SHOVEL AND PICK

Boers Working Incessantly at Their Trenches.

FLANK ATTACKS ARE DIFFICULT

Battle on the Tugela River Is Expected Soon—Extent of the Dutch Rising.

London, Jan. 6.—This morning's news throws little further light on the war situation. The exact position at Mafeking and Cybergat is not yet clear but in any case those little engagements are of small importance beyond proving that the British forces are beginning to attain a great degree of mobility.

It is fully expected that next week will see a heavy battle on the Tugela river, which is now the real pivot of the campaign.

The Boers appear to be working incessantly with shovel and pick. Lord Methuen's cavalry scouting has developed the fact that the Boer intrenchments extend some 40 miles, far overlapping the British positions and making flank attacks exceedingly difficult. Military critics affirm that the Boer trenches confronting General Buller stretch away some 17 miles, and that work upon them is pushed unrelentingly.

While the advance is delayed, flank movements are rendered most difficult because long marches are not done with celerity, and it is hard to time an attack with certainty.

The extent of the Dutch rising may now be measured by taking a line from Prieska, on the west, to Herschel or Barkly, on the east. Along the whole of this line, except at points actually occupied by the British, the population seems for the most part hostile.

New redoubts are being built at Kimberley, and 17 miles of works now encompass the town.

The war office has invited Sir William Thompson to accept the post of chief surgeon to the forces in South Africa, instead of consulting surgeon.

Pitcher Falls Back.

Belmont, Jan. 6.—Colonel Pitcher, it is officially announced, being only on a raiding expedition, and for military reasons being unable to occupy Douglas permanently, has evacuated the town, bringing off all the loyalists. He has now returned safely to a close proximity to Belmont. When he announced the necessity of evacuating the place, the inhabitants declared their lives were not safe five minutes after the troops left. Pitcher, therefore, invited them to accompany him to Belmont.

The vehicles of the town were totally inadequate to convey the refugees, so the troops gave up the transport wagons to the women and children.

ANOTHER STEAMER SEIZED.

And Emperor William Thinks It Is Going Too Far.

Berlin, Jan. 6.—The imperial mail steamer General has been detained at Aden, and occupied by British troops, with the object of searching her cargo, which is to be discharged. The General is owned by the German East African line.

The seizure of the General has considerably aggravated the situation here, and the indignation against England is intensified. The government is still earnestly endeavoring to preserve correct official relations, but England will do well to hasten to make the "amende honorable" to Germany.

On an absolutely reliable authority, the correspondent of the press learns that Emperor William is now thoroughly aroused by the repeated seizures of vessels, not one of which, he has been assured, is guilty of carrying contraband. He regards the seizure as high-handed proceedings, which England would not have dared to undertake if the German navy were more powerful than it is.

Hanna Says No.

Cleveland, O., Jan. 5.—Senator Hanna declared today that, although he had been urged to stand for the permanent chairmanship of the next Republican national convention, he would not do so.

Missionary Killed by Chinese.

Peking, Jan. 4.—The Rev. Mr. Brooks, of the Church Missionary Society, stationed at Ping Yin, in the province of Shan Tung, was captured and murdered December 3 by members of a seditious gang called "boxers," who have been active lately in destroying many villages and killing native Christians. The governor of the province has dispatched a force of cavalry to the scene of the disturbance, but the soldiers arrived too late to save Mr. Brooks.

SENATE TAKES IT UP.

Opening of the Debate on the Financial Bill.

Washington, Jan. 4.—In accordance with the notice previously given by him, Senator Aldrich today opened the discussion of the financial bill with the explanation of a substitute for the house bill. The subject was carefully prepared and was read from manuscript. It was delivered in clear and distinct language, but without any effort at oratory. Senators present gave him careful attention, but no one interrupted him with questions or otherwise during the delivery, nor did any one manifest a disposition to reply after he had concluded. The senate adjourned for the purpose, it is understood, of giving those who may wish to reply to the Rhode Island senator an opportunity for presentation of the subject.

The Pettigrew resolution concerning the Philippine war went over until Monday, when it is understood some senators will be asked to be heard on the Philippine question. Senator Beveridge also gave notice of a speech for Tuesday on the Philippine question, prefacing his notice with a resolution declaring his own position on the subject.

The house sitting was very brief again today, the only incident being the adoption of the Suizer resolution introduced yesterday calling upon Secretary Gage for information regarding the deposit of government funds in certain New York national banks. The resolution, as adopted, was made more general in its scope and an amendment was added to cover information respecting the transactions relating to the sale of the New York custom-house site. Secretary Gage's friends had been informed that he courted the fullest investigation, and was prepared to submit all the facts to congress. Accordingly there was no friction over the passage of the resolution, which was unanimously adopted.

