Facts Nomen

Any article, whatever its merit, must be made known to the public by means of advertising. Advertising, however, though it can do much for a thing, cannot do everything. It may create a sale for a time, but in order to insure a lasting demand the thing advertised must have solid worth.

This is the case with Lydia E. Pinkham's Vegetable Compound. It has solid worth.

Women everywhere have learned

Women everywhere have learned this fact, and the result is that there is a lasting and absolutely unequaled demand for it. It has the largest sale of any remedy for female ills in the world, and this has been the case for years.

Pinkham claims nothing that she is not entitled to claim. She can do all not entitled to claim. She can do all that she says she can do, and her twenty years of experience make her advice invaluable. Her experience has been not only long but world-wide, and she has helped more women back to health than any one else in the world. These facts should, and do, have immense weight with all sensible women. Remember these are not wild statements but solid facts.

Facts About the Good Being Done by Lydie E. Pinkham's Vegetable Compound in Cases of Change of Life, Bearing-Down Pains, Etc.

"I had falling, inflammation and nleeration of the womb; backache, bearing down pains; was so weak and nervous that I could not do my own work; had sick headache, no appetite, numb spells, hands and feet cold all the time. I had good doctors, but none of them did me any good. Through the advice of a lady friend I began the use of Lydia E. Pinkham's Vegetable Compound, and after taking one bottle I felt greatly relieved, and by the time I had used several bottles was completely cured, so that I could do my work again. I am now passing through the change of life and using your Compound. It helps me wonderfully. I want every suffering woman to know what your medicine has done for me."—Mas. W. M. BULL, New Palestine, Mo.

"Lydia E. Pinkham's Vegetable

Bull, New Palestine, Mo.

"Lydia E. Pinkham's Vegetable Compound saved my life and gave back a loving mother to eleven children, which was more than any doctor could have done or any other medicine in the wide world. My trouble was childbed fever. The third day after my babe was born I took a chill, which was followed by a high fever. I would perspire until my clothes were as wet as though dipped in a tub of water. The chills and fever kept up for three days. My daughter got me a bottle of your Compound. The fourth dose stopped the chills, and the fever also disappeared. My life was saved. My age at this critical time was fortynine."—Lydia E. Boughars, Etna, Pa.

Facts About Two Cases of Falling of the Uterus Recovered by Lydie E. Pinkham's Vegetable

"I suffered for fifteen years without finding any relief. I tried doctors, but nothing seemed to do me any good. I had falling of the womb, leucorrhose, pain in the back and head, and those bearing-down pains. One bottle of Lydia E. Pinkham's Vegetable Compound did me so much good that I sent for four more, also two boxes of Liver Pills and one package of Sanative Wash. After using these I felt like a new woman."—Mrs. G. A. WINTER, Glidden, Is., Box 220.

"I was suffering with falling of the womb, painful menstruation, head-ache, backache, pain in groins, extending into the limbs; also a terrible pain at left of womb. The pain in my back was dreadful during menstruation, and my head would ache until I would be passed would ache until I would be nearly crazy. Lydia E. Pinkham's Vegetable Compound has given me great relief. I suffer no pain now, and I give your medicine ail the praise."—Mns. J. P. McSpadder, Rosenberg, Tex.

Grateful Woman Recommende Lydia E. Pinkham's Vegetable and to Every Wife

"I have taken eight bottles of Lydia E. Pinkham's Vegetable Compound with most gratifying results. I had been married four years and had two children. I was all run down, had falling of womb with all its distressing symptoms. I had doctored with a good physician, but I derived very little good from his treatment. After taking a faw bottles of your medicine, I was able to do my work and nurse my seven-months'-old babe. I recommend your medicine to every wife and mother. Had I time, I could write much more in its praise. I bid you Godspeed in your good work."—MES. L. A. MORRIS, Welaka, Putnam Co., Fla.

