We aim to make the paper the leading news medium of the county and invite our friends to assist us by sending in the news of their respective localities. Correspondence must be signed by the writer, not necessarily for publication, but as a guarantee of good faith, and the Globe assumes no responsibility for opinions expressed by correspondents.

ABOUT SCHOOLS.

One of the worst mistakes common among farmers, says an exchange, is the attitude (or lack of attitude) usually taken toward the education of their children. Few visit the schools where their children are trained for weal or woe. The hired man is watched very carefully about the caring for the cattle and hogs, but the individual who is appointed to care for the children six hours every day is often a stranger to parents or guardians. Some say, "I am no teacher and believe in leaving the work to the ones who profess to be able to teach." But we must remember that our presence at school may be of great value in encouraging him who knows how to do better and to keep our children, and their teacher, from getting careless and negligent of duty. How much good our presence and an encouraging word now and then may do, eternally only can fully answer, and how much evil a careless, indifferent manner—a grumbling about "that teacher" in the presence of our children—may do, can never be fully realized. Another common mistake consists in hiring teachers with reference to salary only. Many is the term of school taught each year by weak, incompetent teachers, simply because they will work cheap, when \$5 or \$10 a month would secure a live, wide-awake teacher who would be a power for good in the school, instead of allowing open disobedience and careless, unscholarly habits to be formed. The wise farmer considers it poor economy to let a good hand go for the sake of a few dollars increase in wages. Why not apply the same principle to teachers where the result of poor work cannot be estimated in dollars and cents only. Ten dollars more a month to secure a good teacher may mean 25 cents or 50 cents more a month from you. If you are poor your burden will be correspondingly light, while your children will receive as much benefit from the superior training of a good teacher as your wealthy neighbor's, and if wealthy you can hardly contribute to a better cause and at the same time be throwing safeguards around yourself and property. "Ignorance is the curse of God, knowledge the wing wherewith we fly to heaven." It often happens that very poor people with large families object to building a new school house, hiring a good teacher or purchasing a library, when the extra tax would not cost as much as a single vice would cost in a week. A man in a city in this state spent a great deal of time arguing against building a new school house, the cost of which, it was ascertained, would increase his taxes ten cents.

SOMETHING ABOUT ODD FELLOWSHIP.

The following from the New Age, the official organ of the California Grand Lodge, I. O. O. F., will be of interest: "During the year 1897, 87,613 brothers and 5,707 widowed families shared in the \$3,422,086.50 distributed in relief. "During the year 1899 in the territory under the immediate supervision of the Sovereign Grand Lodge the net gain in membership was 42,669, and at the close of that year the total membership was 1,063,572. The total revenue of the order for that year was \$9,648,080.86, an increase over the preceding year of \$876,687.30. The total expenditures during 1899 was \$7,994,524.85, leaving a surplus revenue of \$1,653,556.01." Whose pen can write, whose tongue can utter language that will convey an idea of the value of Odd Fellowship to the world?

A Thousand Tongues

Could not express the rapture of Anna E. Springer, of Philadelphia, when Dr. King's New Discovery cured her of a hacking cough that for many years had made life a burden. She says: "After all other remedies and doctors failed it soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." Dr. King's New Discovery is guaranteed to cure all troubles of the Throat, Chest or Lungs. Price 50c and \$1.00. Trial bottles free at Condon Drug Co's.

School Notes.

NELSON R. BROWN, School Editor.

Mr. and Mrs. E. A. May visited the school last Friday. The regular monthly examination will take place the last of this week. The exercises last Friday afternoon passed very quietly, with a few visitors. Misses Lilla Clark, of the eighth grade; Jennie Bolding, of the seventh grade, and Lizzie Armstrong, of the first grade, were absent this week on account of sickness. Six new pupils were enrolled in the primary room this week—Myrtle Moore and Mabel Boyer in the first grade; Pearl Moore, Myrtle Boyer and Earl Rinehart in the second grade, and Irene Moore in the third grade. There is now appearing upon the register 33 pupils of the principal's room and 61 in the primary room, it being very crowded in the primary department. The teacher is compelled to place the pupils three in a seat. The pupils of the Condon public school met in the principal's room on Friday evening, the 12th inst., and perfected the organization of the literary society, by the adoption of a constitution and by-law and the election of officers for the term of three months. The officers elected were: James Burns, President; Gussie Darling, Secretary; David Duthie, Treasurer. After the organization the club decided on the following for a question of debate: "That the Fear of Punishment has a Greater Influence on Human Conduct Than the Hope of Reward." We organize with 25 enthusiastic members.

Arlington.

Independent Oct. 12.— W. R. Boyer, county commissioner, of Olem, was in our city yesterday. William Smith, the sheep king of Oroq, spent Friday morning in the city, returning home in the evening. Miss Mabel Randall, of Olex, was in town Thursday while on her way to Portland to attend school. In Portland she will make her home with the family of L. O. Ralston. L. C. Edwards spent the past week here looking after business matters. The Independent is informed that Mr. Edwards may sell out his interests in Sampster and remove to this city. Wm. Matlock, of Pendleton, who was on the train yesterday on his way to Heppner, stated within the hearing of a representative of the Independent that he believed Bryan would carry Umatilla county this fall. Frank Patterson, a former resident of this place, who for some time past has been engaged in the saloon business at Fossil, has disposed of his interests in that town and is back among us to reclaim his residence here. L. O. Ralston passed through this place this morning en route to Huntington. He was joined here by J. A. Edelman, who will show Mr. Ralston over his rich gold diggings on Snake river in that vicinity. Mr. Ralston expects to lease the claim to work it this winter.