RUNAWAY TRAIN.

Thrilling Experience of Passengers on the Chicago & Great Western.

Chicago, Jan. 6.—A special to the Chronicle from Galena, Ill., says: Travelers on a Chicago Great Western passenger train had a thrilling ride and a narrow escape from death at Galena Junction today. To avoid death the engineer and fireman of the passenger train jumped just as their engine crashed into the rear of a disabled freight train standing in a long tunnel. So great was the force of the collision that the passenger engine bounded back, and before the engineer and fireman could climb aboard the engine the train was going down a steep grade at the mouth of the tunnel.

The conductor was unable to use the air, and the train had run a mile, and within a hundred feet of a stationery freight train when stopped. Many of the passengers jumped, while others sought safety in the front coaches. The wrecked cars and the caboose in the tunnel caught fire and were destroyed. The engineer and fireman of the passenger train were both injured.

The Plague at Manila.

Victoria, B. C., Jan. 6.—The Manila Times, just received here, states that "it has been learned from various authentic sources that in many of our epidemic, bordering towns a serious epidemic, bordering on plague, is raging. The towns principally affected are Gaudelupe, Mandatogana, Pienda and Malahou, besides a number of other towns. The cause is said to be due to eating the flesh of animals which have died from disease. Whatever the cause, there is little doubt that a species of plague exists, which in most cases proves fatal. It is said that the disease carries off its victims within 38 hours from its attack, and in these country towns medical aid or supplies are not to be had readily, and then only in a limited way.

Boer Recruiting at Butte.

ALL ARE NOW FREE

American Prisoners Rescued From Filipinos.

SUCCESSFUL END OF PURSUIT

Remaining Members of Yorktown Party Believed to Be at Vigan—Campaign in Cavite.

Washington, Jan. 8.—After a silence of several days, General Otis is able to notify the war department of the complete success of the military operations in Northwest Luzon, the main object of which was the rescue of the American prisoners which the insurgents took with them in their flight.

Although General Otis does not specify Lieutenant Gilmore, U. S. N., by name, the wording of his message is taken to mean that that officer is among the list of rescued prisoners.

General Otis' message is as follows: "Manila.—Colonels Hare and Howes have just arrived at Vigan, Northwest Luzon, with all the American prisoners. Their successful pursuit was a remarkable achievement.

"Schwan and Wheaton are now with separate columns in Cavite province. Affairs in Luzon, north of Manila, have greatly improved. OTIS."

Rebel Stronghold Captured.

Manila, Jan. 8.—Advices from Magalang, province of Pampanga, report that Captain Conhauser, with three companies of the Twenty-fifth regiment, captured the insurgent stronghold of Comanche, on Mount Arayat, yesterday. Three Americans were wounded, but the enemy's loss is not known.

Three members of the Ninth and two of the Twelfth regiment, whom the insurgents held as prisoners, were shot and horribly mutilated. Three of them are dead and the other two are recovering. Captain Conhauser set fire to the barracks and the town.

TO BUILD TO GRANITE.

Railroad Company Organized, Stock Taken, Work Begun.

La Grande, Or., Jan. 8.—Articles of incorporation have been filed for the Hilgard, Granite & Southwestern Railway Company, with a capital stock of \$60,000 place of business, La Grande. The incorporators are: J. M. Church, cashier of the La Grande National bank; Robert Smith, manager of the Grand Ronde Lumber Company; J. M. Berry, merchant. At a meeting of the stockholders, the following officers were elected:

President, Robert Smith; vice-president, F. S. Stanley; treasurer, J. M. Church; secretary, E. W. Bartlett.

All the stock is subscribed, and President Smith has gone to Chicago to close arrangements for the construction of the railway from Hilgard, a point on the O. R. & N., seven miles west of La Grande, to Granite, a central point of the Eastern Oregon mining district.

It is announced by Secretary Bartlett that work on the preliminary survey will begin at once. The proposed route is about 60 miles in length, and follows the greater part of the way a water route up the Grande Ronde river. The road will connect the important mines of Eastern Oregon with the rich agricultural section of Grande Ronde, and it is assured that La Grande will be virtually the northern terminus.

Extensive bodies of timber lie contiguous to the route. The movement is hailed with great delight by La Grande people, who have faith in the financial ability of the incorporators to carry out the project. It is stated by officials of the company that one-half the capital stock was subscribed in Portland. The movement is regarded as one of prime importance in the rapid development of the mineral and agricultural resources of Eastern Oregon.

Another Island Taken.

