LOCAL NEWS.

J. H. Downing made a business trip to Lost Valley last week.

H. W. Pauling and Belle Darling visited friends at Lone Rock last Sunday.

Squire Wilkinson White of Trail Fork visited friends in town first of the week.

Prof. W. E. Neal, democratic nominee for school superintendent of this county was out from Arlington Friday and Saturday looking after his political fences.

Joe Young and his horse mixed up with a wire fence Friday night. Dr. Gullette stitched up a three inch cut in Joe's leg as a result of the mix up.

James and Ed. Dunn received a letter Friday from their old home in Michigan bearing the sad news of the death of their aged mother, which occurred on Saturday, the 14th inst.

Considerable wheat is moving toward the railroad lately, the farmers being anxious to have all the space possible available to receive the coming crop, which now promises to be unprecedented as to quantity and quality.

Mrs. J. H. Downing left for Palouse, Washington, on Friday, in response to a phone message notifying her of the death of her father, William Kennedy, which occurred that morning. Mr. Kennedy was 83 years old.

John A. McMorris informs us that he and a number of his neighbors are making arrangements to connect their ranches with Condon by a telephone line. The line will probably be constructed via the wire fences, as by insulating one wire a very satisfactory service may be established.

A card from Mrs. H. C. Strickland, who is in Chicago with her little daughter, Hazel, states that Hazel is recovering nicely from her last operation, which was performed recently in the Wesley hospital in that city.

H. N. Frazer returned from Portland Thursday, bringing with him his wife and little son Rollo. Rollo is recovering from his late accident and, his father says, stood the trip home better than any of them.

The social given by the ladies of the Latter Day Saints church in Armory hall, last Thursday evening, was quite a success. A good crowd was in attendance, and the receipts amounted to about \$20.

Oliver Nelson, a former resident of Ferry Canyon, but now a resident of Clatskanie, this state, was here last week visiting friends. Mr. Nelson is well pleased with his new location and looks prosperous and contented.

Mr. and Mrs. M. O. Clarke were called to Olex Monday morning by the dangerous illness of the youngest child of Mr. and Mrs. W. H. Snell. When the message was sent the life of the little one was despaired of.

Mr. and Mrs. W. J. Edwards and Mrs. L. G. Elleman were over from Mayville last Thursday attending the social. While in town Mr. Edwards filed his acceptance of the nomination for representative on the union ticket and he says he is going into the fight to win.

James Wilson, representing C. J. Stabling, of the Dalles, closed a deal with Charlie Fix Monday morning for the sale of the Model saloon and Mr. Fix is now owner of that place. Mr. Wilson left for the Dalles, Monday, via wheel to Arlington and Charlie has been looking pleasant and "saying something" to the boys all week.

Joe Harbin and Cash Simpson returned from Portland Sunday where they have been for several weeks on business connected with the sale of the new patent lifting jack of which Mr. Harbin is the patentee. They brought home with them a brass model of the apparatus which is the most complete appliance of the kind ever invented. They expect to return to Portland in about a week to close a sale which is already negotiated, which will represent a good many thousand dollars to them.

Wm. Corson, the roasting manager of J. A. Woolery's merchandise business at Lone Rock, was in town Friday evening on business. This was Mr. Corson's first visit to Gilliam's capital but he found so many friends here that it is not likely to be his last. "Billy" is well known all over Eastern Oregon, having been in business at different times at the Dalles, Ions and Heppner, and he has scores of friends wherever known. A proof of this is that on one occasion he was democratic candidate for treasurer of Wasco county and lost by only four votes, when the county was republican by about 800.

Mr. and Mrs. I. A. Henderson were in town Monday.

T. A. Brassfield was up from Clem Tuesday.

A pleasant dance was given Friday evening at the residence of Taylor Brandon in Ferry Canyon.

Wilbur Carl has bought the Washburn place in Trail Fork, consisting of 160 acres. Consideration, \$427.

John C. Meek and Allen Forkner are in this vicinity from Montana looking for 6000 or 8000 yearling sheep for shipment to the Montana ranges.

Rev. Healy and wife arrived here last Friday from Seattle. Mr. Healy will assume pastoral charge of the Congregational church at this place.

M. S. Quay, the famous political boss of Pennsylvania, was denied a seat in the senate on Tuesday by a vote of 33 to 52. Quay was appointed by Governor Stone after successfully holding up the legislature for months and preventing an election.

Box—Thursday, April 19, 1900, to Mr. and Mrs. Wm. Musgrove of Ferry Canyon, a full-blooded democrat. Bill says the boy is a handsome youngster, will vote the democratic ticket the first chance he gets, and will make a tip-top deputy assessor. Great schemer Bill is.

J. R. Ralston of Lone Rock was in town Monday and Tuesday on business. Mr. Ralston expects to leave, with his wife for a few weeks' visit to Albany and other points in the Willamette Valley. Mr. Ralston was one of the first settlers at Albany and helped to lay out the town.

Seven states will hold elections between now and November, as follows: Oregon, June 4; N. Carolina, August 2; Alabama, August 6; Arkansas, September 3; Vermont, September 4; Maine, September 10; and Georgia, October 2. All these will be taken as straws to see which way the wind blows, and each party will doubtless squeeze more or less encouragement out of the returns from all of them.

Newt Loudermilk of Marshall, Arkansas, arrived in Condon, Monday, with a view to locating here. He visited Gilliam county for a few months several years ago and, as is nearly always the case, he wanted to get back again. Mr. Loudermilk says the wheat crop prospect east of the Rocky mountains is not very promising.

