

LOCAL NEWS.

Clyde Powers left for Portland Monday on a business trip.

Lizzie Armstrong, eldest daughter of Mr. and Mrs. R. E. Armstrong, is on the sick list.

Miss Nora Carson came out from Portland last Thursday to visit her sister, Mrs. J. F. Gullette.

Wm. Rottle, the well-known sheepman, was in town the first of the week from Mayville precinct.

William Looney, who has been tending camp in the mountains all summer, is back to civilization again.

R. R. Flint, a brother of Clyde Flint, who came out from Iowa a few months ago, left for Portland Tuesday.

Joe Trevatt has several tons of fine cabbage for sale. Leave orders at P. H. Stephenson's or Dunn Bros.' store. d33.

Sam E. Van Vactor, the popular attorney, left Sunday for Portland on a business trip.

Mr. and Mrs. F. Adlard, of Ferry Canyon, made a trip to Arlington last week to bring out their winter supplies.

P. H. Stephenson is down with an attack of the prevalent fever. S. B. Barker is also a victim of the disease.

George Gillette arrived from Montana last Saturday evening and, with his family, will locate in Condon. Mrs. Gillette, who is a sister of W. A. and L. W. Darling, has been here for several weeks visiting her brothers. The family will reside in the Parrazo house on north Main street.

Mrs. Clara Darling is sole agent for the reliable cloak and suit house of Chas. A. Stevens & Bros., Chicago. Ladies requiring anything in this line should consult her. Lowest prices and no express charges. Goods delivered at Condon. Full line of samples of all goods handled. Give her your order.

E. M. Clymer has been appointed postmaster at Fossil, vice L. J. Gates resigned. Dick Croker, of New York, as well as many local democrats—is of the opinion that Mr. Clymer's term will be a short one, and that it will expire, as a matter of political expediency, shortly after the fourth of next March.

David Russell, one of Gilliam county's prosperous young farmers, was transacting business in Condon last Thursday, and found time to make this office a pleasant call. Mr. Russell says the recent heavy rains, followed by warm sunshine, have given the grass a good start, and that range stock will not suffer this winter for want of grass.

In our mention of the institution of the Rebekah lodge, at this place, in our last issue we failed to note the presence of John F. Pinkham, who acted as Grand Secretary during the institution. Mr. Pinkham is a member of the Grand Lodges of California, both the regular lodge and the Rebekah's, and is a most enthusiastic worker for the order-at-large.

A letter recently received by Mrs. Dyaart of this place from Rev. M. Healy announces the fact that he does not expect to again take charge of the Congregational church. His father's continued illness necessitates his giving up the work at this place. Rev. M. Curran will conduct services next Sunday, morning and evening, in the Congregational church. All are most cordially invited to these services.

Masses, L. A. Forshaw and J. P. McManus, of Pendleton, were here a few days during the week in the interest of the Northwest Livestock and Wool Grower's Journal, which is published at Pendleton. The Journal is a new publication and is calculated to fill the Northwestern field as a sheepman's publication. We believe the gentlemen above mentioned contemplate issuing a special Gilliam county number of the Journal, for which they are now collecting material.

The Order of Eastern Star held an interesting meeting in their lodge room in Masonic Hall last Saturday evening. Worthy Grand Master Mrs. Jessie Vert, of Pendleton, was present on her official tour of visitation and in addition two new members were admitted to fellowship in the lodge—R. M. Johnson, of Lone Rock, and Mrs. S. K. Luna, of this place. Refreshments were served in the lodge's banquet hall, after the lodge work was finished, and a most pleasant evening is reported by those who were present.

J. J. Gates, formerly postmaster at Fossil, has returned from an Eastern trip of two months' duration. While away Mr. Gates visited his old home in Missouri and also many points of interest in the middle states. He went east over the Canadian Pacific, returning over the Southern Pacific. Mr. Gates visited the stricken city of Galveston a few days after the hurricane, and says no tongue or pen can fully portray the horror of the situation there. Mr. Gates is now located at Arlington, where he has accepted a position with Shurtle & Weir Co.

Mayor Dunn informs us that on Monday he ordered 300 pounds of chloride of lime for the city, to be used as a disinfectant. This is a step in the right direction on the part of the authorities and it should be followed up by a vigorous campaign against every unsanitary condition which may be found to exist in the town. We are "up against" a serious proposition, so far as the health of our town is concerned, and the sooner every citizen realizes this fact and takes vigorous measures to put the town in good sanitary condition the better for all concerned. There is no use in trying to dodge an issue of this kind.

