LOCAL NEWS.

Dr. Gullette is on the sick list. Geo. Perry, of Lone Rock, spent a few days in town last week. George Brassfield is home from Baker county on land business.

Mrs. J. H. Putnam, of Fossil, is visiting her mother, Mrs. E. Meek. Miss Gussie Darling visited at Mrs. Mary Brown's on Rock creek last week.

Miss Maggie Maddox returned Tuesday from a few days' visit at the Cooney ranch. Miss Mabel Halstead and Mrs. W. A. Darling visited friends at Mayville last Thursday.

Charlie Earhart came in from Lone Rock Sunday and will remain in town during court week. Mrs. H. N. Fraser, Mrs. S. B. Barker and Mr. and Mrs. T. G. Johnson returned from Portland Tuesday.

Mr. John F. Pinkham returned Sunday from San Francisco, where he spent several weeks visiting friends. F. M. Springston has purchased the Barr residence on Summit street. He moved into the property Monday.

Jean Labous, C. W. Crossfield, R. H. Wain and S. A. Pattison returned from the Portland fair and carnival Tuesday. Considerable wheat is going towards the railroad now. In another month Arlington will be the liveliest town of its size in Oregon.

W. A. Goodwin has a force of men at work this week rushing to completion the new building for Miss Lonella Maddock on Spring street. Mrs. O. A. Danneman and daughters, of Clon, have returned to Corvallis, where the young ladies are students in the Oregon Agricultural College.

Otto Greenbush, one of the best-known newspaper men in the Northwest, committed suicide in the lavatory of the Portland hotel at 6 o'clock Monday evening. His health and despondency was the cause of the deed. John Harrison, of Matsuy Flat, has bought the engine formerly used on J. G. Stevenson's thresher, and will use it on his separator. The days of the horse-power thresher seem to be numbered.

Miss Lonella Maddock returned Tuesday from Portland, where she went to select her fall and winter stock of millinery goods. She brought a few cases of goods with her and the balance of her stock will arrive soon. Mrs. Ames and son Arthur, of Columbus, Wash., visited her daughter, Mrs. S. E. Van Vactor, during the week. Graciano Van Vactor, who has been spending the summer with her grandparents, accompanied them to her home.

We understand that a new enterprise will soon be launched in Condon in the way of an implement house, of which T. G. Johnson and F. M. Pflizer will be the proprietors. A new building will be erected on Main street just north of Dunlap's blacksmith shop. The Athena Press says farmers in Umatilla county have been disappointed in the yield of their fields, and that few crops have come up to expectation. In Wasco county it is different. Very few farmers had their crops overestimated and a good many harvested more than they expected.

Mr. and Mrs. F. B. Stevens, accompanied by Mrs. Alonzo Stevens and her son Pat, started on the 10th inst. for Portland, where they expect to spend several days enjoying the sights, after which they will go to Salem, where they will visit Mrs. Churchill, sister of the two ladies, and attend the State Fair. Mrs. Alonzo Stevens will leave her son at the deaf-mute school at Salem.

Dr. Wm. Smith, of Oroy, aged five years, eight months and two days. The funeral took place at the hotel parlor, with appropriate services at the grave in the Arlington cemetery. The bereaved parents have the sympathy of their many friends in Arlington.—Record.

Fire broke out in the Good Samaritan Hospital in Portland last Wednesday, completely destroying one ward before the flames could be checked. There were 83 patients in the building when the fire started, but were removed in safety to St. Vincent's Hospital, where they will remain for treatment until provisions can be made for them. The cause of the fire is supposed to have been a defective flue. According to the Blue Mountain Eagle, an enraged Irish lady down at Arlington the other day struck at her husband with a hoe and nipped the end of his nose off with the blade. Pat rushed up to the office of the old justice of the peace to find out under what charge he could have his son arrested. After taking the case under advisement for an hour or so, the old magistrate looked over his eyes glasses and said: "I find that the only thing you can do is to bid her over to keep the peace." "Peace, the devil," bellowed Pat, "the cats have already eaten the piece; why, what's the matter with ye, anyway?"

Most of the sick are improving.

Miss Susie Stevenson is teaching school in Ferry Canyon.

Jos. Whyte was transacting business in Condon Monday.

The fall fishing season opened on the Columbia Monday.

Mr. and Mrs. G. J. Caven, of Pine creek are visiting their daughter Mrs. W. L. Wilcox.