It is held by the revenue collector that a 10c revenue stamp is required on each certificate of nomination. Several certificates have been filed already without the stamp. County clerk Fraser will attach the stamps if parties interested will send him the amount required in cash. Candidates should make a note of this as failure to comply with the revenue law may invalidate the nomination.

J. L. Vinson of Milton is here this week in the interests of the prohibition party. The town was billed Monday for a county convention to meet yesterday in the Congregational church for the purpose of nominating a full county ticket, but as only two or three persons attended no convention was held. Condon seems to be "long" on democrats, republicans and populists just now but woefully "short" on prohibitionists.

The new law office of Sam E. Van Vector is rapidly nearing completion. When finished it will be one of the neatest buildings in town. The front door is a work of art. On the frosted plate glass is an etching showing one of the most picturesque bits of scenery in Thirty-mile canyon, with Van on the bank of the turbulent stream in the act of landing the big trout which he caught last summer, that made him famous as a fisherman. The only fault that could possibly be found with the etching is that the trout is made to appear several times too small.

Mrs. Ida Cronch-Hazlett of Denver, Col., who is making a tour of the state in the interests of the proposed equal suffrage amendment to the constitution of Oregon, which will be voted on at the June election, will address the people of Condon on Saturday and Sunday evenings, April 28 and 29, on that question. This lady comes highly recommended and is spoken of in the highest terms by the press of every state in which she has spoken as a bright, entertaining, cultured speaker, and as a charming womanly woman besides. Even surly old bachelor editors praise her, and, taking their word for it, we feel safe in predicting that her audiences in Condon will be both pleased and instructed.

There are two things Condon people must learn to do if they would build up their town. One is to pull-together—friends and foes alike—for Condon every day in the week and allow no personal, political or sectarian feeling to have any influence when it comes to the good of the town. The other is to patronize Condon people whenever possible. Every dollar that any of us send to Portland or the East for goods, which our neighbors handle, is lost to Condon forever, while every dollar spent here helps our town and ourselves. If we would have a good live, enterprising town we, the people, must make it so and we can never do that by giving patronage to big cities that belongs at home. Two bits saved by such a method is often worse than thrown away.

The Best Remedy for Rheumatism.

QUICK RELIEF FROM PAIN. All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinks, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my arm and shoulder. I tried numerous remedies but got no relief until I was recommended by Messrs. George F. Parsons & Co., druggists of this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle, I was relieved of all pain. I have since recommended this liniment to many of my friends, who agree with me that it is the best remedy for muscular rheumatism in the market." For sale by Hudson Pharmacy, C. W. Crossfield, Mgr.

Almost two a minute.

(OUR LATEST FISH STORY.)

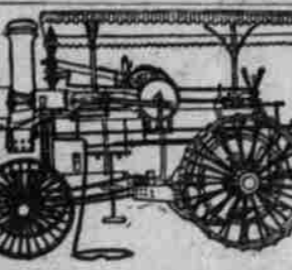

Herman Pauling went fishing in the picturesque stream called Rock Creek, in the halliwick of Lone Rock, last Sunday, and had the weather been warmer, the fish more plentiful and larger, and the time not limited he would no doubt have made a good catch. As it was he only angled 30 minutes and in that time caught 142 trout. A great many of the "speckled beauties" would weigh four and a few would weigh less than two pounds. Cash Simpson, who is somewhat of an unbelieveing cove, was disposed to question Herman's ability to take one and three-quarter trout off the hook and adjust his bait every minute, but when it was explained to him that the trout, when hooked, went up the line hand over hand and then slid down the pole into the basket, he quit kicking and admitted that he did not know much about fishing anyway. Herman will try it again during the season and hopes to do better next time. He may try to break the record if he strikes a streak of luck.

Caught a Dreadful Cold.

Marion Kooke, manager for T. M. Thompson, a large importer of fine millinery at 1658 Milwaukee Avenue, Chicago, says: "During the late severe weather, I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was asking Chamberlain's Cough Remedy for a severe cold at the time, which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits. For sale by The Hudson Pharmacy, C. W. Crossfield, Mgr.

Mrs. W. L. Bradshaw Dead.

Mrs. Bradshaw, wife of Hon. W. L. Bradshaw, died on Thursday of last week at her home in the Dalles, of tuberculosis. Mrs. Bradshaw had been ill for the past two years and her death was not unexpected. Her husband and one son survive her and to them will go forth the heartfelt sympathy of a host of friends. The funeral occurred at the Dalles on Friday.

Rough on Coyotes.

According to certificates filed with the secretary of state since May 4, 1899, 51,608 coyote scalps have been presented to the various county courts of the state in accordance with the bounty law by which the state is to pay \$2 for each scalp. As the law levying a special tax for this purpose was not complied with in Multnomah and perhaps some other counties, the state is without funds to pay the certificates, and their value will depend on an appropriation to be made by the next legislature. Harney county leads the list with 3923 scalps, Umatilla following with 2845, Malheur 2223, Lake 2148, Crook 2089; while Morrow, Wasco, Wheeler, Baker, Klamath, Grant and Gilliam show upwards of 1000 each. Polk shows the lowest number recorded, 8, while Multnomah furnishes 15. Union county records attest the fact that 863 of the "varnints" were exterminated within the county's borders in the time mentioned.—East Oregonian.

A Testimonial From Old England.

"I consider Chamberlain's Cough Remedy the best in the world for bronchitis," says Mr. Wm. Savory of Warrington, England. "It has saved my wife's life, she having been a martyr to bronchitis for over six years, being most of the time confined to her bed. She is now quite well. Sold by The Hudson Pharmacy, C. W. Crossfield, Mgr.
