"For the Sake of Fun Mischief is Done."

A vast amount of mischief is done, too, because people neglect to keep their blood pure. It appears in eruptions, dyspepsia, indigestion, nervousness, kidney diseases, and other ailments. Hood's Sarsaparilla cures all diseases promoted by impure blood or low state of the system.

THOUSANDS WERE THERE.

It Was a Blaze of Brilliancy, and Steinbach Was Congratulated.

One of the events of the season was the recent grand opening of A. B. Steinbach & Co.'s new clothing store, corner of Fourth and Morrison streets, Portland. It was a scene of splendor and 15,000 pleased people inspected it. The new store is large and roomy, light and airy, and its elegant oaken counters are piled high with a fresh, latest-style stock of men's and boys' clothing and furnishing goods. Everything sold at Mr. Steinbach's store is always known to be durable and first-class in every respect If you drop the firm a line they will send you free samples of suitings and rules for self-measurement, so that you can order clothing that will fit perfectly and be equal to custom-made, at ready-made prices. In boys' clothing, the firm excels, especially in $5 special school suits. Visitors to Portland are cordially invited to call at the Steinbach store and make themselves at home

The railroad coal mines in the Pittsburg district are being operated to their fullest capacity. Operators in some parts of the field are complaining of scarcity of cars and also a lack of men. One of the largest operators in the district said that from present indications the tonnage of the northwest shipped over the lake this season will reach 6,000,000 tons. The shipment last season amounted to about 4,500,000.

Like the Admiral.

Mrs. Stubb—John, is that you coming home at such an unearthly hour?

Mr. Stubb—Yes, M-Maria; the club had a little D-Dewey toast tonight.

"Well, you remind me of Dewey."

"In w-what way, M-Maria?"

"A long time coming home."—Chicago Evening News.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

ALONG THE COAST.

Items of General Interest Gleaned From the Thriving Pacific States.

To Heart of Interior.

Plats were filed Monday at the land office by the O. R. & N. for 20 miles of right of way along the middle fork of the Clearwater from Kamiah, says the Lewiston Tribune. This right of way was purchased some months ago by the company at a time when the big railroad fight began. For many years it was considered that the middle fork of the Clearwater provided the only approach to the pass through the Bitter Roots, and when the Northern Pacific declared its intention of building the Butte cut-off, it is said the O. R. & N. hastened to appropriate the right of way along the middle fork. Another explanation of this move on the part of the Oregon company is that the Burlington line has intentions of soon extending its lines west from Billings, Mont., and that the O. R. & N. has secured the right of way leading into the heart of the interior Clearwater country, and will perhaps remain contented with the possession until the further development of that region justifies the construction of a road there.

Cheese Outlook.

P. McIntosh, of Tillamook, who manufactures more cheese than other any man in the Northwest, speaking of the outlook in Tillamook county for a large production of cheese, says: "The spring and summer this year were not especially good, as the rains continued so late and the weather so cold that the grass was not given a chance to grow. August rains have had the opposite effect, and the fall promises well. The fall grass had already attained a good growth at the time that is usually the driest of the year, and it shows in the increased production of milk. Everything points to the probability of a good fall. Prices will be good or even better than in some time past, as there is a shortage in Eastern states, and the cheese imported will come at a high figure. It now looks as though there will be a good advance between now and January."

Baker City's Progress.

The Citizens' bank building is progressing favorably. The bank will cost in the vicinity of $20,000, and the work will be pushed rapidly. The entire edifice is expected to be completed by January 1, 1900. Almost another $20,000 is going into a handsome building which will be of brick, namely, the N. C. Haskell structure. And still another, only four blocks from the Citizens' bank, where the foundation for the Houston five-story hotel and opera house is laid.

A New Asbestos Find.

A vein of asbestos has been discovered in Idaho county, Idaho, which is reported as being of the very finest quality and has a market value of 60 cents a pound. With all the big things in that section of country an asbestos mine is not amiss and will add to the wealth of the state.

Prospective Shipyard.

C. G. White, of California, has been in Everett, Wash., for the past week trying to make arrangements for the establishment of a shipyard. He says he has contracts in sight valued at about $200,000 already. He wishes to have a free site and a subsidy of $250,000.

Fort Stevens Railroad.

The authorities of Fort Stevens have received permission to proceed with the construction of a line of railroad 800 feet in length, to connect with the line of the Astoria & Columbia River railroad. Contracts aggregating $80,000 have been let for work at Fort Stevens.

