THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

GILLIAM COUNTY'S

INDEBTEDNESS.

It appearing that an effort is being made by certain residents of Wheeler county to create the impression that Gilliam county is burdened by an enormous debt and that the new county starts off in much better financial condition than Gilliam continues in, we wish to submit a few figures in regard to the financial condition of Gilliam county.

As shown by the recent report filed by Judges Mariner and Laycock and County Clerk Butler, the total indebtedness of this county on March 4th 1899 was $32,663.05. Of this amount the same report sets aside the sum of $5 985.74 to be assumed by Wheeler county. It also places a valuation of $3000 on our county buildings. Turning to the last semi-annual statement of the condition of the county made on March 31st, 1899, we find that the resources of the county represented by the amount in the hands of the county treasurer, and the amount of unpaid taxes, amounted to the sum of $22,293.00.

Taking the total indebtedness, then, of $32,663.05 we will subtract the amount assumed by Wheeler, ($5,985.74) which leaves us $26,677.31. From that amount take the resources as shown above ($22, 293 00) and there remains $4,384.31. The county buildings are resources of the county inasmuch as they could be sold if necessary and the proceeds applied on the debt, so we will again subtract the amount at which they were valued ($3000) from our last remainder, and we have left the sum of $1,384.31 which is the actual amount of our indebtedness over and above our actual resources.

Wheeler county starts out with an indebtedness of almost $35,000, assumed from the three old counties, and her only resource is her current tax. The salaries of her county officers, the expense of transcribing records, state and school tax and the numerous incidentals a new county is bound to incur must all be paid from that tax and when this is done it is not likely there wil be much left to apply on the original debt.

The Portland Oregonian has undertaken the work of raising a large fund with which to erect a suitable monument in memory of the Oregon Volunteers who lost their lives in the Phillippines. The object is a laudable one and every section of the state should respond. We hope to see some of Condon's patriotic citizens start a subscription here for the purpose. The Oregonian headed the list with a donation of $500.

The Fossil Journal gave an interesting illustrated write-up of the late ball game, in its last issue. The Journal editor is something of a ball player himself and is right at home in that line of work. The Journal is to be commended for its enterprise and fearlessness in this matter.

NOTICE FOR PUBLICATION.

Notice is hereby given that in pursuance of instructions from the Commissioner of the General Land Office, under authority vested in him by section 2455, U. S. Rev. The book was written in army camps at San Francisco, on the Pacific with General Merritt, in the hospitals at Honolulu, in Hong Kong, in the American trenches at Manila, in the insurgent camps with Aguinaldo, on the deck of the Olympia with Dewey, and in the roar of battle at the fall of Manila. Bonanza for agents. Brimful of original pictures taken by government photographers on the spot. Large book. Low prices. Big profits. Freight paid. Credit given. Drop all trashy unofficial war books. Outfit free. Address, F. T. Barber, Sec'y., Star Insurance Bldg., Chicago, Ill.

WE WANT

you to compare the following price list with what you can get elsewhere in order that you may see whether you can save money or not by dealing with us.

The goods we carry are STRICTLY THE BEST. We could easily get inferior goods to sell for cheaper prices but we will not. We have demonstrated to our entire satisfaction the fact that no matter how cheap an article may be, if it is inferior in quality, our customers remember how inferior, and forget how cheap, the goods were. For that reason we buy only the best, and prices quoted below are on absolutely high grade goods.

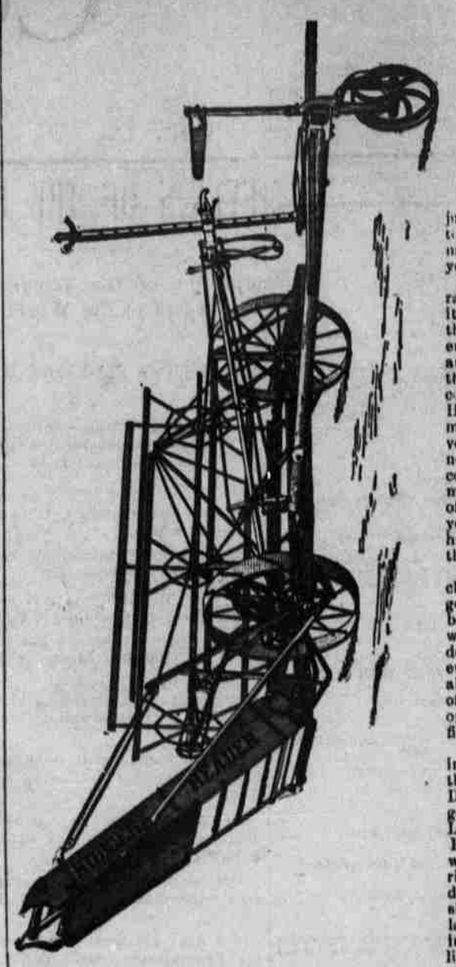
DON'T TAKE A HEADER.



Don't take a "header" until you have seen the Old Reliable Hodges No. 2 or Center-Drive Header. We can furnish either, and a careful examination of the latest type of Hodges Steel Headers will convince you that they are just what we claim them to be—the most perfect model in the header line yet produced.

In spite of the unwarranted assertions of some, it is a well known fact that more Hodges Headers are made every year and sold—and stay sold—than of all other makes combined; that more Hodges Headers make merry music in the harvest fields of both continents than were ever constructed by all other manufacturers of this type of harvesters. For 30 years Hodges Headers have been the leaders in their class.

No feature of these machines has been considered good enough that could be improved upon, and we now say with confidence, that it is, as it has ever been, the peer of all alleged rivals in simplicity of construction, ease of operation and beauty of finish.

If you are not interested in headers let us show you the Milwaukee Chain Drive Mower, or other good mowers we have, the Lad and Lassie Steel Hay Rake, or other good rakes we have, the Powell derrick and nets, which reduces harvest expenses, in short let us show you the latest ideas from a threshing machine to a repair link.

Remember we are headquarters for machine extras. Call and see us.
