LOCAL NEWS.

Mrs. John F. Reischer visited friends in Fossil during the week.

Dputy Sheriff Pinkham went to Mayville Monday on official business.

Joe Harbin, an all round blacksmith, has leased the Clark shop and will guarantee first-class work. Give him a call.

Tom Johnson is taking his summer vacation in the interior. He is accompanied by a drummer on his trip.

Mrs. John Padburg, a relative of Mr. and Mrs. Joe Lienallen, was on the sick list last week, with Dr. Luna in attendance.

We acknowledge receipt of complimentary tickets for the Oregon State Fair to be held at Salem, September 15-22, 1899.

Mrs. Joe Lienallen who has been on the sick list since the Fourth, is visiting her parents Mr. and Mrs. Padburg, near Lone.

Andrew Greiner was in town Sunday from the Mayville section. He reports heading already commenced in his neighborhood.

William Looney, of Ferry Canyon, who had his foot badly hurt, some time ago, by a horse stepping on it has been in town several days under the care of Dr. Luna.

County Commissioner J. W. Dyer, passed through Sunday on his way home from Arlington accompanied by his mother and sister who are out from the Willamette valley on a visit.

F. M. Pliter has put in a stock of wagons, buggies and hacks in the Barr building. He also has the sale of the "Portable Pantry" one of the handiest pieces of kitchen furniture ever invented.

Mrs P. H. Stephenson received a letter from her husband a few days ago which was written at Fremont, Nebraska. Herbert says he is enjoying his trip first rate, but the weather is very hot back there.

George Madden, of Lone Rock, was in town Sunday suffering with a very sore eye, the result of some foreign substance getting in the organ in a place where it seemed to do the most harm. Dr. Luna rendered him the proper medical assistance.

Lon and Charlie Stephens, of Lone Rock, returned last Saturday from the Willamette valley where they recently took a band of horses for sale. The boys report having made a good sale of their stock, which consisted mostly of the culis of their band.

W. G. Keys, of Mayville, and his cousin Arthur McKeown, of Berkeley, California, were in town Saturday evening on a flying business trip. Mr. McKeown will leave in a few days for his home to take up his work in Berkeley College, at which institution he is a student.

Dr. Dodson was in town Tuesday with a view to locating in Condon to practice medicine. If he comes Condon will have four disciples of Esculapius within her borders and only one coffin dealer. Poor old Uncle Al will have to hustle to see rheumatism legs of his to keep up with the procession.

A fine shower visited this section last Friday night and Saturday morning. The dust was put out of business for a while and the crops very much benefited. Dan Rinehart reported having heard of one man who was kicking about the rain because his hay was in the field but he did not give his name.

Dr. Luna has lately received one of the latest improved electric batteries for the treatment of disease. The machine was got specially for the treatment of Frank Rodgers' little boy who has been suffering from paralysis for some time and under the treatment the little fellow is rapidly improving.

Dr. G. W. Franklin, of Portland, and his friend Capt. E. E. Whistler, late of Hong Kong, China, arrived in town last Saturday. Dr. Franklin will locate here in the practice of his profession, and Capt. Whistler, is looking for investments in Eastern Oregon. Dr. Franklin will be found at the Condon hotel.

A business meeting of the Condon Fire Company was held Tuesday evening. Two amendments to the by-laws were adopted and the name of H. G. Jordan was presented for membership. An order was made by the chief that the company should meet for drill every Friday evening at 5 o'clock. Members should make a note of this.

Little Mary Dunn, Mayor Dunn's three-year-old daughter, received an ugly scalp wound, Saturday, from a hoe in the hands of her brother Johnnie. The children were playing and the hoe hit Mary instead of the ground. Dr. Luna was called to dress the cut and the little lady is about well by this time. She will always be "Jeary" of "The Man With the Hoe," however.

Edgar Moore, and family, returned from their camping trip last Sunday.

Edgar tells some pretty good fish stories which the editor believes implicitly but because of the prevailing tendency of the human family generally to disbelieve such stories we reluctantly refrain from printing them. Edgar gained 37 1/2 pounds on the trip however which is pretty good evidence that he caught even more fish than he claimed.

Dog Days.

M. O. Clark has been on the sick list this week.

The frame work of the new Baptist church is up.

Gay Buffington left for Portland Tuesday.

Woodman Camp meets tonight. Important business.

A Hartman has begun heading and reports his 400 acres good.

KNIGHTS OF PYTHIAS ATTENTION—There will be an important meeting of the lodge on Tuesday evening, August 15. Every member is urged to attend.

C. S. PALMER, C. C.

Rev. Swift has sent word that it will be impossible for him to preach here next Sunday, as previously announced. He is detained at home by harvest work.

George Perry, Cal Robinson, and Mr. Hayes, of Lone Rock, were in town yesterday attending to land business and joshing the editor. Had it not been for George's size this story might have had a different ending.