Washington, Jan. 8.—The United States navy has taken possession of another island in the East. The news of the seizure was contained in the following dispatch:

"Cavite, Jan. 8.—On December 21, Wentslaugh, commanding the Albay (a little gunboat), hoisted the flag on Sibutu island and the chief dote provided and raised the pole. Natives and North Borneo authorities pleased. WATSON."

The island lies at the southwest angle of the boundary line of the quadrangle enclosing the Philippine group. It is probably outside of the line, and lies very near the coast of Borneo, commanding the principal channel, but is not one of the islands of the Philippines. The sultan of Jolo, whose group is close to this island, is believed to claim jurisdiction over it, and as his authority is recognized by the native tribes on the north coast of Borneo and vicinity, it is believed his claim is well founded. It was probably at his instance that the naval officer commanding the gunboat moved.

Trainmen Killed by Dynamite.

Chattanooga, Tenn., Jan. 8.—Word has reached here of the killing of four men on the Tennessee Central railroad, eight miles from Rockwood. They were unloading dynamite when a quantity of it exploded.

Hale, of Eugene, Or., as district judge of Alaska, to fill the vacancy caused by the resignation of Judge Johnson. Judge Hale was once judge of the first district of Oregon, and has strong indorsements from all of the circuit judges of the state, as well as the judges of the supreme court, and from prominent Republicans.

MAKES ONE'S FLESH CREEP.

Wholesale Cannibalism in the Congo Free State.

New York, Jan. 8.—A special to the Times from Nashville, Tenn., says: The Southern Presbyterian board of missions in this city received letters today from Rev. L. C. Vass, and Rev. H. P. Hawkins, missionaries of the church stationed at Luebe, Congo Free State, Africa, giving accounts of the burning of 14 villages and the killing of 90 or more natives by state troops. They report that some of the victims were eaten by cannibals, and that the bodies of all who were slain were mutilated, their heads having been cut off.

Mr. Vass was formerly of Newbern, N. C., and has been engaged in mission work at Luebe since February 18, 1899. Mr. Hawkins was formerly at Vicksburg, Miss. Mr. Vass states that tidings of raiding by the Zappo Zaps in the Bena Kamba country having reached them, and the work of the missionaries being threatened, the Rev. Mr. Sheppard was sent to make an investigation. He went to the Zappo Zaps' camp and found that 14 villages had been destroyed by fire and plundered. He saw 47 bodies lying around the camp. From three bodies the flesh had been carved and eaten. The chief said that 80 or 90 had been killed and five persons eaten by his people.

Mr. Sheppard saw 81 right hands cut off and frying over a slow fire in order to be afterward taken back to the state officers. Sixty women prisoners were confined in a pen, and 16 had already been sent away prisoners. It is said the raid was ordered because the people could not pay the exorbitant tribute demanded by the state. The missionaries say that they reported the matter to the proper officials, and demanded the withdrawal of the troops, and that the chief instituted a counter prosecution on account of the charges made. The missionaries further say the Zappo Zaps are a tribe kept by the state for its protection. They are sent out to collect rubber, ivory, slaves and goats as tribute from the people, and can then plunder, burn and kill for their own amusement and gain. The missionaries say they are collecting evidence about the massacre, and will send it to Boma and to Europe. Mr. Vass says:

"The whole country is pillaged and not a village left standing. The people are in the bush. Tonight in a radius of about 75 miles there are possibly 50,000 people sleeping in the bush, unsheltered and weary, in the midst of a rainy season. The state is a terror to every one."

Executors' Big Fees.

Chicago, Jan. 8.—Robert T. Lincoln and Norman B. Ream, executors of the estate of George M. Pullman, were today allotted as compensation for their services the sum of \$425,000. The order was entered by Judge Bates in the probate court. This is said to be the largest amount in fees ever allowed executors of any estate handled by the probate court here.

Another order was made, fixing the widow's award at \$20,000. The final accounting of the executors of the Pullman estate is expected to be made next week. It is said that the estate, which was listed at about \$3,000,000 when the will was probated, will now figure up to nearly \$14,000,000.

To Send More Soldiers to Cape Nome.

Washington, Jan. 8.—At the cabinet meeting today, it was definitely decided to send additional troops to Alaska in the spring. The points to which they will be sent have not been determined upon, except Cape Nome, where it is estimated there will be 30,000 people as soon as navigation opens. This place is now without government of any kind, and some sort of a force will be necessary to protect the community against lawbreakers in the mad rush of people in the spring.

No Substantial Gains.

London, Jan. 8.—No "decisive" action is reported from South Africa this morning, military activity being confined to points of subsidiary importance. In the central theater of operations the British apparently have received no substantial gains. The only dispatch of dramatic interest is the narrative of useless gallantry
