BOMBARD THE REBELS

Navy Destroys Works on the Bay of Subig.

TOWN OF OLANGAPO RIDDLED

Krupp Cannon Which the Insurgents Were Working Was Blown Up by Landing Party.

Manila, Sept. 26.—The cruiser Charleston, the monitor Monterey and the gunboats Concord and Zafiro, with the marines and bluejackets from the cruiser Baltimore, left Cavite September 19, and, as already cable, proceeded to Subig bay to destroy an insurgent cannon there.

Owing to the bad weather, the operation was postponed until yesterday, when the warships for three hours bombarded the town of Olangapo and the entrenchments where the gun was situated. Men from the Charleston, Concord and Zafiro were then landed under a heavy insurgent fire, proceeding to the cannon, which was utterly destroyed by gunnison, and then returned to the warships. The Americans had one man wounded during the engagement.

While waiting in Subig bay for better weather, the Americans despatched Filipino reinforcements moving toward Olangapo. At 6:40 A. M. yesterday the Monterey began to advance upon the town, which was about three miles east of the monitor's anchorage. The Charleston, Concord and Zafiro followed. At 7:20 the Monterey opened fire with her secondary and main batteries; the Charleston and Concord joining immediately. At 7:30 the insurgent cannon answered the first shot passing close to the Monterey's smokestack. The gun was fired twice only.

The American bombarding then became general. At 9:30 the Monterey advanced to a range of 600 yards, using her main battery. Two hundred and fifty men were landed about 800 yards east of the cannon at 11 o'clock, under a severe Mauser fire.

The men from the Charleston were the first to reach the beach, but the Concord's men were the first at the gun, which they reached at 11:10. The cannon was found to be a 16-caliber Krupp gun, presumably obtained from the Spaniards. Meanwhile the warships continued to shell the shelving beach on the east and west side to silence the insurgent fire upon the sailors from the trenches skirting the beach.

Gunner Olsen exploded 50 pounds of gunnison in three discharges in the cannon, which had suffered from the fire of the warships.

The Americans then returned to the boats, the firing inland being kept up to protect the embarkation. The Concord's men were the last to leave the shore and the warships were reached at 11:50.

Cadet Brinzer, with the Concord's launch, armed with a gatling, did excellent work on the left of the landing party. Captain Meyers, of the marines, captured a muzzle-loading field piece. Lieutenant McDonald was in command of the landing party, and the movement was splendidly executed and controlled.

The numbers of the Filipinos there could not be ascertained, and no dead were seen.

The Monterey fired for four hours—21 shots from her 10-inch guns, and 17 from her 12-inch guns. The town, which was riddled with shells, took fire at several points.

STRUCK A REEF.

Transport Leelenaw Kept Afloat by Working Her Pumps Steadily.

San Francisco, Sept. 26.—The United States transport Leelenaw came into port today with the pumps steadily at work to overcome the effect of a hole in the ship's bottom. The Leelenaw sailed for Manila September 2, with a cargo of commissary stores and 200 horses for army use. After leaving this port distemper was developed among the horses, and so many of the animals died that the Leelenaw put into Honolulu and landed there the commissary stores and the surviving horses. The transport then started on the return trip to this city.

During the three days prior to reaching this port, so thick and constant was the fog that no observations could be taken, and, having lost her bearings, the Leelenaw struck a reef near Montara, 20 miles south of this port, last evening. She was for five hours stuck on the rocks, and when she finally floated off at high tide it was found that the jagged rock had torn a hole in her bottom.

It will be necessary for the Leelenaw to go in drydock for a considerable overhauling. In addition to the leak, the vessel was badly strained by her experience on the reef.

Lumber Barge Sank. Chicago, Sept. 26.—During a severe wind and rain storm this evening the steam barge Cleveland, laden with 100,000 feet of lumber, sank in the harbor near the mouth of the Chicago river. Captain Henry Davis and a crew of 11 men were rescued by tugs with considerable difficulty.

Tragedy in a Theater. Chattanooga, Tenn., Sept. 25.—Julia Morrison, the leading lady of the "Mr. Plaster of Paris" farce-comedy company, shot and killed Frank Leiden, stage manager and leading man of the company, at 8 o'clock tonight, at the City opera house, on the stage just before the curtain rose for the performance to begin. Three shots were fired at close range by the woman, all taking effect in Leiden's head. He sank to the floor and was dead in a few minutes.

\$500 TO THE PAN.

Such is the Report From Strike Near Ashland—\$20,000 This Season.

