D. S. Brown and family returned last week from their summer outing in the mountains and report a good trip barring the extremely cold, wet weather. They spent considerable of their time at the McDuffy Hot Springs. The trip was very beneficial to Miss Nellie, who is now almost recovered from her late serious illness.

Arthur Ames came over from Columbus, Washington, last week and spent a few days visiting his sister, Mrs. Sam E. Van Vactor. MARRIED—At Spokane, Washington, Thursday, September 7, 1899, Mr. Clarence A. Shurtle, of the well known Shurtle & Weir Co., of this city, and Mrs. N. A. Barnhardt, formerly of this place.

Through the efforts of the Arlington Warehouse Co. arrangements have been made to receive all the wheat grown on the Washington side of the river. They will have platforms and scales and sufficient men to unload and receipt for the wheat the same as if it were delivered in Arlington thus enabling farmers to return home without delay. They have also leased the warehouse of Balfour, Guthrie Company and will operate both as one to the best interests of the wheat growers. This arrangement will be very beneficial to Arlington as it will bring many farmers from the other side who would otherwise drive to Mabtown with their grain.

They Behaved Well Here.

Ed Nelson, perhaps the best known livery man in Oregon, brought a load of sports over from Condon to make hay while the sun shone here this week. They returned Thursday.—Fossil Journal.

This is a shock. The only passengers Mr. Nelson took to Fossil on the occasion named were Prof. J. H. Ackerman, State School Superintendent, and Prof. C. W. Durrette, who was instructor in the teacher's institute at this place and at Fossil. These gentlemen both behaved themselves splendidly while here and they both came highly recommended as to morality and good character. And to think that they would go to Fossil and get "sporty". Well, well! It's an awful warning of what environment will do to a man. But we would never have believed that Fossil could have had such a terribly ruinous influence on two such excellent gentlemen in so short a time. Wonder if they "made a winning".
