

THE CONDON GLOBE.

THURSDAY, OCTOBER 11, 1900.

THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

LOCAL NEWS.

Bert Cason was in town Monday. H. N. Fraser left for Portland Saturday.

Al Seary, of Mayville, returned to Arlington Monday.

Dr. Luna made a flying trip to Arlington the first of the week.

Frank Wilson left Monday for Arlington on a business trip.

Charlie Karhart left Monday for Arlington, where he has accepted a position for the winter.

Joe Trevett has several tons of fine cabbage for sale. Leave orders at P. H. Stephenson's or Dunn Bros' store. d33

Mrs. Houston, who has been with her daughter, Mrs. H. N. Fraser, for the past year, left last Saturday morning for Albany.

Sheriff Wilcox will soon begin his round of the various voting precincts with the ballot boxes for the general election.

Will Hardie has returned from Hay Creek, Crook county, where he has been for the past year. He will remain in Gilliam county.

Mr. and Mrs. J. R. Ralston, of Lone Rock, have gone to the Willamette valley, where they will spend the winter visiting relatives and friends.

Frank Ralston, formerly of Lone Rock, but now a resident of Casper, Wyoming, left Monday for that place. Mr. Ralston has been here for a few weeks on a business trip.

Billy Farrer was in from Ferry Canyon Tuesday. His nephew Walter Farrer was with him. Walter is suffering from a sore hand, and came in to secure medical aid for it.

Harrison Phillips was in town Saturday from Trail Fork. While here he secured a position with F. M. Pitter and will soon take charge of a band of Mr. Pitter's sheep for the winter.

W. A. Maxwell has sold the Prosser Record to D. M. Angus and W. H. Brownlow. Mr. Brownlow will assume the duties of editor. Mr. Maxwell formerly published the Arlington Record.

Mr. and Mrs. C. W. White, of Paperack, were in town a few days last week, the guests of Mr. and Mrs. P. H. Stephenson. Mr. White has almost fully recovered from his late serious illness.

A heavy shower of rain fell Tuesday night. While these frequent showers are a drawback to those who have not yet finished threshing, they help to keep the road in good condition for wheat haulers between here and Arlington.

Mr. and Mrs. F. B. Stevens returned Saturday evening from a month's visit in Portland and Salem. Mrs. Stevens had what is considered a very successful operation performed on her eyelids, and hopes she may have no more trouble with them.

Mrs. Maley, her son Clifford, her grandchildren, the Farrer boys, and her nephews Walter and George Smith returned last Friday from a visit in the Willamette valley. John and Clara Smith and Miss Mulholland returned with them to look after their homesteads in the Ajax country.

The Pacific Monthly for October presents what is probably the most attractive number of any monthly periodical ever issued in the Pacific Northwest. The cover design, which is new and unusually striking, is done in two colors of bronze, gold and green, and the entire contents are in keeping with this beautiful cover. The articles are all timely.

John Schriver returned from Walla Walla Saturday. While away Mr. Schriver attended the Walla Walla Fruit Fair, and he speaks in highest terms of the exhibits there. He tells some pretty big apple stories, but Condon people do not dispute them. They are familiar with big apples here when Bill Brown, Andy Carothers, Low Couture or Uncle Jack Caven comes to town.

Dr. Gullette is still very ill. His condition Tuesday was worse than for some time and it was feared for a time that it would be necessary to remove him to Portland for treatment in a hospital. He was somewhat improved yesterday, however, and it was then believed that it would not be necessary. In his present weak condition such a trip would be hard for the patient to stand. The doctor's many friends hope that his condition will continue to improve.

G. W. Boone was in from Lone Rock Monday and Tuesday. Mr. Boone says he knew Dick Croker, the Tammany leader, when he was a boy in knee pants, at Sacramento, California, and he thinks Croker has developed into the proper personage to carry the Empire State for Bryan. Mr. Boone's grandfather was a brother of Daniel Boone, the famous Indian fighter of Kentucky, and Uncle George himself was born on "The Dark and Bloody Ground," but left that state when quite young and began to emigrate toward the setting sun, arriving on the Pacific coast in 1862.

