HOME RULE.

Recommended for Some of the Southern Isles of the Philippines.

New York, July 8.—A special to the Herald from Washington says: The departure of President Schurman, of the Philippine commission, will leave at Manila three members of the commission—Major-General Otis, Professor Worcester and Colonel Denby. It will be the duty of the last two named to continue the work of establishing home rule within the lines held by the administration troops, in the hope that the example will be followed by the Filipinos outside of the lines, and show them the beneficial purposes of the government. Professor Worcester and Colonel Denby will also aid General Otis in the conduct of any peace negotiations which may follow any future operations of the American troops.

Mr. Schurman's dispatch is on the whole very encouraging, and the authorities are very much gratified at the conditions he reports having found at the points visited. It is evident from what the officials say that Mr. Schurman believes the suppression of Aguinaldo's insurrection means the establishment of peace throughout the archipelago. He is confident that many of the people throughout the southern islands do not openly express themselves in favor of an American protectorate solely because of the fear of Aguinaldo and his Tagal army.

Mr. Schurman speaks well of the Sultan Sulid, and it is evident that he feels that there is no danger of trouble from him in case the United States observes the treaties which exist between him and the Spanish government. Mr. Schurman makes a number of recommendations regarding home rule for some of the southern islands, and that they will probably be adopted by the president.

The conditions in Negros were found to be of a highly satisfactory character by Mr. Schurman, and home rule will undoubtedly be given immediately to the people of that island, although some alterations were necessary before it received the president's approval.

CHANGE OF PLANS.

Second Oregon May Come to Portland by Rail.

Washington, July 8.—Commissioner Hermann, in pursuance with requests received from Oregon today, made inquiry at the war department as to how the Oregon regiment is to be taken to Portland. He was informed that the troops will be landed at San Francisco, and that the transports will be immediately loaded with regulars for Manila, and will leave for that port, and will not go to Portland with the Oregon regiment. This change of plan was made at the request of General Otis, who says there is a scarcity of transports.

The commissioner told the secretary that the people of Oregon had already made extensive plans for receiving the troops at Portland and that the change of plan would be a very great disappointment. The department said that it would make every effort to accommodate the people of Oregon and the troops themselves, and has, therefore, directed the commanding officer at San Francisco to secure a sufficient number of ships at the port to carry the Oregon regiment from there direct to Portland, enabling the people of Portland to carry out their original plan.

If this plan cannot be carried out, the department will make arrangements to have the regiment carried direct to Portland by rail, but this will not be done unless it is impossible to secure ships.

Fish Experiment Fails.

Washington, July 8.—After repeated efforts, and as many failures, the United States fish commission has reached the conclusion that the Pacific salmon cannot be successfully planted in Atlantic waters. Just why, it is hard to say, but that it cannot be done is a now well established fact. Which all goes to prove that certain products and certain life are peculiar to certain regions.

Yellow Jack in Cuba.

Havana, July 8.—Two cases of yellow fever have been reported today. One of the patients is an old Spanish woman who has been in Cuba for two years, and whose disease is of a mild form. The other case is that of an American, whose symptoms are still doubtful, although it is believed by Surgeon-Major Davis and other officers to be yellow fever.

California Town Burned.

Coulterville, Cal., July 8.—Fire broke out in the residence of Mrs. Bogolios here today. The facilities for fighting flames were poor, and within two hours the entire business portion of Coulterville, including three hotels and four general merchandise stores, was in ashes. Altogether, 67 buildings were destroyed. The loss is estimated at \$200,000.

Gained Their Point.

The Hague, July 7.—The American delegates secure a great success today in obtaining from the peace conference a unanimous vote in favor of having the question of private property at sea, in time of war, dealt with at a special conference, to be summoned hereafter. Much diplomatic management was necessary, and many obstacles had been surmounted before this result was reached.

Through a Culvert.

Kansas City, July 8.—A north-bound passenger train on the Burlington went through a culvert near Waldron, Mo., 17 miles north of Kansas City, at 10:30 o'clock last night. Fireman Charles Welty, of St. Joseph, was killed, and several passengers are reported to have been seriously injured.

Command of President.

San Francisco, July 8.—Brigadier-General Wallace Randolph, U. S. V., has reported at army headquarters in this city for duty.

AGAINST ANNEXATION

Statements Credited to Otis and Dewey.

PHILIPPINE CONQUEST UNJUST

An American Minister in Japan Writes a Most Sensational Letter to a Boston Journal.

oston, July 10.—Rev. Clay McCauley has written a letter to the Transcript dated at Tokio, Japan, June 1. Mr. McCauley declares that Admiral Dewey said to him:

"Rather than make a war of conquest on the Filipino people, I would take up anchor and sail out of the harbor."

