

THE GLOBE invites correspondence from all sections of Gilliam county. We are in need of the leading news items of the county and invite our readers to assist us by sending in the news of their respective neighborhoods.

THE ADVENT

The child is born. After more than five weeks passed in the pang of expectation, the Wheeler county Annex has been delivered and the country still lives. The child was conceived according to statements of its numerous parents—as a straight up unflinching republican party organ, but alas! with its first feeble wail of life it blasts the hopes of its progenitors by declaring itself to be impartial in every thing connected with our city and county, which must mean, if it means anything, that the protoplasm hopes to develop into an independent, rather than a political organism.

It is too bad that a child should thus disappoint the fond hopes of its parents—especially when there are more than two to be disappointed—and that the beautiful theory of pre-natal culture, whose advocates have fondly hoped to regenerate the world, should be thus rudely overthrown and shattered.

When the Annex gets old enough it should enter some good kindergarten class and in time take a course in ancient history. It would then learn that the prime object of its ancestors, those wise men who shaped the course of its evolutionary period and brought it into being, was, as alleged on the streets of Condon in the early days of June, not to gain riches, not to win fame, not to fill a long felt want in the field of journalism, but to put the Condon Globe out of business because, as alleged by these same wise men, "the CONDON GLOBE is a democrat paper b'God and we'll put in a straight republican paper and show the GLOBE whether it can refuse to support Hon. W. W. Steiwer, of Possil, when we ask it to or not."

Yes it is true that Condon has a new paper and that Gilliam and Wheeler counties have a few old sore politicians who, it has been alleged, are going to "run the GLOBE out," but on this beautiful harvest morning when the air is odorous with the wealth of Gilliam's golden grain we send greeting to our friends and patrons and the public generally and rise to remark that we are no good as a "sprinter" and so will have to stay. To paraphrase the words of the martyred Garfield, God reigns and the CONDON GLOBE still lives.

"How are the mighty fallen!" William Waldorf Astor, snob, who renounced his native land and applied for citizenship in England for the avowed purpose of getting in a position where he could mingle freely with English royalty has been "cut dead" by the Prince of Wales and in consequence is not in it with English "awesieety."

William saw fit to grossly insult a native born English lord the other day and the rest of the push didn't do a thing to him. His business ed his grip and nice manner, across the North sea to Germany where he may spend his enforced vacation in getting acquainted with his relatives near Heidelberg who still rank as honest peasants though known by the family name of Astor.

A Good Cough Medicine. Many thousands have been restored to health and happiness by the use of Chamberlain's Cough Remedy. If afflicted with any throat or lung trouble, give it a trial for it is certain to prove beneficial. Coughs that have resisted all other treatment for years, have yielded to this remedy and perfect health has been restored. Cases that seemed hopeless, that the climate of famous health resorts failed to benefit, have been permanently cured by its use. For sale by The Hudson Pharmacy—C. W. Crossfield, mgr.

Recent advices from China tell the most horrible story ever recited of modern warfare. During the disastrous retreat of the allied forces, under Admiral Sien Si, from Peking, it became impossible to carry the wounded soldiers with them and, in order to save his maimed followers from Chinese torture, the admiral was obliged to order them shot. The wounded soldiers knew the alternative and prayed for death at the hands of their comrades rather than brave the horrors of Chinese torture. It is a horrible story to come on the eve of the 20th century and there are many who will ask whether the propaganda of the Christian religion or even the spread of commerce and the encouragement of railroad building in the Celestial kingdom is worth such a price.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic and Cholera Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail.—Mrs. CURTIS BAKER, Bookwalter, Ohio. Sold by the Hudson Pharmacy—C. W. Crossfield, mgr.

The Best Remedy for Stomach and Bowel Troubles. "I have been in the drug business for twenty years and have sold most of all the proprietary medicines of any note. Among the entire list I have never found any thing to equal Chamberlain's Colic, Cholera and Diarrhoea Remedy for all stomach and bowel troubles," says O. W. Wakefield, of Columbus, Ga. "This remedy cured two severe cases of cholera morbus in my family and I have recommended and sold hundreds of bottles of it to my customers to their entire satisfaction. It affords a quick and sure cure in a pleasant form." For sale by The Hudson Pharmacy—C. W. Crossfield, mgr.