Stone Powder Magazine.

The Basche Hardware Company, of Sumpter, will let a contract to John Braun for the construction of a stone powder magazine. J. W. Crowden will erect a three-story rooming house which, with other improvements, will cost about $5,000.

A Heavy Order.

An order for 400,000 cases for a Puget sound cannery has been received by the Pacific Sheet Metal Works of Astoria. The present indications are that the factory will run full time for the next two months at least.

Pacific Coast Chat.

Eight ships will be necessary to carry the salmon catch of British Columbia to Europe.

Officers of Whatcom, Wash., are arresting saloon keepers of that place for violating the Sunday-closing ordinance.

About $800 is being expended in the gymnasium and baths of the Seattle Y. M. C. A.

A large amount of fruit is being placed in cold storage for the Walla Walla fruit fair.

The university of Washington, at Seattle, opened its fall year with a largely increased attendance.

Hobos held up two pasengers on a freight train at Selahin, Yakima county, Wash., the other day, while the train crew was at dinner. From one they secured a watch. The other had $100 concealed in his shoes, which the bandits did not discover.

Moran Bros., of Seattle, received a check for $75,000 from Uncle Sam, Friday, in part payment for their fitting out of our transports which carried horses and supplies to Manila from the Sound.

Governor Rogers, of Washington, has received a letter from a lady in Clallam county, informing him of the first birth of triplets in that county, Mr. and Mrs. Arthur Seely being the parents. The children are two girls and a boy, and the governor is asked to name the boy.

The natural oyster beds at Samish bay, Puget sound, are being destroyed by lack of attention and the star fish, and unless something is done for them soon they will become worthless.

The steamer City of Seattle has secured the contract for carrying the mails between the Sound and Skagway, Alaska, and will make three trips per month.

The bell at Point-no-Point, a little timbered sandspit south of Port Townsend, on the Sound, which has heretofore warned mariners in a fog, has been replaced by a deep-voiced fog whistle.

FINANCIAL SKY IS CLEAR.

No Disquieting Change Affects General Business.

R. G. Dun & Co.'s weekly review of trade says:

The sky is still cloudless and no disquieting change has come during the week. In spite of more warlike news about South Africa, the bank of England behaves as if the worst possible had been fully provided for, and this country has no reason to fear trouble from that source unless English markets have been so overloaded as to need help. The marketing of domestic products, both farm and manufactured, continues surprisingly large for the season. The new possessions, taken together, are returning in revenue already more than it costs to clean and govern them. The West and South still behave as if it would be impertinent for New York to offer money for crop moving, and are still bidding for commercial loans here. Failures are few and strikes scarce and readily settled, and the passage of September 4 without pressure means reasonable safety for months ahead.

After a sharp decline wheat has risen ¼ cent this week, with Atlantic exports 2,900,966 bushels, flour included, against 2,325,100 bushels last year, and Pacific exports, 364,256 bushels, against 168,192 bushels last year.

Corn has also taken a start upward, rising ¾ of a cent with exports of 3,051,569 bushels, against 2,431,085 bushels last year.

The wool market is much less active than of late, with sales of only 9,265,200 pounds at the chief markets, mostly territory, and while prices are stiff, manufacturers are buying only for immediate needs.

Failures for the week have been 133 in the United States, against 164 last year, and 30 in Canada, against 16 last year.

SUFFERED 25 YEARS.

Congressman Botkin, of Winfield, Kansas.

In a recent letter to Dr. Hartman Congressman Botkin says:

"My Dear Doctor—It gives me pleasure to certify to the excellent curative qualities of your medicines—Pe-ru-na and Man-a-lin. I have been afflicted more or less for a quarter of a century with catarrh of the stomach and constipation. A residence in Washington has increased these troubles. A few bottles of your medicine have given me almost complete relief, and I am sure that a continuation of them will effect a permanent cure. Pe-ru-na is surely a wonderful remedy for catarrhal affections. J. B. BOTKIN."

The most common form of summer catarrh is catarrh of the stomach. This is generally known as dyspepsia. Congressman Botkin was a victim of this disease 25 years. Pe-ru-na cures these cases like magic. Address Dr. Hartman, Columbus, O., for a free book.

The microbes that cause chills and fever and malaria enter the system through mucous membranes made porous by catarrh. Pe-ru-na heals the mucous membranes and prevents the entrance of malarial germs, thus preventing and curing these affections.

