Amos Slack was here Sunday and tells us that he will start for Southern Oregon in a few days to take charge of a big log ranch that he has rented.

Billy Corson finished invoicing the goods in the Woolery store last week and left for Lone where he has bought a half interest in the Woolery store. Everyone here wishes him a prosperous future in his business venture.

This locality was visited by the most terrific storm last Saturday afternoon, that any of our people ever experienced. It was a waterspout and hail storm combined and the hail came down like a thousand brick, about the size of the fist of a first-class pugilist. In places they were piled up a foot or more deep. About half the windows in town were broken and much damage was done to some of the orchards and grain crops.

J. M. Williams was coming home with a sack load of people and was struck by the storm at the top of the Lone Rock grade. They all jumped from the back and the men tried to hold the team by the bits but the horses, crazed by the storm, jerked loose and ran down the grade and over the embankment where they finally broke loose from the back, leaving the passengers, two men and two ladies to walk home, about three miles, through the terrible storm. Buttermilk canyon is washed out and is almost impassable even on horseback. The road is gone from one end of the canyon to the other in many places ditches being washed down through the rock 10 to 20 feet deep. It will cost from \$1000 to \$1500 to rebuild the road.

A Good Cough Medicine. It speaks well for Chamberlain's Cough Remedy when druggists use it in their own families in preference to any other. "I have sold Chamberlain's Cough Remedy for the past five years with complete satisfaction to myself and customers," says Druggist J. Goldsmith Van Etten, N. Y. "I have always used it in my own family both for ordinary coughs and colds, and for the cough following a grippé, and find it very efficacious." For sale by The Hudson Pharmacy—C. W. Crossfield, mgr.

Big Time at Arlington. The wide awake people of Arlington took time by the forelock last Friday and Saturday and celebrated the Fourth of July two weeks in advance. The two days were entirely given over to having a good time and the business houses shut up shop and gave everybody a chance to enjoy the sports. On Friday the Heppner and Arlington ball teams played a good game in which Arlington came off victorious but later in the day the Heppner boys redeemed themselves in a measure by winning out on Arlington in a horse team race. R. A. McCully, of Ferry Canyon, "didn't do a thing" to the sprinters in the foot race on Friday only to beat them which of course pleased every Ferry Canyon man present. On Saturday the lone ball team put up one of the prettiest games against Arlington that has been seen in the county since Condon's crack club was dissolved last summer. Lone won the game too, but of course it would not have been polite for the Arlington boys to have defeated all their guests. Horse racing was a part of the program as was also speeches, music and a literary program. A grand ball was given Friday night and altogether the people of Arlington "did themselves proud" in the royal manner in which they entertained their guests.

Mr. W. S. Whedon, Cashier of the First National Bank of Winterset, Iowa, in a recent letter gives some experience with a carpenter in his employ that will be of value to other mechanics. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhoea. I mentioned to him that I had been similarly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the druggist here and informed me that one dose cured him, and he is again at his work." For sale by The Hudson Pharmacy—C. W. Crossfield, mgr.

The Portage Road.

While at The Dalles a few days ago the writer met Paul Mohr, of the Portage Railway Company, who stated that work is being pushed rapidly on the portage and that the company's boats are rapidly nearing completion on both the upper and lower river. The company hopes to have the road finished and boats running by July 15. The completion of this system will mean much to the people of this section in reductions in freight rates and it should be the cause of general rejoicing when the first boat loads at Arlington, with Gilliam county wheat.

John Brown Killed.

Wednesday evening about 9 o'clock John W. Brown was thrown from a horse near the Hoover creek schoolhouse and so badly injured that he died in about three hours. Exact particulars of the accident will probably never be known, but circumstances plainly indicate how it occurred. He was returning from Ella Hughes' place with a 8-year-old colt, for which he had traded, riding the colt barebacked. W. J. Kirkland, who lives on the road from Lost Valley, had seen Mr. Brown and talked with him as he passed with the horse. An hour or two afterwards, when coming to Fossil to attend the K. P. lodge, Mr. Kirkland found the horse loose near the schoolhouse, and caught and tied him up. He saw nothing of Mr. Brown and thought the horse had just got away from him. About the same time, Brown's boy and one of Chas. Black's boys found him lying in the road near the Brown ranch, with his head bruised and bleeding. He was conscious, and told the boys to run for help, but expired in a few minutes afterwards before any help could arrive, which, however, from the nature of his injuries could have done nothing for him. Dr. Shaw arrived soon after the unfortunate man had breathed his last. "His skull was fractured and frightfully bruised.

Deceased was about 49 years of age, and leaves a family of seven children, the eldest, who is married, aged 21, and the youngest about 6 years. He has lived on Hoover creek about 18 years, and sold his ranch there only a few weeks ago, and was intending to leave with his family yesterday for the harvest fields of Eastern Washington. He was well known in Arlington and Condon, as he drove freight teams off and on for years from Arlington to Fossil and hauled a good deal of wood to Condon.

The heartfelt sympathy of the entire community goes out to the bereft children, whose mother died nearly five years ago, in their latest, sudden and great bereavement.

The funeral took place in Fossil yesterday evening, services being conducted in the M. E. church and at the grave in the Masonic cemetery by Rev. G. E. Archer. A large concourse of sorrowing friends followed the remains to the grave.—Fossil Journal.