Fred Wilson returned to Condon Sunday, after having attended the races at Hamilton.

Joe Harbin and family left Sunday for Portland, where they will reside during the coming winter.

Oscar Fortwood is having a tussle with the prevalent fever this week.

John Jackson, of the firm of Jackson & Dysart, left Sunday for Portland to take in the Street Fair.

Mrs. S. E. Wilson came in last Saturday from Howard Tobey's ranch, and is at present stopping at the Condon hotel.

Miss Belle Wilson, who is teaching school in the Supton district, spent Saturday and Sunday with the Maddock family.

An English scientist claims the discovery of a practical, commercial method of wireless telephones. Further information will be awaited with interest. The public will want to know whether on the new system the telephone girl will continue to draw, "Li-n-o's bun-y."

Geo. Tatum was down to Joe Trivitt's ranch Sunday, and while he and Mr. Trivitt were looking through the melon patch for a nice ripe melon they found a pocket rule, the property of W. A. Darling. Mr. Darling admits that he lost the rule one day last week while taking a short cut through Joe's melon patch—while Joe was away from home.

Will Neal, of Goldendale, Wash., came in yesterday morning from Wasco, having just heard of the serious illness of his father and sister, Mr. Neal was away from home when they wired to Goldendale for him a few days ago and it was impossible to locate him. He heard of the sickness of his relatives incidentally while at Wasco, and traveled all night to reach them, happily finding their condition much improved when he reached here.

Cured of Chronic Diarrhoea After Thirty Years of Suffering. "I suffered for thirty years with diarrhoea and thought I was past being cured," says John S. Halloway, of French Camp, Miss. "I had spent so much time and money and suffered so much that I had given up all hopes of recovery. I was so feeble from the effects of the diarrhoea that I could do no kind of labor, could not even travel, but by accident I was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am so pleased with the result that I am anxious that it be in reach of all who suffer as I have." For sale by The Hudson Pharmacy—C. W. Crossfield, mgr.

The Portland Fair.

The Portland street fair is a great success, in point of number in attendance, and while the exhibits will hardly compare favorably with the Columbian Exposition, many of them are creditable and attractive. Wasco county has a fine exhibit of fruit, grain, wool, etc., and should have a gold medal. Many of the leading business firms of Portland have attractive displays on exhibition which will no doubt draw much attention to their city.

The fair is run on the European plan—pay for what you see. Ten cents admits the visitor to the street, another dime is demanded for admission to the Midway, and then, every time you turn around it is ten cents more. The Midway is an aggregation of old fakes from the Chicago fair which have been on the road "doing" the public since that time.

The crowds last week were the largest the city ever accommodated. The hotels, restaurants, saloons, and all other caterers to the transient class, were crowded day and night and reaped a rich harvest from the visitors.

Ringling Bros.' circus, which was at first forbidden the city during fair week, but later allowed to show by payment of a big license, proved the biggest attraction of the week. The great American people will never tire of going to see the elephant.

Chamberlain's Cough Remedy a Great Favorite.

The soothing and healing properties of this remedy, its pleasant taste and prompt and permanent cures have made it a great favorite with people everywhere. It is especially prized by mothers of small children for colds, croup and whooping cough, as it always affords quick relief, and as it contains no opium or other harmful drug, it may be given as confidently to a baby as to an adult. For sale by The Hudson Pharmacy—C. W. Crossfield, mgr.

Sunshine a Good Hair Tonic.

A good tonic for the hair is sunshine and fresh air. The Greek girls who sat on the city walls and gave their hair a daily sun bath were wise. The modern woman can't exactly follow their example, but, at any rate, she can refrain from tightly braiding her hair at night and can leave it loose so that the air can get to it. Then when she washes her hair, which in summer should not be less often than once a fortnight, she can sit in a sunny window until it is dry. Sunshine does not dry the scalp as artificial heat is bound to do, but it gives life and vigor to the hair.

Cuts and Bruises Quickly Healed.

Chamberlain's Pain Balm applied to a cut, bruise, burn, scald or laceration will instantly allay the pain and will heal the parts in less time than any other treatment. Unless the injury is very severe it will not leave a scar. Pain Balm also cures rheumatism, sprains, swellings and lameness. For sale by The Hudson Pharmacy—C. W. Crossfield, mgr.