"DEAR MES. PINKHAM—When I commenced the use of your remedies I was very badly off. Every two weeks I was troubled with flowing spells which made me very weak. I had two of the best doctors, but they did not seem to help me. They said my trouble was caused from weakness and was nothing to worry about. I felt tired all the time; had no ambition. I was growing worse all the time until I began the age of Lydis E. Pinkham's Vegetable Compound. I am now able to help about the house, and am much improved in health."—Mus. A. WALKER, ballicoon Depot, N. Y. " DEAR MRS. PINKHAM-When I on Depot, N. Y.

of Interest in the Growing Western States.

E. W. Beachwood, of Tacoma, Wash. ceived a letter from R. J. Becker. at

"At present all lines of supplies, ex-cept dogs, are sufficiently plentiful. Lumber is \$250 per 1,000 feet, and hard to get. Milk and cream low, and rice and ham 50 cents per pound. Fuel will be short. Dog teams have cleaned the river and beach already. One hundred pounds, or a single sack,

of coal, when you can get it, costs \$50.

"For profit, canned meats is a good staple, but not flour or sugar. Never in history has there been such stam-peding. Bonanza district has been lit on as by grasshoppers, and now there is a grand rush for Koksadapagra.

"The big excitement is at Milk creek, 15 miles above Prince of Wales, York is attracting a big lot of attention, and good results are shown.

Above Cape Rodney is the latest, called New Eldorado district, and it is surely good, along with a three mile free gold bearing ledge of quarts. The trail is hot with people for this district. There will no doubt be a big stampede for Norton creek, as \$14 a pan is secured. Other creeks yield 10 and 15

cents at the surface.
"The beach is being worked with good results, and coarse gold at times shows up. Several \$5 and \$15 nuggets, and one worth \$37, were found about one and a half miles up, and on top of the ground."

Bonded for \$200,000.

What promises to be one of the richest mines in the whole Eastern Oregon district, and which heretofore has be practically unknown, was bonded today to Captain J. W. Heisner, of Baker City, for \$200,000. The property is situated on Dixie mountain, near Quartzburg, at the head of John Day valley. It is named the Yankee Boy, and consists of a group of six claims. Several veins run through the property of high grade ore. The formation of the ladgest is reconstructed. the ledges is porphyry, slate, syenite, granite and phonolite. The property is well developed by tunnels and shafts, and the ore is found in hematite and quartz. There is plenty of water and timber, water right and mill site.

To Use Street Car Track. The Lebanon, Or., paper mill com-pany has purchased a mile of street car rails, that were obtained years ago for extensions of the street car system in Eugene. The extensions were never made. The rails will now be put to use in the yards of the paper mill at Lebanon. In addition to this, negotiations are pending between the same parties for the purchase of the street car system now in operation at Eugene.

Trout From Lake Michigan. Tom Brown, superintendent of the Salmon river steelhead hatchery, and E. R. Greenman, deputy fish commis-sioner, left today for the hatchery site to begin work on the spring run. Mr. Greenman will remain there only a Downing, of the Clackamas hatchery, has received 100,000 trout from Lake Michigan, which he is feeding. These tront will be transplanted in Washington and Oregon waters. When full grown these trout weigh as much as 85 pounds.

An Incident of the Irish Rebellion of the Year 1798. In "Macmillan's Magazine," ©. Litton Faulkner tells the story of the "French Invasion of Ireland." Here is one terrible incident of a terrible

One pathetic picture remains of this last and terrible chapter in the abortive insurrection in Mayo in the record is a striking natural curiosity called weather conditions have rather favored the Poolnashanthana, a chasm nearly the retailer by enabling him to dispose half a mile in length, which cuts clean through the headland, and from the top of which the clear green water can be seen 80 feet below. Near the bottom of the chasm and along its whole length runs a ledge of rock, bare when the tide is out, but covered by many feet of water when it rises. The peasantry, returned from the rebellion. were busy one October day endeavoring to save the remnant of their neglected harvest, when suddenly the alarm was spread that the troops from Killala were at hand.

