Obituary.

DIED—Sunday morning, December 10, 1899, Mrs. Martha (Cox) Huxley, wife of W. L. Huxley, of Ferry Canyon, aged 19 years 7 months and 15 days.

DIED—On the same date, Lester Lewis Huxley, infant son of the above, aged 17 months.

Mrs. Huxley was born in Sumner county Kansas but had been a resident of this county for several years. She leaves a husband and a three-month-old baby besides a father, two sisters and one brother to mourn her departure.

Since the birth of her youngest child, three months ago she has never been well and her trouble rapidly developed into quick consumption. The kind hearted people of Ferry Canyon and Condon did all they could to lighten the burden of the bereaved husband and father who, with his helpless babe, has the sympathy of all.

The funeral occurred on Monday at this place, mother and child being laid to rest in the same grave. The funeral services were conducted by Mrs. Carrie Hurlbut.

One on the Highwayman.

A little the best joke ever perpetrated on a bold bad highwayman was that practiced by Dr. Hutchinson, government inspector at Troutdale, one night last week in Portland. The doctor rode into the city on a freight train and jumped off at the steel bridge. Here he was held up by a foot pad but it happened the doctor did not have a cent with him. After "going through" his victim the bad man turned away in disgust when the M. D. who happens to be a trained athlete, grabbed the fellow from behind, took his gun away from him, went through his pockets and took \$3.15 from him. He then turned his victim loose, called a cab and rode to his club in splendor.

Telephone to Lost Valley.

Herbert Halstead was in from Lost Valley Monday. Mr. Halstead reports the telephone between Condon and that point an assured fact. He has already had the poles cut and the line will be completed and put in operation as soon as possible. For the present wire fences will be utilized wherever possible and the gaps will be filled in with poles and wire. All the principal ranches in the Trail Fork district will be connected with the line and will thus be placed in "hello" touch with the outside world. The line will prove a great convenience to the people of that thriving section.

Condon Telephone Exchange.

Mr. Bryant, superintendent of construction work for the Inland Telephone Co., is here this week looking after the building of the Condon exchange. Almost every business house in town has taken a 'phone and many residences will also be on the circuit. It will soon be possible for Condon people to "saw" each other to their heart's content by wire.

Dangerously Injured.

John Gross met with an accident at C. W. White's place, on Trail Fork, last Saturday morning which resulted in dangerous if not fatal injuries. A lot of wild horses had been corralled and Mr. Gross was standing on the outside of the corral fence while another man was attempting to rope one of the animals. The horse, frightened at the rope, jumped the fence, carrying with it the heavy top pole which struck Mr. Gross a terrific blow on the side of the head, rendering him unconscious. The scalp was not cut but the skull was fractured and so heavy was the blow that the blood gushed from his nose and mouth. He was carried to the house and was thought to be dead and it was some time before any signs of life were shown. Mr. White came for Dr. Luna and later Dr. Shaw was summoned from Fossil. All that was possible was done for the injured man but at this writing he has not yet regained consciousness.
