THE CONDON GLOBE.

THURSDAY, MAY 31, 1900.

NOTICE.

The GLOBE invites correspondence from all sections of Gilliam county. We aim to make this paper the leading news medium of the county and invite our friends to assist us by sending in the news of their respective neighborhoods. Correspondence must be signed by the writer, not necessarily for publication, but as an evidence of good faith, and the editor assumes no responsibility for opinions so signed by correspondents.

EQUAL SUFFRAGE.

The equal suffrage amendment should carry at the election next Monday. It should carry because it is just and right; because the women of Oregon are intelligent, patriotic and sensible—a class of citizens in whose hands the ballot would be wielded for the public good.

Who will say that an American-born Chinaman, with his queue and his heathenism, his ignorance and his idolatry, is better qualified to take part in the affairs of government than an intelligent, educated, refined American woman? Who will say that the hordes of ignorant, semi-civilized emigrants who throng our shores from the countries of Southern Europe are more desirable as American voting sovereigns than are the wives and mothers and daughters of fair Oregon? Yet this is what the men of Oregon will say in effect if the amendment is defeated next Monday.

A hard fight is being made against the amendment by the political ringsters of the western part of the state for the simple reason that these gentlemen (?), who are in politics for revenue only, know that with the ballot in the hands of the intelligent, earnest, conscientious women of Oregon, an element will have entered into state politics which can be neither bought, bartered nor bull-dozed, and which will ultimately force these political trimmers and grafters to seek new jobs.

This element, however, even though backed and championed by the great Oregonian newspaper, will not be able to defeat the amendment. If it is defeated it will be done by a class of voters who are good citizens, earnest, patriotic men, whose conservatism makes them shrink from any new departure in matters political. These men have the highest regard for woman. They ascribe to her all the attributes which go to make up a nearly perfect being. They reverence her purity, respect her intelligence, admire her tact and worship her womanliness. They seek her advice and yield to her judgment—even in things political sometimes—but in spite of it all they are afraid to let her vote. They are afraid the great structure known as American politics—which they have helped to build—will pollute her. They are afraid it would not be quite the proper thing and they say as a last resort that they are afraid she don't want to vote and wouldn't if she could.

Men of Oregon, let us give her the chance. Let us say to the world that we believe our wives and daughters and mothers are better qualified to cast a ballot than is a pig-tail Chinaman, even though he *was* born in Oregon. Let us not be a stone in the way of the wheels of progress. The political emancipation of woman is coming; it is one of the steps in the path of social evolution and we can't stop it. We may hinder it but we cant stop it, for it's coming and it's almost here. Vote for the amendment.

Every voter in Gilliam county, who has the welfare of the county at heart, should cast his ballot for V. G. Cozad, for joint senator of this district. Mr. Cozad is an able attorney of Canyon City and it is known that, in the event of his election, the interests of Gilliam county will be safe in his hands. He will not discriminate against Gilliam but will treat all sections of the district with justice and fairness.

W. L. Wilcox is the man for the people when it comes to sheriff's office. His popularity is due to the fact that he has always been courteous and obliging as an official and has ever regarded his office as a public trust. He has always stood for the best interests of the taxpayers of the county and for that reason a big majority of them will cast their ballots for him next Monday.

When you go to the polls next Monday don't forget that one of the most important offices in the county is that of school superintendent, and when you reach the name of W. R. Neal on your ballot, then make your mark. Mr. Neal is one of the most thorough educators in the country and is highly qualified for this office. Vote for him.

"It is with a good deal of pleasure and satisfaction that I recommend Chamberlain's Colic, Cholera, and Diarrhœa Remedy," says Druggist A. W. Sawtelle of Hartford, Conn. "A lady customer, seeing the remedy exposed for sale on my show case, said to me: 'I really believe that medicine saved my life the past summer while at the shore,' and she became so enthusiastic over its merits that I at once made up my mind to recommend it in the future. Recently a gentleman came into my store so overcome with colic pains that he sank at once to the floor. I gave him a dose of this remedy which helped him. I repeated the dose and in fifteen minutes he left my store as well as ever." Sold by The Hudson Pharmacy—C. W. Crosfield, mgr.

To the Voters of Gilliam and Wheeler Counties.

I am positively opposed to cutting off any more territory from Gilliam county for the purpose of annexing to Wheeler county, or any other county, or for any other purpose. If I should be elected senator that will be my position and the people of Gilliam and Wheeler counties may absolutely depend upon me. Gilliam county shall lose no more territory.

Respectfully,
W. W. STEIWER.

Fossil, Ore., May 30, 1900.

To the Taxpayers of Gilliam County, Oregon.

GENTLEMEN:

In justice to myself I wish to correct some of the reports concerning the assessment of S. B. Barker. First: I wish to state that S. B. Barker is the second largest individual taxpayer in Gilliam county, J. W. Smith alone paying a larger tax. The tax roll of 1899 for this county shows that Mr. Barker pays $485.71 as his individual tax; Barker Bros. tax amounts to $128.41; Barker & Cameron pay $155.40—Mr. Barker paying one-half of these, or $141.90, making a total of $627.61 paid by him as shown by the last assessment roll.

Farther: I will say that the roll is in the court house and can be examined by anyone.

Respectfully submitted,
M. O. CLARKE.

Condon, Or., May 28, 1900.

Notice.

The undersigned members of the county court hereby notify those concerned that on July 10th, 1894, the following order was made by the county court, to wit:

"In the matter of collection of school district and city taxes and payment for same. Now, on this day it was considered and ordered the county treasurer be instructed to retain 5 per cent of moneys collected and paid in by the sheriff for school districts and cities; said charges are made to cover expense connected with making assessments and collections for the respective districts and cities."

That, in accordance with said order, the treasurer has retained the 5 per cent for assessment and collection referred to and has accounted to the county for all of it by crediting from time to time for the several amounts to the "county fund." In this connection we will also state the fact that the county lost nothing by reason of the failure of the First National Bank of Arlington, either in the shape of money or interest, because the county treasurer treated the whole matter as a personal loss—did not mix the county up in the business but simply called in warrants and met all other demands on him as treasurer, the same as if he had lost no money by the failure. This prompt action on the part of the treasurer not only fully protected the county and his bondsmen, but prevented any inconvenience to either. The above statements are not made by guess. The county court frequently checks over the treasurer's books, using a cross check system, which includes the sheriff's and clerk's accounts. That is well calculated to detect irregularities and errors.

The foregoing is published at the request of S. B. Barker, county treasurer, who says he thinks the court should make known the facts as an offset to certain false reports, now being circulated, in view of his having in the past cooperated with, and endeavored to carry out the orders of the court.

Deputy Hire.

Editor GLOBE:

In your issue of the 17th inst. I notice an inquiry in relation to the deputy hire of certain county officers and have anxiously awaited an answer in your last issue. It appears to the writer that it would have been an easy matter for the same to have been answered and that their failure to reply to the same in any way admits the fact that the resolution passed by the republican county convention means deputy-hire for republican officers in case of their election. Would it not be well, under the circumstances, for the voters and taxpayers to remember that neither the democratic nominee for county clerk or county sheriff is asking for deputy hire in the event of election and that each of them are capable and competent men.
