

LOOK OUT FOR SMALLPOX.

The appearance of smallpox in our neighboring town of Heppner, should serve as a warning to our people that every precaution should be taken against the foul disease.

Robert G. Ingersoll, the noted agnostic lecturer and writer, whose death occurred a few days ago, will long be remembered as one of the most gifted word painters of the century.

The shocking tragedy in Portland last week, in which a young girl was murdered in a secluded spot in one of the parks, whither she had gone clandestinely with a man whom her parents had forbidden her to go with, should be an awful warning to young girls everywhere.

Sir Wilfred Laurier, premier of Canada, "swelled up" the other day while making a bombastic and belligerent address in the house of commons and declared that only arbitration or war can settle the Alaskan boundary dispute, and he seemed disposed to spell "war" with a big W.

TURN OUT THE GAS.

"Young people of the town who indulge in the dizzy waltz will hear with interest that the heads of Washington and New York society have declared that "sitting out" a waltz will be more fashionable than dancing—the only difference being that you sit instead of dance.

the dance but for the position, and while many a man may lose his appetite for dancing, he has to get powerful old before he loses his appetite for hugging a pretty girl."

"Ever see a cyclone, say? Bite the earth and munch away? Eat up houses, fences, trees, just as easy as you please? Get a hustle on its jaws? Swipe the earth with fiendish claws? Hump its back and take a run through an orchard just for fun? From a hill to hollow fit seeming to get strength from it? Never seen one? Well, I jing! It's a peaky sort of thing.

Ever seen a cyclone, say? Take its track and speed away? Switch its tail, and snort, and bound, just like lightning o'er the ground? Get a swift move on its feet, racing for the winning heat? Then cavorting, up and down, heeding no laws of the town? Pushing everything aside? Out upon a giddy ride? As though owning all the track, ever onward, never back? Never seen one? Well I swear! It's a buster, anyhow.—Kansas Paper.

"When the daily toil is over, and the sun is going down, you are ready then to read the news, what's going on in town. If you miss the evening paper, here's a hint, 'twill make you smile; perhaps you'll find it on your daughter, for the bustle's back in style. When you wash your face in soap-suds, and you're looking for the towel, while the soap is getting in your eyes, you start to swear and howl, wipe your face upon your sleeve and remember all the while that the towel's hard to locate since the bustle's back in style. Now there's no use getting angry, and it does no good to swear, if your Sunday shirt is missing and you've nothing clean to wear; try you're hardest to look pleasant, do your best to wear a smile, and remember when you miss things, that the bustle's back in style.—Ontario Advocate.

BEECHER FLAT.

Cool weather again for which we are very thankful. There are several of the neighbors on the sick list. Bert and Rolly Ramsey have gone to Shuttler Flat to work through harvest.

Mrs. B. K. Searcy has gone to Fossil, to attend the Workers meeting, held this week. Wm. Carl and wife have been visiting at the home of his parents the last week. Having is in full blast and many of the farmers are cutting considerable of their crop for hay. Crops have been benefited by the cool weather and farmers are not quite so blue as they were ten days ago.

ARLINGTON.

There was some excitement here last week on account of smallpox being in Heppner. A slight shock of an earth quake was felt here Sunday by some but was not generally felt. Mr. Bedford has built a fine slaughter house out at his chicken ranch having torn down the old one. The weather was very warm last week for a few days, the latter part of the week was very cool. Harvesting is in full blast just now. Every farmer says there will be lots of wheat but not any No. 1. The Baptists will build a \$1500 church here this fall, most of the money having been subscribed we are told. The river is falling right along and the danger of high water is passed and it is some seven feet lower than it was at one time. There is about one third of the city's population out in the mountains just now for their summer vacation they all report having good times. About 25 left this week for Mt. Adams. The city has the park in very good shape just now having pruned the trees

rigation purposes. In a few years this will be the best artificial grove in the county.