LONE ROCK.

Wood hauling is all the rage in our vicinity. Nora Ward is very sick and has been for several days. Rev. I. D. Brown is over in Fox Valley building a church. He expects to be there for a couple of months. Andrew Neel and wife went over to Antelope to attend the races which are now in progress at that place. Little Alva Bennett had the misfortune to fall and break his arm last week, but is getting along nicely now. Rev. James M. DeMoss and wife, of Grass Valley, were visiting friends in our borg for a few days last week. The old gentleman preached in the Baptist church Sunday. The Artisan Lodge gave a free blow-out last Friday night of a pleasant evening's entertainment and an excellent supper, which the members and outsiders enjoyed immensely. J. M. Williams and Morgan Ward arrived home the first of the week from their trip to Astoria. They took a look at the great Pacific ocean for the first time while they were down, and consider it the greatest sight their eyes ever beheld.

OLEX.

Peter Conroy has moved his family to town for the winter school. There is a new building going up in town. Some say it is to be a wholesale liquor house. The last thrasher in this neighborhood—Cameron & McDonald's—closed its run this week. Miss Mattie Woodland has gone to Arlington to attend school. Her sister Elida is attending our school. L. Wheeler has about recovered from his lameness which was caused by a wheat wagon running over his ankle. Dodson and Fairfield have dissolved partnership. Fairfield has left town and Dodson is running the shop alone. L. O. Ralston has bought off the renters on his farm near Arlington, and proposes to have a little experimental knowledge of the farming art. Bill Snell has rented his father's farm and bought the stock and implements. He is going to "hit it hard" and we bespeak for him success. There is no place like Gilliam county for expansion. B. T. Snell and wife have quit the laboring farm life and moved to Arlington. They have resided in this community for sixteen years, and will be missed and remembered by their old neighbors. When you cannot sleep for coughing, it is hardly necessary that any one should tell you that you need a few doses of Chamberlain's Cough Remedy to allay the irritation of the throat, and make sleep possible. It is good. Try it. For sale by The Hudson Pharmacy. —C. W. Crossfield, mgr.

SHERIFF SALE.

Notice is hereby given that an execution and order of sale was issued out of the Circuit Court of the State of Oregon, Gilliam County, on the 2nd day of October, 1900, upon a decree thereupon rendered on the 17th day of September, 1900, in favor of The American Mortgage Company of Portland and against certain E. Crum et al. defendants, which said execution and order of sale is to be directed and commanded to sell the property hereinafter described, for the purpose of satisfying the judgment of the plaintiff in said cause for the sum of Two Thousand Eight Hundred One and 76/100 dollars with interest thereon at 8 per cent per annum from the 17th day of September, 1900, and the costs and disbursements of said suit taxed at \$15.00, and \$100.00 attorney fees and \$45.38 for taxes paid on mortgaged premises. Therefore, in compliance with said execution and order of sale, I will on Saturday, November 3, 1900, at the hour of 10 o'clock a. m. at the Court House door in Condon, Gilliam County, Oregon, sell at public auction to the highest bidder for cash in hand for the purpose of satisfying the judgment and decree above mentioned, the following described real property, to-wit: The Southeast Quarter Section Twenty-seven (27); the Southeast Quarter Section Thirty-four (34); the Northwest Quarter Section Twenty-six (26); and the Southwest Quarter and the Southeast Quarter of said section Twenty-six (26), all of said land being in Township one (1) North of Range Twenty-one (21) East of the Willamette Meridian, in Gilliam County, State of Oregon, and containing 800 acres or less. Dated this 2nd day of October, 1900. W. L. WILCOX, Sheriff of Gilliam County, Oregon.

NOTICE OF FINAL SETTLEMENT.

Notice is hereby given that the undersigned, administratrix of the estate of Thos. J. Young deceased, has filed in the county court of Gilliam county, state of Oregon, her final account as such administratrix of said estate and that Tuesday, November 6, 1900, at 2 o'clock P. M., has been fixed by said court as the time for hearing objections to said report and the settlement thereof. MARY A. YOUNG, Administratrix of the Estate of Thos. J. Young, deceased.

To the Consumers of Gilliam County:

We desire to state that we are determined to reduce our large stock of goods and for the next 90 days will make great reductions in all lines for cash. By referring to your local papers you frequently note the ad. of inferior merchants who, with conspicuous signs, say: "We sell at Arlington prices." Is this not evidence that the Arlington merchants must lead in low prices or there would be no need for such statements? Before purchasing your fall supplies or the smaller bills get prices from us. In agricultural implements we have the favorite Monitor Drills subject to four attachments, viz, hoe, disc, press wheels or shoe. The Oliver and Flying Dutchman Plows are hard to beat for good clean work, durability and lightness of draft. It is no longer an experiment to buy a Bain or Stoughten wagon, as they have but few if any competitors when strength and light-running qualities are considered. If you anticipate treating yourself to a new buggy or hack do not purchase until our new car load of the old reliable Racine rigs reach us, which will be here in September. When in need of a chop mill, hay press, windmill, sewing machine, or any kind of machinery used on the farm, write us for prices and we will treat you right.
