THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

AN X-RAY.

The Salem Capital Journal has published a tabulated statement of the vote taken by the special session of the late lamented legislature on 20 of the most important questions that came before that body. The table is full of interesting information to the people of the state, as it gives a comprehensive review of the work done by every member without regard to politics. A summary of the vote shows how often each member voted right or wrong, from the Journal's stand point, and it is interesting to note that but three men voted right 18 times out of 20, while three voted wrong 17 times, and five voted wrong 16 times on the same 20 bills. Two republicans voted right 13 and 14 times respectivly and two union ticket men voted wrong 11 and12 times respectivly. The table given shows only the votes taken in the house, but the Journal promises to give a report on the senate later. It would be a good thing for the paper to carry the work into the regular session and turn the X-ray on there also. The people will be interested.

Monday was a rainy day in this locality. Every one seems disgusted with so much cold disagreable weather.

Most of the people of our vicinity will spend the Fourth at neighboring towns this year.

Wool hauling has been the order of the day for the past week, and about all the wool from this place was hauled to Heppner.

Something like 1000 head of stock cattle passed through here last week en-route for Heppner where they will be shipped to Utah.

J. B. Goff made a trip to Heppner Friday and met his wife who has been in Portland receiving medical treatment for the past month. Mrs Goff is quite confident that she has been much benefitted by the treatment she received.

NOTICE FOR PUBLICATION.

Notice is hereby given that in pursuance of instructions from the Commissioner of the General Land Office, under authority vested in him by section 2455, U. S. Rev. WE WANT

you to compare the following price list with what you can get elsewhere in order that you may see whether you can save money or not by dealing with us.

The goods we carry are STRICTLY THE BEST. We could easily get inferior goods to sell for cheaper prices but we will not. We have demonstrated to our entire satisfaction the fact that no matter how cheap an article may be, if it is inferior in quality, our customers remember how inferior, and forget how cheap, the goods were. For that reason we buy only the best, and prices quoted below are on absolutely high grade goods.

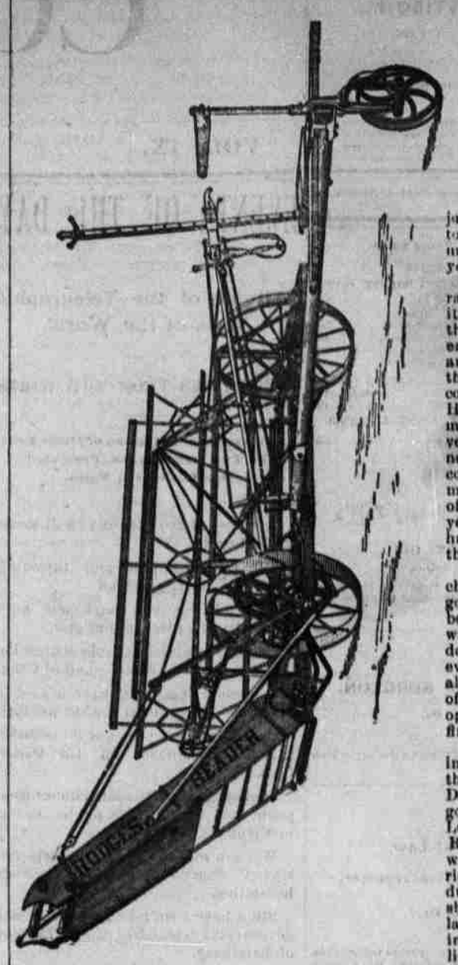
DON'T TAKE A HEADER.



Don't take a "header" until you have seen the Old Reliable Hodges No. 2 or Center-Drive Header. We can furnish either, and a careful examination of the latest type of Hodges Steel Headers will convince you that they are just what we claim them to be—the most perfect model in the Header line yet produced.

In spite of the unwarranted assertions of some, it is a well known fact that more Hodges Headers are made every year and sold—and stay sold—than of all other makes combined; that more Hodges Headers make merry music in the harvest fields of both continents than were ever constructed by all other manufacturers of this type of harvesters. For 30 years Hodges Headers have been the leaders in their class.

No feature of these machines has been considered good enough that could be improved upon, and we now say with confidence, that it is, as it has ever been, the peer of all its alleged rivals in simplicity of construction, ease of operation and beauty of finish.

If you are not interested in headers let us show you the Milwaukee Chain Drive Mower, or other good mowers we have, the Lad and Lassie Steel Hay Rake, or other good rakes we have, the Powell derrick and nets, which reduces harvest expenses, in short let us show you the latest ideas from a threshing machine to a repair link.

Remember we are headquarters for machine extras. Call and see us.
