While driving his meat wagon down a grade in Ferry Canyon Monday John Dymart met with quite a painful accident. The neck-yoke broke, the horses began kicking and the wagon went off the grade and was overturned. Mr. Dymart suffered a severely sprained ankle and numerous bruises but fortunately none of his injuries are serious. Rev. Tonkins, accompanied by his father-in-law, S. P. Conroy, of Toledo, Or., went through from Arlington to Fossil last Thursday. Mr. Conroy will visit his daughter at Fossil for a few days and will also look over the interior country for a business opening in the general merchandising line, in which he is now engaged in Toledo. He is accompanied by his little daughter. We call attention to the advertisement of the State Normal school at Monmouth appearing in another column of this issue. The school reports a successful year, with encouraging prospects for the next session. Many teachers are taking the Normal Course, both for the sake of the professional training, now just generally demanded, and for the best means of preparation for teaching the State courses.

Mr. Barker Explains.

Condon, Ore., July 16, 1900. Editor and Readers CONDON GLOBE: In reply to "A Query" in the last issue of the Globe in which the impression is given that I have not called warrants, thereby causing a loss to Gilliam County tax payers, by allowing money to remain in my possession when it should be paid out, I will say that I think I can explain to those willing to accept the truth that the statements in the Globe are not facts. At the time of the County Treasurer's last semi-annual statement "March 31, 1900," there was on hand \$289,250.20. From that date to June 30 there was received from all sources \$15,997.87 and paid out during the same time \$14,357.00. The reason Gilliam warrants were not called between January 30 and June 30, is that the state tax amounting to \$6333.79 was paid during that time. The \$7000 in warrants which the "Globe" tells you were released in less than a month, were not redeemed in a month but have been coming in the last two months, quite a lot of them through the sheriff for taxes, and some of them that were registered in 1897 and had been called some time ago. The law requires that a call for warrants be made when there is cash in the County Treasury to the amount of \$1500 applicable to the payment of County warrants. During my term of office I have endeavored to make the calls, as required and have done so satisfactorily to the County Court. On June 8th and June 14th, as Globe stated, there was sufficient amount of money on hand to enable me to call warrants. Between June 8th and June 21 received from the sheriff \$3994.73 therefore I made a second call. "The Query" is evidently gotten up by certain parties who before the June election put themselves to the trouble of circulating in nearly all parts of the county a falsehood to the effect that I was owing the County money lost at the time of the failure of the First National Bank Arlington in 1894. Now that the County Treasurer's books have been carefully checked by the County Court to the expiration of my term of office, and a docket entry made by said Court showing that the books are found correct, also a statement published signed by the members of the Court to the effect that nothing was lost to the County either in money or interest by failure of the First National Bank of Arlington, but all money lost was made good by me, Now these Query parties feel a responsibility resting on them and it seems to me that they now wish to create the impression that I have been holding back large sums of money and not calling warrants, which is not true, as will be seen by examining the records. This Query is evidently another attempt to injure me and my business. S. B. BARKER.

The statements made by the Globe last week were taken from the books in the county treasurer's office and if they "are not facts" we are not to blame. The dates of June 14 and June 28 given by the Globe refer to the days on which the first publication of the change in the treasurer's call for warrants appeared and to the date upon which interest ceased. Mr. Barker says that The Query is evidently gotten up by "certain parties" who circulated a falsehood in regard to his dealings with the county at the time of the failure of the Arlington National Bank. We wish to say that the responsibility for matter appearing in the editorial columns of the Globe rests on the editor and that "A Query" was gotten up by himself. The Globe is not controlled by any impersonal corporation. Finally, the Globe has no desire to injure Mr. Barker or his business but the office of county treasurer is a public one and the people have a right to know just how the business has been conducted. To what former attempt "to injure me and my business" does Mr. Barker allude? Is it his default and the consequent transfer of county funds to other hands? And it may be added that when it comes to injuring a man's business it makes all the difference in the world to some people whose ox is gored.

Mrs. Robinson and daughter, of Portland, are visiting Mrs. Robinson's sister, Mrs. F. M. Pliter this week. Lost—A bunch of keys. Ring bears name of J. D. Darling. Finder will please return to W. A. Darling. J. W. Wilkins and L. Pryor were in from Ferry Canyon yesterday buying a new header for their big harvest. G. W. Rinehart left yesterday for Lane county on a business trip. He will be gone two or three weeks.

A New Thresher. R. W. Crane, C. L. Lillie and Wm. Werhli, well known farmers of the Mayville district, passed through town Sunday on their way from Arlington with their new steam thresher outfit. The machine is a Buffalo-Plitt, is a beauty of its kind and is guaranteed to do good work. The long trip from Arlington was made without mishap and the owners are warm in their praises of Robert Hartman, the young engineer, who was sent out from Portland by the company to set up the machine and deliver it to its destination. The roads are particularly rough for such an outfit on account of the late heavy rains and it requires considerable skill to run the engine and the train but Mr. Hartman proved himself equal to the task. Ed Morgan, of Mayville, is interested with the three gentlemen above named. In the new machine.