Ed Temple, the popular photographer, who was here a few months last spring, returned on Tuesday and says he has come back to Condon to stay. Mr. Temple says that since leaving here, in May, he has been in a number of Eastern Oregon towns, but nowhere has he found a town that will compare with Condon as a live, bustling business place. Mr. Temple will be remembered as the man who appropriated the only case of smallpox there was in Condon last spring and who refused to "divide up" with any of his neighbors. He will soon open a gallery and be prepared to make handsome pictures from all subjects.

Britt White was in town yesterday. Jim Brown was in town during the week.

Some needed repairs are being made on the sidewalks this week.

Joe Trevett and L. B. Townsend were in from Rock creek yesterday.

Mrs. Boyer, who has been seriously ill with the fever, is some better.

Frank Labous visited his old chum, Bert Cason, at his Ferry Canyon ranch during the week.

W. C. Caldwell is building a new residence on Church street between Geo. Tatom's house and the Slater property.

Mrs. Daisy Bryson, of Weston, is visiting her parents, Mr. and Mrs. J. H. Downing, this week. She arrived on Sunday's stage.

The Lost Valley-Condon telephone line is nearing completion. The line reached Condon yesterday evening. The Condon office will be at P. H. Stephenson's store.

Mr. Sink, of Wasco, is here this week looking for government land which may be located under the homestead act. He represents a number of families. Gilliam county is still a good field for homesteaders.

The first load of railroad iron arrived in town Tuesday. At first it was supposed that some of the various railroad projects were about to begin, but an investigation revealed the fact that the rail (there was only one) was for Syl Palmier's well drilling machine.

L. D. S. Mite Society.

The ladies of the Latter Day Saint's church have organized a mite society and sewing circle, which meets every Thursday afternoon. The object of the society is to create a fund with which to procure an organ for their church, and also to do such charitable work as they find to do. The sewing circle will do sewing for those desiring the same, at reasonable rates and will also do work of that kind for needy or unfortunate families gratis. A special meeting of the society, which was held Tuesday afternoon, as well as the regular meeting today, was given to charitable work. These ladies are doing a good work and the Gloum takes pleasure in recommending the society to any who may have work to do and also to all such as may wish to lend a hand for sweet charity's sake.

It Happened in a Drug Store.

"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. C. H. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a good recommendation for the remedy." It is for sale by The Hudson Pharmacy—C. W. Crossfield, mgr.

Back From the East.

John Walker returned Sunday from Iowa and Missouri, where he went several weeks ago with a shipment of horses. He succeeded in disposing of his stock at fair prices, but says that heavy draft horses are not worth more there than they are in Oregon. Mr. Walker says politics is waxing warm in the middle West, almost every town being torn up with political speeches and discussions of all shades of opinion. He heard Governor Roosevelt speak at Grand Island, Nebraska, where a large crowd assembled to hear the rough rider. The indications in that section of the United States, Mr. Walker says, are that the election will be very close.

Halstead-Barnard.

From the Long Creek Ranger we learn of the recent marriage of Mr. Albert Halstead and Miss Myra Barnard, at the home of the bride in Fox Valley. The groom is a brother of Miss Mabel Halstead, the popular teacher of the local department in our public school, and of Herbert Halstead of the Lost Valley Lumber Company. With his brother Harry, who was a former resident of this place and Lost Valley, he is engaged in the sawmill and lumber business on Beech creek, near Fox Valley.

Rebekah Lodge Instituted.

Minnehaha Lodge, No. 100, Rebekah Degree, I. O. O. F., was instituted in the lodge room in Armory hall on Monday evening by Mrs. Ella Angell, of Mayville, District Deputy Grand Master, assisted by other members of the Mayville and Fossil lodges. The lodge started with 17 charter members, with good prospects for numerous additions in the near future. The following officers were selected.

N. G., Mrs. Clara Darling; V. G., Miss Mabel Halstead; R. S., Mrs. Anna Johnson; F. S., Mrs. Mary Portwood; Treasurer, Mrs. Minnie Wilcox.

Visitors present were: Dr. and Mrs. Shaw, Mrs. A. B. Lamb, of Fossil; Mr. and Mrs. Taylor, Mrs. J. F. Dyer, Mrs. Ella Angell and Mrs. McConnell, of Mayville.

After the work at the hall was finished a banquet was served at the Condon Hotel, to which all did ample justice.

The lodge starts under favorable auspices and promises to be a valuable addition to Condon's societies.