Mr. McCauley visited Manila in January, in search of health. Of his views there he writes: "For a long time I could not believe that the disastrous drift of events was known to the Washington authorities. I was inclined to lay the responsibility for the increasing peril upon the military commander directly in charge."

"Yet, now it seems to me that General Otis did this work in the main in literal obedience to his superiors in America; that there it was assumed that the whole right and duty concerning the future disposition and control of the Philippine islands lay in the wishes and will of the United States; that what the Filipinos themselves might wish need not be taken into the account in formulating plans for their government."

The writer had a talk with General Otis. "Among other things," said Mr. McCauley, "General Otis expressed regret that there was not a better knowledge of the situation among the Washington legislators than there seemed to be. And he impressed me deeply by his declaration: 'I was ordered to this post from San Francisco. I did not believe in the annexation of these islands when I came here, nor do I believe in their annexation now.'"

"I also had the privilege of a conversation with Admiral Dewey," the writer says, and gives this version of it: "Dewey spoke much of his concern over the turn affairs had taken, and added that he was 'powerless to act.' Yet in one point of his remarks he declared: 'Rather than make a war of conquest on these people I would up anchor and sail out of the harbor.'"

Mr. McCauley says he wrote President McKinley, whom he met in Washington, regarding the situation and predicting the outbreak which has since occurred.

TOWING-VESSEL TRUST.

Will Probably Embrace All Tug Companies on Great Lakes.

New York, July 10.—The Great Lakes Towing Company, which plans to embrace all the tug and towing companies between Buffalo, Chicago and Duluth, and whose formation has already been announced in dispatches from Cleveland, has filed articles of incorporation in the county clerk's office in Jersey City. The company has a capital of \$5,000,000, of which \$2,500,000 is set apart for noncumulative preferred stock, and \$2,500,000 common stock.

The charter of the new corporation authorizes the Great Lakes Towing Company to do a general towing, wrecking, salvage, dredging and contracting business on the Great Lakes and their tributary streams, and to own, operate and deal in, by sale or otherwise, tugs, ships, vessels and boats of every description.

Reported Massacre.

Chicago, July 10.—A special to the Times-Herald from Washington says: Secretary Hay has sent instructions to Minister Bryan, at Rio de Janeiro, Brazil, and Consul Ruffin, at Ansonia, Paraguay, directing them to investigate the report of the massacre of an expedition of which Americans were members on the Kingu river, in Brazil.

A report received several days ago from Minister Buchanan, at Buenos Ayres, reported that a Mrs. Williams, whose brother resides in Asheville, N. C., and whose husband was a member of the ill-fated expedition, is in distress in Buenos Ayres, where she was to await her husband's return.

Revolution at Sofia.

Buda Pest, July 8.—Newspapers here publish a story from Belgrade to the effect that a revolution was inaugurated at Sofia yesterday. According to the accounts published, a mob paraded the streets, some of the troops joining in the demonstration. It was added that Prince Ferdinand had fled the country, and that the telegraph wires had been cut.

Whitewashers Hanged.

Chattanooga, Tenn., July 7.—Pleas Wynn and Cattlett Tipton, the whitewashers, were hanged at Sevierville at 1:02 today for the murder of old man Whaley and his wife over a year ago. They both confessed that they were hired to do the deed by one Bob Cutler. Mrs. Tipton, wife of the murderer, and his five children were present at the hanging.

Anasas Acquired.

Manila, July 10.—The trial at Cabanatuan of the slayers of General Luna, the Filipino leader who was assassinated by the guard of Aguinaldo's residence, is ended. The accused were acquitted on the ground of self-defense. The testimony showed there was a conspiracy on the part of Luna and other officers to kill Aguinaldo and make Luna dictator. Luna's death seems to have strengthened Aguinaldo's leadership for a time. Luna supporters are now outwardly loyal to Aguinaldo.

PREVENTION OF WAR.

Peace Conference Amends the Arbitration Scheme.

The Hague, July 10.—The third committee sitting this morning discussed the scheme for mediation and arbitration drawn up by Count Daxen. The reporter of the committee explained lengthily the motives which inspired the drafting committee in elaborating the scheme. M. Bourgeois, head of the French delegation, thanked the reporter in warm terms and congratulated him upon his remarkable exposition. The sitting was then adjourned until July 17.

During the discussion, the plenary committee amended article 8, so as to provide that when powers between whom there is a serious dispute accept the mediation they cease all relations in regard to the disputed question, which shall be considered as exclusively referred to the mediatory powers.

