LOCAL NEWS.

Dr. Luna has been kept busy vaccinating his patients the past few days.

Mrs. Paul Greiner, of Mayville, was in town yesterday calling on friends.

E. W. Moore and family are enjoying an outing in the mountains this week. C. Schott, of Olex, visited his daughter, Mrs. T. G. Johnson, this week.

Mrs. G. W. Rinehart is visiting her daughter, Mrs. George Taylor, near Olex, this week.

Rev. and Mrs. Hariburt, returned from their visit to the Willamette valley last Thursday.

The cold wave which struck us the latter part of last week was the salvation of many wheat fields.

A. J. Shelton, of Arlington, was here Monday looking for cattle. He is buying for Reynolds, of Nebraska.

Miss Grace Fitzwater, has returned from Morrow county where she has just completed a term of school.

John W. Clark, and wife of Ferry Canyon, left last Thursday for Weston where they will spend the summer.

H. K. Searcy of Mayville, and Arthur Myers, Meek Bros. and the Nelson boys have each bought new headers for the coming season.

Frank Ralston made a flying trip from Lone Rock yesterday after Dr. Luna. He covered the 20 miles in one hour thirty-five minutes.

Gay Beffington has been out on crutches for a few days this week. He carries his broken leg with him neatly encased in a plaster mold.

An inspector of the U. S. land department from Oregon City, was here last week looking up evidence in an alleged fraudulent homestead entry.

Charlie Fix has the upper story of his building raised and the carpenters are busy finishing the inside. E. T. Hollenbeck has charge of the work.

Tom Johnson is carrying a crushed hand around very carefully this week. The accident was the result of some sort of an encounter Tom had with an old pump.

Robert Wain, our newly appointed county surveyor returned Monday evening from Union county where he was engaged on government work for a month or so.

K. of P. Attention—There will be an important meeting of the lodge next Tuesday evening, August 1st. Every member is urged to attend.

C. S. PALMER, C. C. A marriage license was issued Monday to Walter G. Myers and Miss Della Hartman. Walter started for Portland the same day and we expect to report the wedding in our next issue.

While engaged in a friendly scuffle with Fred Wilson one evening last week Randle Palmer had the misfortune to have his shoulder dislocated. S. V. Moore pulled it back into place but Randle has had a pretty sore shoulder since.

W. M. Dunlap, who was on the sick list most of last week, discovered Sunday that he had the measles. Bill's cuticle looked very much like a piece of red flannel after the little red spots put in an appearance, but he said he felt better than he had for a week.

The telephone line has been completed as far as Olex and the people of that place expected to say "hello" to the outside world for the first time yesterday morning. The poles are set this side of Juniper canyon and the line should be completed to Condon within two weeks.

B. F. Tennis, representing the Arlington Warehouse Co., was here last week on a tour of the county. Mr. Tennis estimates the average wheat yield in the county at about 10 bushels per acre. He is also of the opinion that the price will be considerably better than last year.

H. H. Turner, who has been here for the past two or three months engaged in transcribing records for the new county of Wheeler, left for Prineville Sunday, the work having been completed here. R. L. Geener, who has been employed on the same work, left on the same day for Salem.

Grant Wade was in town from Clon Saturday, making arrangements for final proof on his homestead. Mr. Wade recently closed a deal with L. O. Ralston for the latter's fine creek ranch at Olex, paying \$2500 for the same. The new store of Wade Bros., will be opened for business about the 15th of August.

W. H. Colwell, the well known sheepman of Arlington, has taken charge of the selling of the celebrated Cunningham bucks in this section of the country and will be able to offer buyers the finest line of stock in both delaines and coarse wools ever offered in this county. Watch for his ad in the next issue.

Dr. Dodson was in town Tuesday on his way to the mountains, and while here called to "Joah" the editor as usual. The doctor has been practicing his profession in Arlington for several months, but is now at home on his Hay Creek ranch piling up what work his hired man done during his absence.

Andrew Greiner went to Arlington last Friday to get repairs for his harvesting machinery. Mr. Greiner says his wheat will make a good half crop. He will cut between 400 and 500 acres. Later—Since the above was written Mr. Greiner says the weather has been so favorable that he raised his estimate to 30 bushels per acre.