Ashland, Sept. 23.—One thousand dollars in gold was secured in two pans of rock pounded up and washed out one day last week at the Angle and Brown strike on Mount Sterling, about 20 miles south of Ashland, and just over the California line. An Ashland man who has just returned from the scene is responsible for the statement, which is not doubted by those who are acquainted with the richness of the lead, which is known as the Klondike. This claim is located near the summit of Mount Sterling, at an elevation of nearly 8,000 feet above sea level, and was accidentally discovered about a year ago by Messrs. Angle and Brown, the latter being a "pocket hunter" of experience. A small piece of rich float was found, and in tracing it up almost the first stroke of the pick into the ground uncovered a streak of very rich quartz and leaded the claim for them. They took out several thousand dollars in gold last year before the snows of winter drove them off the claim, the gold being pounded out in a hand mortar. This season it is estimated that the lucky miners have taken out not less than \$20,000 in like manner, and how long their lead will last no one pretends to know.

They have run a cut into the mountain for a short distance and have only followed the pay streak thus far to a depth of 20 feet. The gold is found in a porphyry formation or ledge which lies on the bedrock and pitches into the mountain at a considerable angle. The find has led to a large number of prospectors trying to duplicate it in the same section, but as yet without success.

COLLISION ON A BRIDGE.

Freight Trains Crash Together With Terrible Results.

St. Paul, Sept. 23.—A serious accident occurred on the Omaha railroad early today near Windom, Minn., four men being killed and three seriously injured, in a rear-end collision of freight trains on a bridge.

The dead are Engineer Rasmussen, Ireman Roberts, who died at 6 a. m.; Ireman Stratton and John Roberts, a traveling man from St. James, Minn. The injured, none fatally, are George Tew, engineer; John Yeoman, engineer; and Thomas Merrill, fireman.

The Omaha special freight train, standing on the bridge over the Des Moines river, near Windom, at about 11:30 last night, under what is supposed was a misapprehension of orders, was crashed into by another freight train drawn by two engines and composed of 25 heavily loaded cars. The bridge went down, carrying the engines and part of both trains, and as the water in the river was but four feet deep the debris caught fire, and heavy damage resulted, while four men met death in an awful form. Conductor Williams, of the train which was struck, died after the accident, after telling conflicting stories as to its cause.

August Commerce.

Washington, Sept. 23.—The foreign commerce of the United States in the month of August 1899, is the largest in the history of that month. The exports are nearly 25 per cent higher than those of August of the phenomenal year 1898, and 33 per cent higher than the average August in the years 1894, 1895 and 1896, while for the eight months of the calendar year ending with August they are the highest in our history. The total exports for the eight months ending with August, 1899, were \$792,595,383, against \$778,632,307 in the phenomenal year 1898.

Dreyfus Is at Carpentras.

Carpentras, France, Sept. 23.—Ex-Captain Dreyfus arrived here this morning, and went to the home of M. Valabregue, his brother-in-law. Although the arrival of Dreyfus at the home of his relative, who has been established as a cloth merchant here for a quarter of a century, was soon known no demonstration occurred. Mme. Dreyfus is expected here tonight. While Dreyfus' health does not permit of his receiving visitors, it is hoped the climate will restore his strength during the next few months, which he is expected to spend here.

Immigrants for Hawaii.

New York, Sept. 21.—A special to the Herald from Washington says: Immigration from the north of Italy and from Sweden is to be invited to Hawaii. The Hawaiian minister of finance was at the treasury department today to consult officials. He said that he was on his way to Europe to secure immigrants from among the best classes in Northern Italy and Sweden to Hawaii.

Struck for Spree Money.

Joliet, Ill., Sept. 23.—Five hundred laborers on section 18 of the drainage canal struck today. The contractors have been paying them twice a month, but, owing to the frequency of the sprees, which resulted from this, it was decided to pay monthly. The men objected, and struck. They are largely foreigners, and trouble is feared.

Lost in the Morgan City.

Washington, Sept. 23.—General Otis has informed the war department that six or eight bags of mail, sent by the transport Morgan City, were lost in the wreck of the vessel.

Gold From Europe.

New York, Sept. 23.—Reports are current in Wall street that the importation of gold from Europe is about to begin. It is said that \$100,000 or \$200,000 in gold has already been purchased in the open market in London for shipment to New York. It is said the National City bank is arranging to bring \$5,000,000,000 in gold from Europe and that Lazard Freres will probably import a large amount from Paris.

EXPOSITION NOW ON

Mammot Exhibit of Products of the Northwest.

INFORMATION AND RECREATION

The Fair Opening September 28 Will Run Day and Evening Until October 28.

The Oregon Industrial Exposition at Portland this year is going to be a grand combination of fair, hand concerts and thrilling performances by world-renowned performers.

All the products of the entire Northwest will be attractively exhibited. Grains, grasses, fruits, flowers, vegetables, etc., will all be shown, and manufactured articles will be attractively arranged.

