

DEPUTY HIRE.

Eighteen months ago, when the county court passed an order allowing deputy hire in the clerk's and sheriff's offices, this paper took the position that the action was a wise one, believing there was ample work to be done to earn every dollar of compensation provided for under that order.

In taking this position the GLOBE realizes that it is espousing a cause which, at the present time is unpopular, but it also believes that much of the antagonism to the allowance of deputy hire is due to a belief that the work of the office has been almost cut in half by the division of the county. While it is true that we have lost considerable of our territory it is also true that what remains is rapidly filling up and being developed thereby keeping the amount of business to be done for the county up to if not above what it was when our territory was larger and our population was less dense.

The GLOBE has no axe to grind in this matter other than to advocate what it believes to be for the best interests of Gilliam county. We are as much opposed to political jobbery or robbery of the people by office holders as any citizen, but we are also opposed to the public demanding its work done for less than it is worth.

THE FLOURING MILL.

Another letter has been received from H. E. Trumble, of Lincoln, Neb., who, as stated in this column a few weeks ago, represents parties who own a \$15,000 flouring mill plant which they wish to move to some good town in the Oregon wheat belt. Mr. Trumble states in this letter that the mill has a capacity of 150 barrels per day and he asks what the town will do in the way of a bonus to help pay the expenses of moving the mill and setting it up at this place.

The article on Gilliam county, which was written for the New Year's issue of the Oregonian by the editor of this paper, is bringing inquiries right along in regard to the resources of this county. The writers generally want to know about our public lands and the opportunities for acquiring homes here and other information of like character. All these inquiries are answered to the best of our ability but such could no doubt be done better if the town had some sort of an organization to attend to such matters. There is room in this section of Gilliam county for twice as many people as are now here and it would be dollars in every Condon business man's pocket if it was fully settled up with as good a class of people as are now here.

The work can not be done without co-operation and if we would co-operate we must organize.

MAYVILLE.

About an inch of snow fell Monday night and at this writing it is still snowing. Miss Rudolph arrived from Oregon City on Tuesday's stage to visit relatives here. The young people are practicing for a drama to be given some time in the near future.

Mrs. Nancy Hawk died on the 15th inst at the home of her son, Henry, near this place. She was buried in the L. O. O. F. cemetery. A large concourse of friends and relatives followed the remains to the grave.

The Maccabees will give a grand ball here on Friday evening Feb. 2nd.

The young people of Mayville tendered Miss Laura McConnell a surprise party last Saturday evening at her home on Badger.

The Aid Society will give an entertainment in the near future. Proceeds to be applied to seating the church.

ARLINGTON.

The roads are getting some better since the rains have ceased and given the sun a chance to dry the ground.

Wm. Smith, of Croy, came in last week and bought \$500 worth of sheep dip to use in dipping his sheep which show some scab.

The fruit crop has a good chance to be caught by Jack Frost as the warm weather has caused the buds to advance too near the blooming point.

Times are somewhat more quiet since the horse sale has closed. John Conningham sold half a car of heavy horses last week to Portland buyers at a good figure.

Arlington voted a 10-mill special school tax last week indicating that they expect to have a good school next term. Nothing speaks better for a town than its schools. The first thing a stranger asks when he comes to your town is "What kind of a school have you?"

The wheat is almost ready to joint so the farmers say and if we have no freezing weather to kill it, the harvest will be earlier than usual and from all indications will be the heaviest for years.

ROCK CREEK.

W. P. French was doing business up the creek last week.

Ed Farnsworth was called to Hardman Thursday on account of his sheep mixing with Brown's. He returned Friday.

H. D. Randall is very ill at his home at Olex.

William Hurt is up again and returned to Arlington Friday.

Chas. Martin is laying the foundation for a new house.

A ball was given at the Wade hall at Olex and a very enjoyable time is reported.

Political Complexion.

As the time for primaries, conventions and election draws near there seems to be considerable interest shown by members of all the parties as to what the political complexion of the county is likely to be next June. There have been some radical changes in this county since last election. We have lost three entire precincts and parts of three others by the division of the county while the population of the remaining precincts has been increased by immigration to a number which will perhaps equal that lost by the erection of Wheeler county. Whether these changes in population will cause any changes in election returns remains to be seen and in order to give the politicians something to put in their spare time considering we give below the returns of the last election for the offices of governor, secretary of state, and justice of the supreme court, on the state ticket, and also the vote for the different county officers.

For Governor—Clinton pro, 28; Geer rep 554; King union 332; Lane reg. pro. 44. Sec. of State—Davis pro, 28; Dunbar rep. 228; Kincaid un. 332; Wakefield reg. pro. 32; Justice the Supreme court—Hackleman pro 20; Moore rep. 516; Ramsay un. 351. County.

The candidate first named was elected. The figures at end of line following dash show his majority.

Hawson rep. 456; Searcy un. 447-9; Mariner " 494; Weir " 444-20; Dyer " 609; Palmer " 288-321; Wilcox un. 571; Dannebaum rep. 359-212; Frazer rep. 669; Nott un. 240-419; Barker " 517; Dunn un. 382-135; Clarke " 506; Miller " 291-306; Kennedy " 559; McMorris " 329-232; Stewart " 506; Lieusallen " 303-263; Reedy " 548; Darling " 330-218.

An Ugly Charge.

Ed Warren, a young man who resides on Eightmile, appeared before Justice of the Peace Neale Monday and swore out a warrant for the arrest of Wm. Pierce, a well-to-do farmer of the same neighborhood, the alleged crime being rape and the victim being named as Mary Pierce his 14-year-old daughter. A warrant was issued and placed in the hands of Sheriff Wilcox and he at once dispatched a deputy to bring Pierce to town. He was brought in Tuesday but as it was necessary to subpoena a number of witnesses the case was continued until today at 2:30.

Mr. and Mrs. Wm. Cornett returned last week from a visit with friends in Morrow county.

Miss Ethel Parman has returned from her visit at Walla Walla. Her sister, Mrs. Julia Meyer and two children, of that place, accompanied her home and will visit here for a time.

C. N. Wilson and Charlie Brown having disposed of their interests in this county, left Thursday of last week for Oregon City where, it is understood, they will engage in the saloon business.

S. R. Baxter, formerly an employe in the Globe office, is now pounding anti-mony and shooting quoin in the Advocate office at Arlington.

Beat Out of an Increase of His Pension.

A Mexican war veteran and prominent editor writes: "Seeing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy I am reminded that as a soldier in Mexico in '47 and '48 I contracted Mexican diarrhoea and this remedy has kept me from getting an increase in my pension for on every renewal a dose of it restores me." It is unequalled as a quick cure for diarrhoea and is pleasant and safe to take. For sale by The Hudson Pharmacy, C. W. Crossfield, Mgr.

State Tax Levy.

The official statement of the apportionment of the state tax levy for the year 1900 has been received at the clerk's office. The levy is somewhat higher than that of last year, being 63-10 mills. The total amount of taxable property in the state is given as \$120,282,879. The amount of revenue required for state purposes is \$757,782.13. Of this amount Gilliam county will contribute the sum of \$4,333.79.

The Mother's Favorite.

Chamberlain's Cough Remedy is the mother's favorite. It is pleasant and safe for children to take and always cures. It is intended especially for coughs, colds, croup and whooping cough and is the best medicine made for these diseases. There is not the least danger in giving it to children for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by The Hudson Pharmacy, C. W. Crossfield, Mgr.