The New Hose Cart. The new hose cart for the Condon Volunteer Fire Co., arrived in town last Saturday and has since been the joy and pride of every fire laddie in town. The cart is one of the best made of the Waterhouse Engine Works, of St. Paul, Minn., and is by far the best and handiest machine of its kind in the county. The wheels are 5 1/2 feet high and the drum will easily accommodate 1000 feet of hose. It is equipped with an automatic bell that can be heard a mile or so and when the company starts out on business the citizens will know to give them the right way. It is understood that a fire bell will be ordered at once, the Fourth-of-July committee having decided to invest the surplus left over from the celebration, in that manner. Condon has one of the best equipped fire companies of any of the small cities in the state and with a first-class water system behind it the town is in splendid condition to give the fire fend a warm reception whenever it puts in an appearance.

Piano Recital

A fair sized, and appreciative audience gathered at Armory hall last Saturday evening to enjoy the classical music rendered by Miss Birdie Henshaw and her pupils, assisted by members of the Congregational church choir. The program consisted of 14 numbers, including choruses, violin, piano and vocal solos, duets etc, and, from first to last, was rendered in a highly artistic manner, the appreciation of the audience being shown by frequent and hearty encores. The affair could not be otherwise than a success, from a musical standpoint as the program included the names of Condon's most talented musicians, and lovers of good music will hope to be favored with many such delightful entertainments.

Smallpox at Heppner

Five cases of smallpox exist at Heppner. The disease is confined to one family named Driscoll, two of whom are in town and three in the country. It would appear that the sensible thing for us Condon people to do would be to get vaccinated before the disease gets any closer to us.

Later—E. M. Shutt, editor of the News, is a victim of the disease, also a young lady who lives next door to the Shutt family. Dr. Bialock, has examined the cases and states that the disease from which the Driscoll family is suffering is not smallpox but that the other two cases are genuine.

Have Plenty of Overcoats.

Jay Boverman has received a letter from his friend, Charles Horner, who is a member of the Second Oregon regiment, now in camp at the Presidio, from which we are permitted to make a few extracts. The letter is self explanatory:

"We have at last reached the U. S. and resumed camp life at the Presidio. It is the same as it used to be; cold, dreary and disagreeable. I hope we will soon be mustered out and think it will not be more than two weeks yet. We expect to go to Portland in a body, with all our accouterments and perhaps give a parade, or show ourselves in some way. It was a disappointment to me when the regiment stopped at 'Frisco. The people of San Francisco have treated us well. Most of the boys have colds now but there is no serious sickness in the regiment. The Examiner has been making a great howl about us not having comfortable clothing and blankets. This is all for advertisement of that disreputable sheet in Oregon. We have all the clothing that we need. Not a man has to expose himself to the weather without a warm suit and an overcoat. The man who says that we, or any one of us, are suffering from lack of sufficient clothing is mistaken."

Crosson and Robbins, the Fossil attorneys were over the first of the week looking for land in the Ferry Canyon country. They found just what they wanted and will make filings as soon as they can have it surveyed in order to establish the corners. Dave Drager will also file on a piece in the same locality. These gentlemen know a good thing when they see it and they know to come to grand old Gilliam county to look for it.

MAYVILLE.

Miss Pearl Shelton, of Arlington, is visiting friends here this week.

A. J. Shelton and Mr. Reynolds are here buying cattle.

Doc Brown, of Condon, was here Tuesday.

Mrs. A. B. Lamb, and daughter Abbie, of Fossil, visited Mayville Tuesday.

Purely Business.

Fine line of wall paper for season of '09 at W. A. Darling's. Prices cannot be duplicated this side of Chicago.

G. L. Neal, the well known auctioneer, will give the strictest attention to all business entrusted to his care. If you have property to sell consult him.

W. A. Darling has just received a fine line of wall papers direct from Chicago. The patterns are stylish and up-to-date and the prices can not be duplicated this side of Chicago. Paper hung in a workmanlike manner.

FOR SALE—100 acres of good wheat land, deeded and fenced, 12 miles from Condon. 70 acres under cultivation. Fine well of water, good house and barn, young orchard of 100 fruit trees. Price \$750. For terms and particulars call on or address, Tom Grooms, Condon, Or.

An Injustice to Gilliam County.

