

NOTICE. The Globe invites correspondence from all sections of Gilliam county. We ask to be kept in the leading news medium of the county and invite our readers to assist us by sending in the news of their respective localities. Correspondence must be signed by the writer, not necessarily for publication, but as a certificate of good faith, and the editor assumes no responsibility for opinions expressed by correspondents.

ROCK CREEK. Wm. Hunt is erecting a fence around his pasture this week.

Gus Bronner, of Dal. Wash., was over on the creek during the week.

Guy Boyd and Frank Brown drove some mules to Arlington last week.

Mr. and Mrs. A. J. Cochran are spending a few weeks' outing in the mountains.

George Hanna, of Juniper Canyon, was visiting with the family of Frank Hart Friday and Saturday.

Mrs. W. G. Flett and son returned Saturday from a five weeks' visit at McManville and other points.

OLEX.

Grandma Wade is very sick.

Wm. W. L. Tobey has gone to the Willamette valley on a visit.

Rev. Ed. Baker preached his last discourse here for this conference year last Sunday.

A great many headers have finished their work, and hands will be more plentiful now.

Bill Snell sold 10 mules and a few horses last week. They were bought for government purposes.

Prof. Spight, of the Grass Valley Academy, was doing so last week in the interest of his school.

Mrs. G. S. Smith, who has been lying dangerously ill at Mr. Randall's house for the last three weeks, is now improving slowly.

What about the Russian thistle? Shall we give the country over to this pest? Already we hear some men declaring they are not going to waste time cutting them. We would like to hear from those in authority, who are expected to enforce law and order.

LONE ROCK.

Mr. and Mrs. Little, of Arlington, are visiting friends at this place.

The weather has been cool and pleasant since the rain storm last week.

Our hotel keeper is up in the timber this week watching his hired man make cord wood.

Frank Stewart is back again from the Willamette valley. Mrs. Stewart is still in the Valley country.

Hay hauling is about over in this locality, and quite a number of our people are out in the farming country at work.

Miss Annie Ward returned to her home near Albany last week, after a couple of weeks' visit with relatives here.

We notice the statement in the Heppner Times this week that John Madden built the new 4 mile grade out of Lone Rock, which is the finest in the country, etc. This is a mistake, as the new grade was built by Mr. Bowen.

Bob Robinson will move over to Rock creek the last of the week for the purpose of boarding the road workers. We are informed that the hands will receive \$2.00 per day for work and board themselves. Their board will cost them 50 cents per day.

Mrs. M. J. Perry and her daughter Edith, of Milton, Umatilla county, came down last week and are visiting her cousin, Mrs. J. B. Goff, and aunt, Mrs. Vickers, of this place. Miss Perry is among the most accomplished and successful teachers in the public schools of her home county.

John Madden went to Heppner the first of the week to get a supply of picks and shovels, and work will begin soon on the new road out of Rock creek on the Lone Rock and Heppner road. An entire new grade of 3 miles will be made on the west side, and on the east side the road will be put on a good easy grade. The Lone Rock people will feel like celebrating when the new road is completed, as much inconvenience has been experienced since the washing away of the old road.

Some of the inhabitants living on the road south of town were considerably alarmed last Saturday morning on seeing J. M. Williams pass along the road in a quiet manner with a long box in his back and several men on horseback following along behind. Of course the people thought of a sudden death and a funeral, but when some of them went to town they were informed that the K. of K. had died suddenly and his friends were taking his carcass over to the town of Spray, where, we have since learned, the goat came to life and is now doing service for the new lodge at that place.

Ferry Ham, the well-known Lone Rock merchant, was in town yesterday.

David Mason, a former assessor of this county, now with the Arlington Warehouse Co., was here during the week in the interest of that firm.

Robert J. Marsh, of the Marsh Printing Company, of Portland, formerly publisher of The Dalles Chronicle, was run down by a Portland street car Monday evening and fatally injured.

Collis P. Huntington, president of the Southern Pacific Railroad Company, died at his camp, Pine Knot, at Raquette lake in the Adirondacks, at 12 o'clock Monday night. Apoplexy was the cause of death.

D. S. Brown and W. N. Brown returned Monday evening from an extended trip through Grant county, where they were looking for cattle. They made no purchases, as the prices asked in that county are out of sight.

