

LOCAL NEWS.

Will Hartman is seriously ill this week. C. W. White was in from Papersack Tuesday. Dr. Nicklin has returned from a visit to Portland.

H. H. Hendricks was over from Fossil during the week. Orin Jackson is seriously ill with fever at the Rinehart hotel.

Albarn Moore is suffering this week from a carbuncle on his face. J. B. Crossfield, of Portland, visited his son, C. W. Crossfield, the first of the week.

Mr. and Mrs. M. E. Summers, of Matney Flat, were in town Saturday night and Sunday. Wheat teams rolled through town Monday by the dozen. If the price would only advance, Gilliam county farmers would be all right.

Harbert Halstead, the Lost Valley sawmill man, was in town yesterday. Mr. Halstead's family will reside in town during the winter. Rev. Tonkins, of Fossil, will preach in the Baptist church at this place next Sunday at 11:00 a. m. and at 4:00 p. m. Sunday-school at 9:00 p. m. All are invited to these services.

Capt. Whistler, late of the Condon Drug Co. of this place, started from Portland for England about two weeks ago on a visit to relatives. He expects to return to the Coast in about two months. Sam E. Van Vactor returned Saturday from Portland, where he went to transact business in the U. S. court. He says Portland republicans are much concerned over the probability of New York going for Bryan.

J. W. Clark, of Ferry Canyon, has leased his ranch to Wilbur Pryor, and, with his family, has gone to Bonner's Ferry, Idaho, where they will spend the winter. If the country suits them they may decide to locate there permanently. Cooke Bros. finished their last job of threshing last Friday at J. C. Cooney's ranch and pulled their machine in. During the season they threshed 45,634 sacks of grain, or about 104,928 bushels. This is perhaps the best run made in the county this season.

H. W. Paulling, formerly of the Condon Drug Co. of this place, writes to have the address of his copy of the Globe changed from Oswego to Portland. He has accepted a position with S. G. Skidmore & Co., chemists and apothecaries of that city, and says he has a good job. William Looney, who went to the mountains last spring as camp tender with less than 4000 head of sheep, returned with 3018 head last week. This was a small loss for a summer campaign in the mountains in these days and the record shows Mr. Looney to be an efficient sheepman.

Mrs. F. M. Strickland arrived Monday from Douglas county, being called here by the alarming illness of her son, W. E. Miller, who is very low with typhoid fever. Dr. Ruddy was called from Arlington Saturday night to see Mr. Miller, and he pronounced the patient as being in a critical condition. Judge Magers, of Portland, opened the republican campaign here last evening. A fair sized crowd, many of whom were democrats, turned out to hear the speaker but enthusiasm was at a discount. The speaker perhaps done his best to entice the audience but it was a hard job to prove that Bryan is solely responsible for the trouble and that the dear good republican party is the only friend of the people.

Tom Fortwood is one of the busiest men in Condon this fall. In addition to his big harness trade his customers are calling on him for high grade stock saddles, and he is working nights this week trying to keep in sight of his orders. His first saddle has just been turned out and it is pronounced by competent judges as one of the best. Tom may not be "the only saddler in town," but he is certainly one of them and the same remark will apply to the harness line.

A warrant was issued from Justice Neal's court last Thursday morning for the arrest of H. C. Strickland, the well-known Hay creek rancher, the complaining witness being County Surveyor L. W. Darling. The complaint alleges that Strickland tore down and removed a fence which had been erected by Darling. It seems that the two men, who are neighbors, have had more or less trouble for some time over fences, boundary lines, etc., and this case is probably a culmination of the trouble. Mr. Strickland was on his way to Arlington when arrested and the case was postponed until Monday at 10 o'clock to give him time to get back. On Monday the case was continued until Tuesday and the forenoon of that day was consumed in securing a jury. The jury, as finally empaneled, consists of the following citizens: W. S. Myers, J. J. Fortwood, John Palmer, H. G. Jordan, A. J. Moore and E. A. May. Sam E. Van Vactor appeared for the state, and Hendricks & Bowerman for the defense.