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. The Hudson Pharmacy will refund your money if you are not satisfied after using it. It is every one's business to be prepared for the possibility of cholera, and Chamberlain's Colic, Cholera and Diarrhoea Remedy is the best medicine for cholera, and the best means of preparation for meeting the State courses.

KILLED IN A RUNAWAY

Mrs. H. B. Ramsay, of Mayville, Loses Her Life, at Albany. Mr. Ramsay also Seriously Injured. A gloom was cast over this community Saturday by the receipt of a phone message from Albany which stated that Mrs. H. B. Ramsay, of near Mayville, had been killed in a runaway accident at that place Friday and that Mr. Ramsay had been seriously injured. Mr. and Mrs. Ramsay left their home on Beecher Flat Wednesday for a protracted visit with friends and relatives at their former home near Albany where they expected to spend the remainder of the summer. They reached Albany Friday and engaged a livery man to take them to the home of their son-in-law, who lives near Spicer. The details of the accident are thus given by the Albany correspondent of the Telegram. "Mrs. H. B. Ramsay, who jumped from a buggy yesterday, died last evening. She was injured about the head, which caused congestion of the brain, and she lived but a few hours. Mr. Ramsay is unconscious but will probably recover. Had they remained in the buggy, neither would have been injured. Mr. Ramsay was the first to jump and received several cuts about the head. About one block further down the street Mrs. Ramsay jumped and received cuts similar to ones received by her husband, only much deeper. They had just arrived from Arlington, Eastern Oregon, to visit their son-in-law, who lives near here. The man driving the rig was not injured at all, but had a hard time stopping the horses. The cause of the runaway was one of the horses' bits broke." The Ramsay family have resided for a number of years on Beecher Flat and are numbered among Gilliam county's best and most respected citizens. One son, James Ramsay, and three daughters, Mesdames Al Searcy, Wm. Searcy, and M. Duke, of near Mayville, left Saturday morning for Albany, and were joined on Sinter Flat by two other sons, Bert and Rollo, who live there. Another married daughter lives at Spicer, Linn county. The grief stricken family have the earnest sympathy of a large circle of friends in this their sudden and great bereavement.

Was it a Miracle? "The marvelous cure of Mrs. Rena J. Stout of Consumption has created intense excitement in Canumack, Ind.," writes Marion Stuart, a leading druggist of Muncie, Ind. She only weighed 90 pounds when her doctor in Yorktown said she must soon die. Then she began to use Dr. King's New Discovery and gained 37 pounds in weight and was completely cured. It has cured thousands of hopeless cases, and is positively guaranteed to cure all Throat, Chest and Lung diseases. 50c and \$1.00. Trial bottles free at Condon Drug Co's.

A Rich Community. One of the richest and best agricultural regions in the Great Northwest, lies between Tullyville and the Wheeler county line comprising the sections commonly known as Keys and Beecher Flats. The soil is deep and black and rich and Gilliam's golden grain grows great thereon, the crops this year being enormous and the quality of grain strictly A No. 1. The Globe family visited that favored section last Saturday and Sunday and while there enjoyed the hospitality of Mr. and Mrs. B. K. Searcy at their cozy home in "Republican Glade" of which locality they are the pioneers. It were useless to tell our readers of the length of the wheat heads and the size of the grains in Beecher's fields—and hope to retain our reputation for veracity—but all who are interested may call and inspect the samples from the farms of Mr. Searcy and Miller Carl which we brought with us in self defense. Mayville precinct, taken all around, is a rich community. Rich in green grass and golden grain; rich in fat cattle and sweet tempered mules and well fed, contented porkers. But above all is she rich in the intelligence and high character of her people who are, as a class, up-to-date, progressive and prosperous. The town of Mayville is a busy little burg situated in the center of this rich community and enjoys a good trade. The general store of Keys & Son was busy as a bee hive Sunday but Mr. Keys assured us that a regular Sabbath quiet prevailed the town on that day. The town also has a good hotel, livery stable, flouring mill, grocery, bowling alley, millinery store and numerous other lines of business and a first-class drugstore will soon be established and last, but not least, a neat church and a bevy of pretty girls are further attractions which we will guarantee will appeal to the heart of any newspaper man on earth.

R. De Neul went to Arlington yesterday to meet his wife and little daughter who were expected to arrive from Iowa. It Saved His Leg. P. A. For Ulcers, Wounds, Piles, it's the best salve in the world. Once guaranteed. Only 25c. Sold by Condon Drug Co.
