J. M. Brown was in from Snipiton Monday. He reports cattle fat in his section and worth every cent of the price he asks for them.

Hostilities have been temporarily suspended in the Wheeler county goosequill war, but when Jim and E. M. get their wind again in good shape it is expected there will be a number of interesting rounds.

C. T. Pinkham went to Arlington Tuesday to meet his father, who has come from San Francisco to make his home in Condon. Mr. Pinkham, the elder, visited here last summer and made many friends during his brief stay.

MARRIED—On Sunday, April 9th, at the residence of City Recorder, E. C. May, in this city, Mr. Wm. Jost and Miss Emma Phillips were united in marriage.

Rev. Swift, of the Church of Christ, officiating. The friends of this young couple will join in best wishes for their future happiness.

Mrs. M. E. Hoxter, of Portland, was here the first part of the week in the interest of the Florence Crittenden Home in that city.

This work is a good one and has no doubt been the means of great good in all the large cities of the country. The work is under the direct supervision of the Women's Christian Temperance Union.

For the purpose of taking the census Gilliam county has been divided into four enumeration districts, as follows: Arlington, including the town of Arlington, Willow Creek and Blalock precincts; Condon, including the town of Condon, Ferry Canyon and Rock Creek precincts; Idea, Lone Rock and Matney precincts; Mayville, including the town of Mayville and Trail Fork precincts.

Fred Donaldson and Herman Pauling visited Fred's country home in the Snipiton district one night last week where Fred had business connected with the management of his estate.

The ladies of the Latter Day Saints church will give an entertainment and Basket Social, at Armory hall on Thursday evening, April 19. A "fish pond," in which the gentlemen may find partners for supper, will be a feature, and the price for supper will be fixed by the weight of fish "caught." A good time is assured and everybody is cordially invited to attend. Proceeds for benefit of the church. Ladies are invited to bring baskets.

They will reside at Arlington, where Mr. Munroe is engaged in business as one of the proprietors of the Grande hotel.

Capt. Whistler and Dr. Gullette went down to Thirtymile Sunday to make love to the fanny tribe which inhabit that stream. The gentlemen are both expert anglers and would no doubt have made a phenomenal "catch" had they not made the mistake of trying to catch leviathans with a trout line.

With every bite the lines snapped and the expedition was bootless and the fishermen fishless. They will borrow Van's heavy rope outfit—the one with which he supplied the editor's brain food last summer—some day, and try it again, and when they do we promise our readers a fish story which will be up-to-date in every particular.

WATCH CONDON GROW

The horse cart house, which stood near the southeast corner of Main and Summit streets, was moved 25 feet further south on Monday to make room for a new building which will shortly be erected on the corner.

It is understood that the new building will be occupied by Henry Cuendet who, with Charles Fix, will put in a first-class plant for the manufacture of soda water and other carbonated drinks.

Just watch Condon grow, will you?

Dunn Bros. have recently purchased 50 feet fronting on Main street just south of Sam Van Vactor's new office building.

The ground was obtained partly from Mr. Van Vactor and partly from J. H. Downing. The Messrs Dunn will erect a substantial iron business block on the site in the not distant future to accommodate their growing mercantile business.

It is rumored that a movement is on foot to provide Condon with a modern hotel. No particulars are obtainable at this time, but the report is current that the town is soon to have a modern, first-class hostelry which it is claimed is needed to accommodate the increased trade which the growth of the town and country is responsible for.

Keep your eye on Condon!

Caught a Dreadful Cold.

Marion Kooke, manager for T. M. Thompson, a large importer of fine millinery at 1658 Milwaukee Avenue, Chicago, says: "During the late severe weather, I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day."

One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at the time, which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once.

I am now entirely well and feel very pleased to acknowledge its merits.

For sale by The Hudson Pharmacy, C. W. Crossfield, Mgr.