The amateur photographers of the world will make a display of their work, and cash prizes ranging from \$5 to \$25 will be awarded. This art exhibit is going to be a great feature, and amateurs everywhere are invited to contribute to it.

The music at the exposition at Portland this year is going to be of the very best. Bennett's full military band will give both afternoon and evening concerts every afternoon and evening, and its music is really grand.

While the exposition at Portland has all the best features of a fair, the dull and uninteresting features are carefully cut out, and everything is made bright and interesting. The amusement feature comprises performances by the great Florenz troupe, this being their first appearance in America. The wonderful sisters Macarte will give thrilling performances every evening, and Major Ganz, the smallest man in the world, will be on exhibition, and there will be an immense merry-go-round for the children. There will be no lack of healthful amusements.

The immense exposition building has been made as pretty as a picture, and you can imagine what a scene of splendor it will present when illuminated by its 3,500 electric lights.

A new feature this year is a reproduction of Multnomah falls, the pride of all Oregon. It is 80 feet high, has the same rustic bridge as the original, and is worth coming miles to see.

Portland is a fine city to visit, and there are thousands of sights to see, and you can see many of them for 5 cents by riding all over town on the electric cars, which run everywhere. The price of admission to the exposition is kept down to 25 cents, and all the railroads and steamboats will carry people during the fair at specially low rates.

The Oregon Industrial Exposition at Portland is going to be one of the events of the year, and it is first-class in every respect. It spares no expense in being interesting and attractive, and has sold business men behind it. Its general committee of management comprises the following well-known gentlemen:

H. C. Breeden, president; I. N. Fleischner, vice-president; R. J. Holmes, treasurer; W. S. Struble, secretary; E. C. Masten, assistant secretary; H. E. Dosche, auditor; George L. Baker, superintendent; J. P. Marshall, Ben Selling, H. L. Pitcock, D. Solis Cohen, C. B. Williams, Dan McAllen, A. B. Steinbach, J. E. Thielsen, D. M. Dunne, R. C. Judson, L. M. Spiegl, Sig. Sichel, H. D. Ramesdel, R. S. Pague, General O. Summers, Colonel L. N. Day, George Fuller, E. S. Edwards.

THE FIRST MONTANA.

Six Companies Return on the Transport Zealandia.

San Francisco, Sept. 25.—The United States transport Zealandia arrived from Manila via Yokohama today, bringing on board six companies of the first Montana volunteers. A noisy greeting was extended to the returning soldiers, and whose safe arrival was announced by the blowing of steam whistles and the discharge of cannon.

Notification of the Zealandia's coming was promptly given, and tugs went out to greet the transport. One tug had on board a number of officials of California and of San Francisco, and members of the local reception committee, reinforced by a brass band. The other carried Governor Smith, of Montana; United States Senator Carter and a party of Montanans, who were vociferous in their joy at beholding their soldier kith and kin once more.

The health of all on board is excellent, and there was but one death on the voyage, that of James Ashton, Fourth United States cavalry, who died September 19 of pneumonia. Aside from this case there was no sickness or board the transport during the trip.

Otis Becomes a Catholic.

New York, Sept. 23.—Aprons of the charges of vandalism in Catholic churches in the Philippines by American soldiers, a correspondent of the Times calls attention to the fact that in a recently published book issued by a Paulist father a list is given of "American Converts from Protestantism," in which appears the name of Colonel E. S. Otis, United States army.

The Venezuelan Revolution.

New York, Sept. 25.—A dispatch to the Herald from Port Spain, Trinidad, says: The Venezuelan government is concentrating its eastern forces at Guayra to meet the revolutionist troops under General Mata. A decisive engagement is expected to take place very soon. It is reported that the reason President Andrade returned to Caracas was that he feared treachery on the part of two generals who are believed to be in sympathy with the revolutionists.

Encio Collis Got It.

San Francisco, Sept. 25.—The Chronicle says: Definite and reliable information sent to the Chronicle from the East sets at rest the rumors about the sale of the Crocker holdings of Southern Pacific stock, and ends speculation as to the purchaser. The Crocker shares, numbering 340,000, and valued approximately at \$10,000,000, have been bought by a syndicate of which C. P. Huntington was the promoter and is the head, and of which the Speyers, of New York, are the bankers.

SALEM MILL BURNED.

Loss on Buildings and Grain About \$150,000.

Salem, Or., Sept. 25.—The mill and elevator warehouse of the Salem Flouring Mills Company, located at the corner of Commercial and Trade streets, were destroyed by fire at 4 o'clock this morning. The fire loss is about \$150,000, a large part of which will fall on farmers who had grain stored at the mills. There was over 125,000 bushels of wheat stored in the buildings, only about 25,000 bushels of which belonged to the mill company.