Wm. Rottle was in town during the week.

T. G. Johnson is in Portland this week on a business trip.

Mrs. Godfrey Schilling has gone to Michigan to visit relatives.

The new building of Johnson & Pliter is finished and the firm is now ready for business.

T. J. Jordan, a former resident of this place, but who has been away from here for a couple of years, returned Tuesday. He has been in Idaho and California.

Mrs. Blaine Maloy and her guest, Miss Mullholten, were in from Ferry Canyon Monday calling on friends. Miss Mullholten's home is in the Willamette valley.

L. R. Price will begin next week the erection of a new dwelling for M. P. Baiding, on his ranch in Ferry Canyon. The building will be a substantial two story edifice.

Brit White was in town Tuesday. He reports everything booming in Ferry Canyon. Pleasant, social dances were given last week at the homes of Marion Wilkins and Mr. Washburn, which were highly enjoyed by the young people.

J. K. Fitzwater, Lewis Barker and Frank Caldwell returned from Wyoming Tuesday. Mr. Barker has been in that state for a year and a half, where he is engaged in the sheep business. Mr. Caldwell went there last spring, and Mr. Fitzwater left here a few weeks ago to look after his sheep flocks there.

Dr. Gullette's condition has been very serious for several days. Dr. Shaw was called from Fossil on Tuesday to see him and pronounced him dangerously ill. The patient was slightly improved yesterday morning, and in the afternoon was thought to be some better. Mrs. Gullette is also seriously ill with the same disease.

Dead—Saturday, October 13, 1900, at Mayville, Naomi, the infant daughter of Mr. and Mrs. W. G. Keys, after a short illness. The funeral occurred on Sunday, the services being conducted by Rev. Edward Curran, of this place. The stricken parents have the heartfelt sympathy of a large circle of friends in this and adjoining counties.

Prosperous Towns.

The Globe man enjoyed a trip to the northern end of the county last week and found our neighbors in that region enjoying a fair measure of prosperity. The threshing is finished and the road is lined with wheat teams going to and from Arlington, the principal shipping point of the county. So rapidly is the grain rolling in that the two big warehouses, the Interior and the Arlington, are almost swamped with wheat, though both establishments have largely increased their capacity for this season's crop. The price is still unsatisfactory, but it is hoped that an advance will soon occur which will justify the growers in putting their crops on the market.

Difficulty has been experienced in getting cars with which to move the wheat to tidewater, but this trouble was being overcome at the time of our visit.

While the Arlington merchants say their trade is fairly good now it is nothing to what they expect once the wheat market opens up and money begins to circulate more freely. A visit to the business places of Lord & Co., Shurtle & Weir Co., general merchandise; J. H. Wood, furniture, and R. H. Robinson, jeweler, revealed the fact that these firms are loaded with fine goods for the fall trade. They are all reliable firms and any of our readers who have occasion to trade in Arlington should call and see them. Their advertisements will be found in the Globe and will prove interesting reading to bargain hunters.

At Olex we found a busy little town. Wade Bros., the leading merchants of that place, report a fine trade and expect to see it continue to increase as the season advances. They carry one of the largest stocks of general merchandise to be found in the county. See their new ad. in another column.

Considerable building is going on in the vicinity of Olex, and altogether the country shows a prosperous condition.

Job Couldn't Have Stood It

If he'd had itching Piles. They're terribly annoying; but Bucklen's Arnica Salve will cure the worst case of Piles on earth. It has cured thousands. For Injuries, Pains or Bodily Eruptions it's the best salve in the world. Price, 25c a box. Cure guaranteed. Sold by Condon Drug Co.

Charged With Forgery.

W. J. Parker was brought out from Arlington yesterday by Constable T. D. Sreetin and lodged in jail here on the charge of forgery.

Parker has been working for Dan Cameron on Shuttler Flat for some time and was paid for his work by his employer with a check on the Arlington National Bank. He went to town one evening, got the check cashed and the next day secured three blank checks, which, it is alleged, he proceeded to fill out in Mr. Cameron's name. He succeeded in getting the paper cashed and was in the act of taking a "blind baggage" out of town when arrested by Mr. Sreetin.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Jesse Barton arrived from the mountains yesterday, where he has been since May with a band of sheep. Jesse looks as though the mountains have agreed with him, and says life in a sheep camp is all right.