Well knowing what they had to expect from the terrible Fraser Fencibles, the rebel harvesters, surprise Wheat, including flour, shipments of the week aggregate 2,277,450 bushels, against 2,280,578 bushels last week, 4,114,046 bushels in the corremeans of a rope let down from the to of the cliff. It chanced that at the mo ment of the soldiers' raid the tide was selves that there was a place of safety in which they might find a temporary refuge, they descended to the ledge the rope being held for them by young woman, who was to return and release them as soon as the soldiers

Many hours they walted there, ex-pecting every moment that the rope would be lowered by their friend. But Many hours they walted there, exthough the soldiers had retired long ere the tide rose, the woman came not. Terrified by the presence of the milltary she had fled to the hills without re-

membering her charge, or apprising others of the hiding-place of these fiveand-twenty stalwart peasants. Night came on, and with it the re-morseless tide running high above the level of the ledge; and when morning Poultry-13@14c; dressed, 14@15c; dawned the villagers, looking down of the waves in the abyss of the Pool-

GOOD EFFEGTS OF SINGING.

Valuable Form of Exercise for Persons with Weak Lungs. Many medical men are now recommending their patients to study singing, which is a most salutary exercise, both by virtue of its influence on the emotions, on the respiratory movements and on the development of the lungs, says the St. Louis Globe-Democrat. Nothing better shows the bene ficial influence of singing in developing the chest and warding off lung disease than the freedom from pulmonary af-fections among professional singers. Hams—Large, 13c; small, 1814; Moreover, their general health is ex-breakfast bacon, 1216; dry salt sides, ceptionally good, and this is probably in a large measure attributable, not only to their necessarily careful plan Wheat — Walla Walls, 52@53c; of living, but also to the exercise of their calling. Some physicians maintain that for defective chest develop- pollen from other plants. ing is an unequaled exercise. The singer should be clad so as to allow absolute freedom of the chest movements; there should be no constriction of the neck or waist; the collar should be low and ample, and if corsets are worn they should be roomy and loose. One error into which singers, and especiall amateurs, fall, is to practice too much. The length of time to be given to the exercise depends much upon the character and condition of the voice. Specific rules cannot be given. Meiba, when asked how many hours of practice a day she would advise for a pupil, said: "No hours for a beginner, but minutes. I, myself, never practice more than one hour a day, and usually much less." Dr. H. Holbrook Curtis considers forty minutes or an hour of actual voice practice daily is quite sufficient to develop most voices. This time should be divided into periods of ten or fifteen minutes each. Regularity, and not long practice hours, which only fatigue the voice and wear it out, is the

GRAND RAPIDS, MICHIGAN, from whom all special information can be obtained. Write for instructive and interesting booklet, mailed free to all applicants. A Beautiful Creed. "The most beautiful creed of

heart is love of home." purity of the home is the hope of the nation." So says the Champion of Fair Play, "a journal devoted to the interests of the retail liquor trade." It was this same beautiful creed which drove the early crusaders out into the streets and into the saloons to do battle against home's greatest foe. It is this same creed which urges the home-keepers of the W. C. T. U. to "do everything" that organized motherlove can do to aid in destroying the destroyer. Does the retail liquor trade conduce to the purity of the home? With a saloon on every corner and the liquor power controling our laws, where is safety for our homes, what the hope of the nation?—Union Signal.

The great department store in Paris, A Michigan paper tens of the the "Bon Marche," has the biggest sion of a hot water bag. A doctor says: "I have often wondered that there have been so few accidents of this kind. People sometimes fill them with water hot enough to scald a person to death. More care should be taken and many accidents would be averted."

According to the annual report of the New York state board of charities there is a greater demand for girl babies for adoption than can be supplied. Nearly 400 families applied for homeless chil-
