WAR COST \$10 PER FAMILY.

The census of 1900 is expected to show a population for the United States of from 75,000,000 to 80,000,000.

The taxes which go to meet this most costly enterprise are collected from the people in indirect and unobservable ways.

Suppose this system of taxation were changed to a direct system, and once a year the federal tax gatherers passed up and down the country, knocking at the door of every family and demanded \$10—

In a political speech the other day Governor Geer made much of the fact that the number of convicts in the Oregon penitentiary has decreased about one-half in the past four years, all of which he attributed to McKinley's beneficent administration.

While it is probable that the clear weather and frosty nights which have prevailed lately will have a tendency to check the epidemic of fever of the last few weeks, it is by no means certain that these natural conditions will, unaided, be sufficient to put the town in a proper sanitary condition.

For sprains, swellings and lameness there is nothing so good as Chamberlain's Pain Balm.

Oregon's Vote.
In view of the approaching election the popular vote for President, as cast in Oregon, is of interest.

When you cannot sleep for coughing, it is hardly necessary that any one should tell you that you need a few doses of Chamberlain's Cough Remedy.

Gilliam the Best.
Samuel Hockett, a former resident of Ferry Canyon, writes the Globe from Spokane, Wash., that since leaving Gilliam county last May he has traveled extensively over Oregon, Washington, Idaho, Montana and British Columbia.

SCOTT SAYS IT IS DOUBTFUL
Harvey Scott, of the Oregonian, was a passenger on the west bound train of this morning on his way from New York, where he has been on business for the past three weeks in connection with a meeting of a committee of the Associated Press, of which he was chairman.

train of this morning on his way from New York, where he has been on business for the past three weeks in connection with a meeting of a committee of the Associated Press, of which he was chairman.

"A couple of months ago," says the Battle Lake Growler, "an old man came into this office and stopped his paper. We have frequently met him on the streets since that time and it is very amusing to us to note the look of surprise on the old fellow's face that we are still in existence, regardless of the fact that he 'stopped his paper.'"

In a recent editorial the Oregonian charges that the republicans are to blame for the gold demerits going back to Bryan, and gives as a reason that they received no reward in the way of patronage for their support of McKinley in 1896.

A Thousand Tongues
Could not express the rapture of Annie E. Springer, of Philadelphia, when Dr. King's New Discovery cured her of a hacking cough that for many years had made life a burden.

The Coal Miners' Strike.
A convention of the striking coal miners in Pennsylvania has been called for tomorrow, at which the recent offer of the operators of an advance of 10 per cent in wages will be considered.

To the Consumers of Gilliam County:

We desire to state that we are determined to reduce our large stock of goods and for the next 90 days will make great reductions in all lines for cash.

By referring to your local papers you frequently note the ad. of interior merchants who, with conspicuous signs, say: "We sell at Arlington prices." Is this not evidence that the Arlington merchants must lead in low prices or there would be no need for such statements? Before purchasing your fall supplies or the smaller bills get prices from us.

The Oliver and Flying Dutchman Plows are hard to beat for good clean work, durability and lightness of draft.

If you anticipate treating yourself to a new buggy or hack do not purchase until our new car load of the old reliable Racine rigs reach us, which will be here in September.

Address all communications to the firm at the old James W. Smith store.