Three additional paragraphs regarding the permanent court were also adopted at the request of President Zorn, of the German delegation, Count Nigra, head of the Italian delegation and Sir Julian Panncofote, head of the British delegation.

BRAZOS RIVER FALLING.

Situation in the Flooded District Is Improving.

Galveston, Tex., July 10.—The situation in the Brazos valley is rapidly improving. The river is falling. There is an unconfirmed rumor that five lives were lost near Sartartia, in Fort Bend county. The report sent out Wednesday from Brookshire, Waller county, that two lives were lost there, now appears to have been an error. Those who were supposed to have drowned persist in making their reappearance. Relief committees are now well organized.

At Brookshire, the relief committee have opened a commissary and issue a half ration per capita. They have taken precautions so that only the deserving shall get these rations, and, therefore, they issue to the planter for all the tenants he had when the flood came. Those who own their farms and lost everything, as is the case with most of them, are allowed to draw their rations direct.

THEIR WORK ENDED.

National Editorial Association Elects New Officers and Adjourns.

Portland, July 8.—Adjournment sine die came to the National Editorial Association at 2 o'clock yesterday afternoon, the morning session having been brought to that hour without intermission. The most important business disposed of was the selection of New Orleans to be the place of meeting next year.

A number of the delegates, before the meeting closed, testified to the good faith that Oregon had kept with them, saying that it had given more and better than was promised when the national association was induced to come here for the annual meeting.

Following is a list of the new officers: President, Colonel R. J. Henry, Jackson, Miss.; first vice-president, F. B. Ballou, Cleburne, Tex.; third vice-president, Albert Toler, Portland, Or.; treasurer, James G. Gibbs, Newark, O.; corresponding secretary, J. M. Page, Jerseyville, Ill.; recording secretary, R. M. White, Mexico, Mo.

MINERS DIE OF SCURVY.

Score of Men Said to Have Perished at Wind River.

Seattle, July 10.—An unconfirmed story comes from Dawson that several prospectors who have arrived there over the Edmonton route report that a score of miners have died from scurvy at Wind river, a branch of the Peel river, and that a number of others are suffering from its effects. They had no list of those who died, but they report the following among the sick: Dr. J. B. Mason, Chicago; W. C. Cuch, Brom brothers, Dr. Martin, dentist, Chicago; Edward Harris, — Mitchell.

Dr. Martin was camped with two other Chicago men. Both were taken down with scurvy. Martin loaded them on a sled and tried to pull them to Wind City, a distance of 75 miles, where he expected to find medicines and fresh supplies. One man died soon after the journey began. Martin took his other partner on his back and completed the journey.

Huddled on a Mound.

St. Louis, July 10.—A Post-Dispatch special from Austin, Tex., says: Governor Sayres today received a message from Sealey over the long distance telephone, saying 1,000 persons who had taken refuge on a mound three miles below there, are slowly perishing for want of food. To add to the horror, the unfortunates are surrounded by poisonous reptiles and skunks. Huddled together with human beings are several hundred head of live stock. A number of those on the mound have received bites from reptiles and skunks and are in a dying condition.

The Muster-Out.

Washington, July 10.—The adjutant-general stated that the Second Oregon regiment would be mustered out at San Francisco soon after landing there, and in that event would not be allowed their arms to Portland, but would deposit them at Benicia arsenal, San Francisco.

Cervera Acquired.

Madrid, July 10.—Admiral Cervera and the other commanders of the Spanish fleet destroyed in the battle of Santiago, whose conduct has been the subject of inquiry by special court-martial, were today acquitted and formally liberated.

Washington, July 8.—Brigadier-General Joseph Wheeler was today ordered to report to General Otis, at Manila, for service in the Philippine islands.

LYNN CANAL A KEY

Canadians Aim to Control Klondike Outlet.

LINE AT WHITE PASS WATERSHED

This Concession Would Give England Every Right to Which She Is Entitled.

Tacoma, July 11.—The Fairbanks-Foster Alaska boundary party returned from the north today. Interviews with members of the party indicate that the watershed on the White pass, back of Skagway and Dyea, will be accepted as the international boundary line at that point. The White and Chilkoot passes constitute the storm center of the Alaska boundary controversy. At those points the Canadians hope to secure concessions that will enable them to anchor down a port of entry into the Klondike gold fields. All other parts of the country therabouts where concessions are looked for are of little importance compared with the Lynn canal territory, which is the key to the situation. Senator Fairbanks, when interviewed, placed importance to the fact that he must sit with the joint high commission in August, but declined to state what lines of argument he would take up. He expressed great satisfaction at having made the trip.