Arthur Myers was in from Ferry Canyon Saturday. Mr. Myers has a full crew operating his header outfit and still has a run of about 10 days. He has cut 700 acres for his neighbors, and is now running on his own 500-acre crop. He expects to thresh over 10,000 bushels of grain this season.

J. R. Frazier, of Thirtymile, and his brother Charles Frazier, of near Lone Rock, went through town Tuesday on their way to their old home at Bethel, Polk county, where they are called by the alarming illness and expected death of their father, L. B. Frazier, an old pioneer of that county.

Drug Store Sold.

The deal which we noted last week as being on between the Hudson Pharmacy and the Condon Drug Co. was consummated Monday, the latter business being purchased by the former. A good part of the stock of the Condon Drug Co. has been disposed of to the new Mayville Drug Co., and will be removed to that town. The Hudson Pharmacy will continue business at the old stand. We understand the price paid the Condon Drug Co. was \$2000.

In China.

Late advices from China are to the effect that the allied forces have begun their march to Peking, under orders to take no rest until that city is reached. The American troops are at the front in all engagements and have distinguished themselves for bravery.

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. The Hudson Pharmacy will refund your money if you are not satisfied after using it. It is everywhere admitted to be the most successful remedy in use for bowel complaints and the only one that never fails. It is pleasant safe and reliable.

Teachers' Institute.

The annual Teachers' Institute, under the supervision of County Superintendent Neal, will convene next Monday, August 20.

State Superintendent Ackerman and other prominent instructors will be present and the meeting is expected to be the best ever held in the county.

The law makes it compulsory on every teacher in the county to attend this institute, and aside from it being a duty we believe the teachers will find it to be a real pleasure.

Prevented A Tragedy.

Timely information given Mrs. George Long, of New Strataville, Ohio, saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her; and she writes, this marvelous medicine also cured Mr. Long of a severe attack of Pneumonia. Such cures are positive proof of its power to cure all throat, chest and lung troubles. Only 50c and \$1.00. Guaranteed. Trial bottles free at Condon Drug Co's.

A Pioneer Gone.

Thomas Watson, an aged pioneer of this county, died at his home in Fossil at an early hour Saturday morning. Mr. Watson was stricken with blindness while working on top of his windmill tower in Fossil during the hot weather a few weeks ago, due to becoming overheated, and he never recovered from the effects of that attack. He was one of the earliest settlers of this section of Eastern Oregon and in early days was engaged in the stock business. Later he engaged in the mercantile business at Fossil as a partner of the late T. B. Hoover. Of late years he lived a retired life. He was unmarried and, so far as known, had no relatives on this coast.

A Minister's Good Work.

"I had a severe attack of bilious colic, got better of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick for over a week, had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off so long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said, 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured." Strayed

From my place in Sherman county, on or about July 14, 1900, two bay horses, 5 and 6 years old, last seen going south through Condon Wednesday July 18. Both had on halters and one had chain on foot. Range between Eight-mile and Thirtymile. Brand 2T connected, bottom of 2 forming top of T. Suitable reward will be paid for information leading to their recovery. Please notify J. C. WHITNEY, Rutledge, Or., or leave word at the Globe office.

To the Consumers of Gilliam County:

We desire to state that we are determined to reduce our large stock of goods and for the next 90 days will make great reductions in all lines for cash.

By referring to your local papers you frequently note the ad. of interior merchants who, with conspicuous signs, say: "We sell at Arlington prices." Is this not evidence that the Arlington merchants must lead in low prices or there would be no need for such statements? Before purchasing your fall supplies or the smaller bills get prices from us.

In agricultural implements we have the favorite Monitor Drills subject to four attachments, viz, hoe, disc, press wheels or shoe.

The Oliver and Flying Dutchman Plows are hard to beat for good clean work, durability and lightness of draft.

It is no longer an experiment to buy a Bain or Stoughton wagon, as they have but few if any competitors when strength and light-running qualities are considered.

If you anticipate treating yourself to a new buggy or hack do not purchase until our new carload of the old reliable Racine rigs reach us, which will be here in September.

When in need of a chop mill, hay press, windmill, sewing machine, or any kind of machinery used on the farm, write us for prices and we will treat you right.

Address all communications to the firm at the old James W. Smith store.
