The Globe will be glad to hear from farmers and others who are interested in this subject.

Obituary.

Ferry, the 5-year-old son of Mr and Mrs. A. S. Rice, died at his home north of town, at 10 o'clock Sunday evening of obstruction of the bowels. He was sick only a few days but such was the nature of the case that medical skill was unavailing to save his life. His parents have the heartfelt sympathy of many friends in their sorrow. The funeral occurred on Tuesday.

Cupid's Capers.

In his latest transitory trip across the continent cunning Cupid, the winged boy spirit, who is credited with holding a perpetual patent on the only cement yet discovered which is guaranteed to unite two fond hearts in such a manner that they thereafter throb as one, checked his flight at a point just over Condon, long enough to let fly a half-dozen darts, and the consequence was that within 48 hours six fond hearts in Condon were made to beat as three.

MARRIED—At the Condon hotel, in this city, on Saturday, January 6, 1900, Mr. Frank C. Patterson, of Fossil, to Mrs. Amelia Hunter, of Astoria, City Recorder Tatom officiating.

Mr. Patterson is well known all over this section of Oregon and has many friends who wish himself and his bride all manner of happiness and success on their matrimonial voyage. They will reside in Fossil.

MARRIED—In Condon, Sunday, January 7, 1900, Wm. T. Myers, of Condon, and Miss Millie Bartmes, of Fossil, Recorder Tatom again acting as master of ceremonies. Mr. Myers is well known here and has long been a resident of this vicinity and his bride is one of Fossil's fairest flowers. ARLINGTON.

The business men of this place are making a move to improve the road from here to Rock creek in a substantial manner. The plan is to grade the road, make it straight and then give it a dressing of fine gravel. The proposed improvements have been talked of before but only since the assurance of a line of steam boats on the river and a knowledge of the amount of wheat and wool that naturally belong to this shipping point, have the business men seen their way clear to put so much money into the roads as is required to make them first class, although this place has been very liberal in the matter of making roads, having spent large sums of money for that purpose in this county and on the Washington side of the river.

This is the only natural point on the Columbia river in this section of country for a good easy grade, in fact the only place where a road can be made with a grade less than 100 feet to the mile for the first ten miles. The people of Condon should look to this place as their