Stops the Cough and works off the Cold.

Laxative Bromo Quinine Tablets cure a cold in one day. No Cure, no Pay. Price 25 cents.

Jackson & Dyaart have dissolved partnership, Mr. Dyaart retiring from the firm. The business will be continued as before, by Mr. Jackson.

To All District School Clerks of Gilliam County.

The clerk of each district in the county should have in his possession at this time: One copy of the School Laws of Oregon, edition of 1899; one copy of State Manual of the Course of Study; one School Register (New Form); one District Clerk's Record Book and one Book of Orders on District Clerk.

These books are the property of the district, in the care of the clerk. The School Register and Course of Study, during the time school is in session, are in the care of the teacher and should be returned to the clerk at the close of school. If you have not been supplied with all of these, please notify this office at once.

Each district clerk has been supplied with one copy of the New School Law, edition of 1899. We have no more on hand. They are for sale, we learn, by the Statesman Publishing Co., of Salem, Oregon, at 25 cents each, post paid.

You will please see that teachers comply with instructions sent from this office in regard to transferring the records of all schools taught in your district since March 1, 1900, from the old register to the new. This is very important and this office insists upon its being done.

If the term of school closes before the first Monday in March, and at a time when you do not know whether or not there will be any further school during the current year, be sure that your teacher makes the proper report, for if the report is not made then your district will be left without a proper report, which may seriously damage your district in regard to next year's apportionment. We will add by way of explanation that the New School Register only provides that the teacher make a report when he is teaching at the close of the school year. Those of our teachers who were present at our institute will readily recall Superintendent Ackerman's explanation of this matter, coupled with his instructions upon the same, which we have tried to reproduce in this paragraph.

All persons holding State Diplomas or State Certificates, before engaging to teach in any public school in this state, shall present such diploma or certificate to the school superintendent in the county in which the holder proposes to teach, to be registered by the county school superintendent of said county.

Whenever a contract has been made with a teacher the district clerk should immediately notify this office, using the form supplied for that purpose.

Remember that I am at your service at any and all times. Call and see me or write to me upon any matter connected with your school. Your communication will receive due consideration and a prompt reply.

Respectfully,
W. E. NEAL,
County School Superintendent,
Condon, Ore., Oct. 13, 1900.

It Happened in a Drug Store.

"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. C. R. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a good recommendation for the remedy." It is for sale by The Hudson Pharmacy—C. W. Crossfield, mgr.

The Dalles Carnival.

The Dalles carnival and street fair, held last week, was quite successful. The writer had the pleasure of visiting the fair on Friday and is constrained to say that the display of fruits etc. was the finest he ever saw in any country. Hood river and Mill creek valleys did themselves proud and Waco county and The Dalles have nothing to be ashamed of so far as the fair is concerned. A 120 pound pumpkin was one of Hood River's attractions and all Missourians and other Eastern pie lovers lifted their hats reverently when they stopped to admire it.

The Midway was the same old Midway, but it seemed to catch the dimes just the same as of yore.

The Dalles people are royal entertainers and visitors to the carnival were given the best the city afforded.

"For three days and nights I suffered agony untold from an attack of cholera morbus brought on by eating cucumbers," says M. E. Lowther, clerk of the district court, Centerville, Iowa. "I thought I should surely die, and tried a dozen different medicines but all to no purpose. I sent for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and three doses relieved me entirely." This remedy is for sale by The Hudson Pharmacy—C. W. Crossfield, mgr.

After the Pigs.

At a meeting of the city council held on Tuesday a resolution was passed declaring pigs and pig pens within the city limits to be a nuisance. This is a step in the right direction and if the council will follow it up with an ordinance prohibiting the dumping of slops and refuse either in the old freest sewer or anywhere else within the city limits they will be following the right course. While pig pens are neither ornamental nor useful to the public-at-large, there are other nuisances within the city limits which are a great deal worse than pig pens.

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. The Hudson Pharmacy will refund your money if you are not satisfied after using it. It is everywhere admitted to be the most successful remedy in use for bowel complaints and the only one that never fails. It is pleasant safe and reliable.