Last Saturday's Oregonian contained the following: "ARLINGTON, Or., July 20.—Since coming up here from Albany the past week I have traveled all over Gilliam county looking for my interests in 6000 acres of land, and I am very sorry to inform you the wheat crop of Gilliam this year is the nearest entire failure we have ever had. I do not think a bushel of No. 1 wheat will be threshed in the county. The most I am afraid will be poor No. 2. Many fields will not be cut. Stock have been turned in on them already, and the average, I consider, will be two to six bushels of what is harvested. Heading is now well started." L. O. RALSTON.

In sending out such a report as the above Mr. Ralston does a great injustice to this section of Gilliam county, and it is but right that such a glaring misstatement of facts should be refuted. If it is true that Mr. Ralston traveled all over the county on his tour of inspection why is it that not a man can be found in central or southern Gilliam county who saw or heard of him? It is hard to understand why Mr. Ralston with his 6000 acres of land in Gilliam county should send out such a misleading report of our prospects, but there are people here who can make a pretty shrewd guess on the matter.

The facts in regard to the wheat crop as gathered from prominent wheat growers are, in a nut-shell, that in the Condon, Ferry Canyon, Matney Flat and Mayville sections the crop will be almost if not quite as good as that of last year.

W. S. Myers informed the Globe, Monday, that his crop will be just as good as it was last year as to quality and quantity. His last year's crop went a little more than 25 bushels of No. 1 wheat. Mr. Myers thinks the Ferry Canyon and Condon crop generally will be as good as last year. Andrew Greider of Mayville was seen Monday and stated that the cool weather of the past week had insured him 20 bushels per acre and if this weather lasts he may raise his estimate to 25. R. W. Crane was also seen Monday, and he isn't kicking a bit. Cook Bros, Zimri Eubert and many others assure us that they have excellent prospects for a good crop of No. 1 wheat and every man we have interviewed is thoroughly indignant that such maliciously false reports should be sent out about our county.

The wheat crop of Gilliam is excellent this year when we consider the many extraordinarily unfavorable conditions which seem to have united against it. In the first place the dry weather of last fall retarded the growth of fall sown grain which was in poor condition to withstand the most severe winter of years. Next, the extreme cold weather came on at a time when there was but little snow to protect the tender and poorly rooted plants and the result was much of it was so badly winter killed that it had to be re-sown in the spring. Then the severe winter was followed by the most unreasonable and backward spring, and early summer, ever known in the history of the county, all of which tended to keep the crops back just enough to be in the tender stage when the extremely hot weather of two weeks ago struck us. Farmers in this section are not kicking about the prospects and have more faith in grand old Gilliam as a wheat section than they ever had.

LONE ROCK. Mrs. Goff is still on the sick list. Wm. Mallory attended church here last Sunday. Mrs. R. H. Robinson of Arlington is visiting relatives here.

The weather still continues dry and hot and the crops are beginning to look pretty pale. The rye crop is good and that is the principal hay crop in this locality. Hands for haying seem scarce.

Bob Robinson and his family started the first of the week for a few month's visit in the Willamette valley. The Norton & Myers show, gave a performance here Saturday night, and pulled out for Wagner Monday morning. Rev. Brown had a severe attack of the grip or something of the sort the first of the week, and several others about the place have been ailing.

Ben Glenn, the photographer, who has been doing business here for a few weeks (in the way of making pretty pictures from homely faces) moved his outfit to the Teel springs this week.

Ed Compton has bought the Lone Rock & Heppner mail from J. B. Goff, and as Ed is an old timer in the stage business, everybody expects to see the mail business run in ship shape.

Our old friend Joe Robinson, got back last week from a several month's visit with relatives in the east. Joe looks well and says he has been duly sober all the while he has been gone, which every one thinks is pretty good if Joe gives us the straight goods.

Considerable uneasiness prevails among the people here for fear the smallpox may get brought over from Heppner, and it does seem as though it would be the case when people get scared out of Heppner, come over here and locate in the hotel as they have already done. It is the judgement of sensible people in our community that such chances as this should not be taken with such a disease as smallpox and people coming to our town or any other town should not be allowed to stop there in the finest of camping places near by in the mountains and that is the place for people to go when they are running away from such diseases.

NOTICE FOR PUBLICATION. LAND OFFICE AT THE DALLES, OR., July 23, 1899. Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before H. S.