Tuesday afternoon and Wednesday forenoon was consumed in hearing the evidence of the state's witnesses and at the conclusion of that side of the case the court, jury and interested parties repaired to Hay Creek to view the situation at close range. On their return the defense began the examination of its witnesses which was still proceeding when our forms closed.

School Notes.

Maud Ward is absent from the fifth grade on account of sickness. Two new scholars enrolled this week—Louisa Farrer in the seventh grade, and Laura Cordell in the first grade. Prof. Paul, who has been a teacher of penmanship in the Walla Walla Business College, visited our school this week.

At the close of the term the principal is going to give a gold pen, as a prize, to the pupil who improves most in writing during the term. We believe our school is among the highest in rank in the county for having the largest number of pupils who are almost grown. There are about 20.

Our literary society met last Friday evening, with great success. The question for debate, which was reported in our last communication, was decided in favor of the affirmative. The question for next meeting is: "That Poverty is the Cause of More Crime Than Ignorance."

The names of the pupils in the principal's room who were neither absent nor tardy during the past month are given below:

- Hazel Fitzwater, Abbie Darling, Walter Grider, Chas. Rice, Byron Springston, David Duthie, Florence Clark, Henry Morrill, Louise Morrill, Mark Fortwood, Bertha Trimble, Ellis Clark, Lillie Campbell, Ester Holenbeck, Belle Campbell.

In next week's report we will give the names of the pupils of the primary room who were neither absent nor tardy last month. There has been four cases of tardiness this month, caused by pupils who came several miles in from the country.

Mr. and Mrs. Talbot, of Vancouver, Wash., were here the first of the week on account of the alarming illness of Mrs. Talbot's brother, Dr. J. F. Gullette. His condition was reported as about the same yesterday.

A Thousand Tongues. Could not express the rapture of Annie E. Springer, of Philadelphia, when Dr. King's New Discovery cured her of a hacking cough that for many years had made life a burden. She says: "After all other remedies and doctors failed it soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the Universe." Dr. King's New Discovery is guaranteed to cure all troubles of the Throat, Chest or Lungs. Price 50c and \$1.00. Trial bottles free at Condon Drug Co.'s.

Our town is soon to have another store, according to reports. R. E. Smith and family, of North Yakima, are visiting with the family of O. S. Ebi this week. Virgil Homer Mozart Kirby, the celebrated violinist, has returned from the Valley and will visit with his sister, Mrs. Reed, this winter. Goose hunting is the order of the day. Quite a number have been killed lately by our local sportsmen.

Our play loving people enjoyed, not a play, but a scientific explanation two nights last week. Quite a number of Mayville and Condon people were in with wheat Tuesday.

Job Couldn't Have Stood It. If he'd had Itching Pills. They're terribly annoying, but Bucklen's Arnica Salve will cure the worst case of Piles on earth. It has cured thousands. For hemorrhoids, Pains or Itchy Eruptions it's the best salve in the world. Price 25c a box. Cure guaranteed. Sold by Condon Drug Co.

Considerable rain fell here last week. John Knox was over from Condon last week. Oliver Ward was a visitor on the creek last Friday. D. F. Stricklin went to Condon last Saturday. Miss Mary Marker was a caller on the creek Sunday.

Lee Paul made a business trip to Portland last week. George Land, of Eightmile, gathered fruit here last week. J. W. DeMent, of Fossil, called on his Rock creek friends Monday. Frank Little went to Gooseberry last Friday on important business.

William Farr, the Rock creek butcher, was up the creek buying beef cattle the first of the week. Miss Edith McKinney, who has been teaching school at Hardman, is visiting her parents on the creek. The grand ball at Olex last Friday night was a grand success. All present enjoyed themselves immensely.

Mr. and Mrs. J. W. Clark, of Ferry Canyon, were visiting on the creek Sunday while on their way to Bonner's Ferry, Idaho, where they will spend the winter.

TO CURE A COLD IN ONE DAY. Take Laxative Broom Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box.

