and David Drager, of Salem arrived here last Thursday from Canyon City where they have been engaged in transcribing the Grant county records for the new county of Wheeler. Mr. Gesner has the contract for the entire job in the three counties,—Gilliam, Grant and Crook—and Mr. Drager has been doing the copying in Grant county.

He will remain and assist in finishing the work here.

While the American people are devising means to raise a fund with which to purchase a house for Admiral Dewey they should not entirely forget the men who shoveled the coal under the boilers or the men behind the guns, who by their steady nerve and deadly aim sent the iron hail at the Spanish ships, causing their total destruction on that May day 1898.—Caldwell (Idaho) Record.

The Condon Cornet band has been revived the last few days and practice meetings are held twice a week. Prof. Gesner is instructing the boys and under his tutorage they are making rapid progress. We speak advisedly in this matter, for he it known that the GLOBE "devil" who a few weeks ago was a perfectly harmless and innocent "kid" can now evolve 1337 different noises from an old brass horn before breakfast. The band is all right though just the same.

The Condon public enjoyed its first strawberry feast last Saturday evening, the occasion being a festival held under the auspices of the ladies of the Catholic church. Strawberries, big, luscious and tempting, ice cream of the first quality, and cake, such as only Gilliam county maids and matrons can bake, were served and were so thoroughly enjoyed that it was not until every morsel had disappeared that the aforesaid public reluctantly quit eating and went home. The affair was a success, socially and financially the receipts amounting to almost \$50.