Three hens belonging to Dr. Shaw, of Russellville, Ky., are high flyers. They recently ascended 200 feet in the air in pursuit of a hawk. When the noon whistles blow they quit scratching gravel and hasten home to dinner.

Old Beliefs Revived.

The colored people of Chattanooga, Tenn., and vicinity have inaugurated the ancient voodoo dance and the entire negro community has gone wild on the subject. They congregated from as far as Alabama and Mississippi to participate in the weird exercise and worship. The city is full of excited colored people, drawn there by the news which has gone forth. The other night several hundred of the negroes danced to the accompaniment of tom-toms and other like instruments.

The applicants for membership in the band take their seats in the middle of a dark room. There they wait until a vision is seen and they immediately arise and relate it. If the dream is horrible enough and suits the lookers-on the negro is admitted into fellowship and at once begins his dance with the others. The voodoo worship has assumed such alarming proportions that the attention of local officers of the law has been called to it, and a stop will probably be put to it before another dance takes place.

HOW TO TRAVEL.

Information for the Public.

In selecting your route to the East you cannot afford to overlook the advantages and comforts offered by the Rio Grande Western Railway in connection with the Denver & Rio Grande and Colorado Midland railroads. It is the only transcontinental line passing directly through Salt Lake City, and in addition to the glimpse it affords of the Temple city, the Great Salt Lake, the salt palace, and the picturesque Utah valley, it offers choice of six distinct routes to the East and the most magnificent scenery in the world. A double daily train service and through Pullman palace and ordinary sleeping cars, free reclining chair cars and a perfect dining car service are now in operation via these lines.

For pamphlets descriptive of the "Great Salt Lake Route," apply to J. D. Mansfield, general agent, 253 Washington street, Portland, Or.

Improved Train Equipment.

The O. R. & N. and Oregon Short Line have added a buffet, smoking and library car to their Portland-Chicago through train, and a dining car service has been inaugurated. The train is equipped with the latest chair cars, day coaches and luxurious first-class and ordinary sleepers. Direct connection made at Granger with Union Pacific, and at Ogden with Rio Grande line, from all points in Oregon, Washington and Idaho to all Eastern cities. For information, rates, etc., call on any O. R. & N. agent, or address W. H. Hurlburt, General Passenger Agent, Portland.

What It Meant.

In one of the suburbs of Philadelphia there is a school principal who is a very kindly man. He is noted particularly for his love of animals, and he never neglects an opportunity to lecture his young charges on his pet hobby.

The other day he told them all about vivisection and how, in the name of science, it entailed untold suffering upon dumb animals. At the end of his discussion, in order to make sure that his words had been fully understood, he asked:

"Now tell me what vivisection means."

"Please, sir," answered one of the boys, "it means trying it on the dog."—Judge.

Still More Counterfeiting.

The Secret Service has just unearthed another band of counterfeiters and secured a quantity of bogus bills, which are very cleverly executed. Things of great value are always selected for imitation, notably Hostetter's Stomach Bitters, which has many imitators but no equals for disorders like indigestion, dyspepsia and constipation.

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

The Housewife's Burden

Mrs. Ada M. Herr, of 439 N. Charlotte St., Lancaster, Pa., suffered terribly from female disorders. Her nerves became unstrung, she endured intense pain, the slightest labor wearied her and household duties became a burden. Frequent fainting and dizzy spells would come upon her and she would fall prostrate in a swoon. After trying several physicians without success Mrs. Herr began taking Dr. Williams' Pink Pills for Pale People. She says:

"The pills brought immediate relief, and after taking six boxes I was cured. Dr. Williams' Pink Pills for Pale People had done what all previous treatment had failed to do."

Sour Stomach

Back up a sewer, and you poison the whole neighborhood. Clog up liver and bowels, and your stomach is full of undigested food, which sours and ferments, like garbage in a swill-barrel. That's the first step to untold misery — indigestion, foul gases, headache, furred tongue, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. CASCARETS quietly, positively stop fermentation in the stomach, make the liver lively, tone up the bowels, set the whole machinery going and keep it in order.

Don't hesitate! Take Cascarets to-day and be saved from suffering!

Cascarets

"After I was induced to try CASCARETS, I will never be without them in the house. My liver was in a very bad shape, and my head ached and I had stomach trouble. Now, since taking Cascarets, I feel fine. My wife has also used them with beneficial results for sour stomach."