Struck It Rich. Ed Palmer has returned from the Seven Devils country, in Idaho, where he has been prospecting for several months. Mr. Palmer and his associates discovered and located an immense vein of ore which they say is 1700 feet between walls. The ore is low grade, but the abundance of it leads them to believe that they have struck a bonanza. The claim is only five miles from the famous Pasocook copper mine, and is but a short distance from the survey of a proposed railroad which will run up Snake river from Lewiston.

Stops the Cough and works off the Cold. Laxative Broom-Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25 cents.

To the Teachers of Gilliam County.

I wish to call your special attention to the importance of keeping full and complete school records. In schools of the state it has been the custom to make a record only of the names, ages, attendance and department of pupils, while but little if any attention has been paid to keeping a record of their classification and progress. A record of the classification, progress and promotion of pupils is essential to establishing and maintaining a continuous course of study in schools.

A record should be kept of the classes which each pupil enters, the time of entering, his standing in each class, his promotion, and suggestions to the succeeding teacher. You will find the New School Register well designed for this purpose, and it should be scrupulously kept, as a proper classification depends upon well kept records.

According to State Superintendent J. H. Ackerman's instruction to the teachers at our institute held in Condon during August, it will be necessary for you to transfer the records of all school taught in the district since March 1, 1900—whether you had charge of the school at that time or not—from the old Register to the new. Be sure that you do not neglect this work. If you have not already attended to this matter, let it be your next work, for this is essential in order that you may be sure to include this in your report, which you will have to make the last Friday in the school year, or earlier if ordered so to do by the school officers in the district in which you are teaching.

Rule XLVI of Rules and Regulations of the State Board of Education provides that, "When a contract has been entered into between the teacher and the proper school officers of any school district the teacher shall immediately notify the county school superintendent in writing of the same, using the form supplied by the State Board of Education." (Form 30 in School Law). You will also note that you are required to make a report of "Program and Classes" within 15 days after beginning a term of school in any district, using the form and blanks found in the New Register.

In conclusion I will again call your attention to our Course of Study, and urge you to study and be guided in all your school work by the same. I hope the teachers of Gilliam county will not be less enthusiastic and earnest in supporting our able state school superintendent's efforts to introduce system in our public schools than the teachers of other counties. And I also hope that, in making my annual report next year, I may be able to say that the teachers of this county are in line with our State School Authorities in educational matters, and that every teacher in the county has endeavored to the best of his or her ability to comply with the wishes of our state school superintendent so plainly and forcibly expressed in both the New Register and the Course of Study. If you are not supplied with the New Register, inform the clerk of the district in which you are teaching and request him to write to this office for one, but should he fail to do so, write to this office yourself and you will be supplied with one immediately.

W. R. NEAL, County School Superintendent. Condon, Ore., Oct. 22, 1900.

It Happened in a Drug Store. "One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. C. R. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a good recommendation for the remedy." It is for sale by The Hudson Pharmacy—C. W. Crossfield, mgr.

The city marshal was busy yesterday distributing chloride of lime in the places where it was most needed throughout the city. The old sewer—so called—received [the lion's share of attention and not without cause. That receptacle for filth would better be filled up and the flood water allowed to find its way over the surface until such time as the city is able to construct a proper sewer.

"For three days and nights I suffered agony untold from an attack of cholera morbus brought on by eating cucumbers," says M. E. Lowther, clerk of the district court, Centerville, Iowa. "I thought I should surely die, and tried a dozen different medicines but all to no purpose. I sent for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and three doses relieved me entirely." This remedy is for sale by The Hudson Pharmacy—C. W. Crossfield, mgr.

Ed McKinney came in Tuesday night from the mountains, where he has been enumerating his band of sheep. Ed is fat and hearty as a bear, and says the mountains is the only place to spend the summer. Cam Simpson, who is a partner with Mr. McKinney in a band of ewes purchased in Grant county a few months ago, will be in in a few days and Fred Donaldson is liable to come in with him.

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. The Hudson Pharmacy will refund your money if you are not satisfied after using it. It is everywhere admitted to be the most successful remedy in use for bowel complaints and the only one that never fails. It is pleasant and reliable.

LOST. A pair of spectacles, in a black case, on the road between Condon and John Maddock's ranch. Finder please return same to John Maddock or leave at this office and receive reward.