Arlington had another sensation in her "tenderloin" district one night last week. A "macque" who had been discarded by his "woman" as a useless and expensive luxury, attempted either to end her miserable existence or frighten her into again assuming the burden of his support. He entered her room, knocked her senseless with a club and bound a bed quilt around her head with the evident intention of producing suffocation. Such men? should be summarily dealt with whenever found.

A copy of the Richmond (Mo.) Conservator, of which Geo. W. Trigg is editor and publisher, has reached our table, containing an excellent write-up of the writer's recent trip to Portland where he attended the National Editorial Association, as a delegate. The brother was delighted with the Great Northwest, and its hospitable people and says so in a most entertaining manner. The Conservator is an excellent newspaper and shows evidence of prosperity. The latter may be due to the motto which appears at the top of the first page in bold faced type. It is—"In God we trust—All else cash."

A Pioneer.

John F. Pinkham, of San Francisco, is here this week visiting his son C. J. Pinkham.

Mr. Pinkham is one of the early pioneers of the Golden state, having landed at San Francisco in December 1848, and for more than half a century he has witnessed, and taken an active part in the development of that world famed section. In the early '60s he was editor and publisher of the Placerville News, that town being then one of the liveliest on the coast. Mr. Pinkham at present holds the office of jury commissioner, and is also marshal of the Pioneer Society of California. From the annual report of that society, for the year ending July 1, 1899, we learn that the society embraces a membership of 603 pioneers all of whom first reached California prior to Jan. 1, 1850. The junior members, or descendants of the pioneers, number 363. The society takes care of indigent pioneers the amount being paid out for that purpose during the year amounting to \$9, 241.35. Mr. Pinkham will remain here for some time as the guest of his son and family.

ARLINGTON.

Camping is the order of the day.

Mrs. Hattie Cecil visited friends here last week.

S. A. D. Gurley returned from his vacation Sunday.

Mrs. Smead and son, of Blalock, started east Sunday.

Mrs. B. T. Snell came in from Rock creek Monday.

Mrs. Chas. Shurte and children are rustinating at Hood River.

Dan Thomas has returned from Klickitat county and reports a good crop.

W. L. Wilcox and family were here Sunday on their way home from Portland.

C. W. Lord and F. T. Harlbert left Monday for Trout lake for a month's vacation.

Miss Lena Snell, who has been visiting friends here returned home the first of the week.

O. D. Sturges returned from a month's vacation Sunday night. Mrs. Sturges will remain in Goldendale until the first of September.

Mr. and Mrs. Blalock, Mr. and Mrs. Jesse McKinney, and children, Misses McKinnay and Harlbert and Charlie Erbie are camping at Trout lake.

Miss Pearl Carlyle celebrated her 12th birthday a few evenings ago by entertaining a number of her friends at a lawn party. The lawn was brilliantly lighted and many of the little guests were attired in full evening dress. In the center of the lawn a Maypole had been erected which was gaily decorated during the evening. Delicious luncheon was served and much fun was had puffing out the dozen candles on the birthday cake. The children went home well pleased with the evening's entertainment, all expressing the wish that Pearl might have several birthdays every year.

LONE ROCK.

Dr. Hunlock came over and took his family back to Heppner last week.

The photographer has not gone from here as we reported by mistake last week but we hear he is going away this week.

The Eastern cow man, Reynolds, is having his cattle driven to Arlington this week which he has just been buying here.

The small pox scare is getting pretty well over and a good many people are inclined to think that a scare was about as near as the ailment got to the genuine small pox.

Chas. Stevens got back from his horse selling trip to the Valley, the first of the week and reports having disposed of his 30 head of horses at satisfactory prices he left Morgan Ward down near Albany as he had not disposed of all his horses at that time, but is expected home in a few days.

Mrs. Carrie A. Andrews wife of T. J. Andrews died at her home in Lone Rock on July 28 1899. Dr. Luna of Condon, and Dr. Hunlock of Heppner were summoned but the condition of the poor woman was such that medical skill was of no avail. She leaves a husband and three children to mourn the loss of a loving mother and devoted wife. The oldest of the children is but eight while the youngest is but an infant only a couple of days old at its mother's death. It might well be said that this entire community has one great heart ache of sympathy for the bereaved family. The funeral took place on Saturday under the K. of P. ceremony of which Mr. Andrews is a member.

LOST VALLEY.

Heidman and McWillis Bros. are here with a lot of horses which they intended to ship to market from Heppner. The small pox quarantine at that place will cause them to change their plans and ship from Arlington.

Mr. and Mrs. Frizzell went to Fossil Sunday. The Misses Smith of that place who had been visiting here accompanied them home.

We wonder what kind of "Spring water" that brilliant correspondent of the Oregonian drinks when he writes up crop prospects of Gilliam county. His 6000 acres of land don't fairly represent the banner county by a jugfall.

The following new officers of Summit Lodge No. 140, I. O. O. F. were installed on Wednesday night of last week: N. G. H. L. Propst; V. G. S. A. Pattison; Secretary, R. McKinney; Treasurer, H. N. Frazer. District Deputy Grand Master, H. N. Frazer acted as installing officer.
