Andrew Greiner was over from Mayville precinct Tuesday. He met here Mr. Simmons, his brother-in-law, who is just out from the Willamette valley on a visit.

John Connolly, who has been in the mountains with sheep all summer, was in town Sunday for the first time this fall. John says the flocks in his charge came out in good condition.

H. C. Bryson, of Weston, came in last Thursday to visit his father-in-law, J. H. Downing, and family. Mrs. Bryson has been here for several weeks visiting relatives and friends.

Jim Kiser, superintendent of roads for this county, is working a force of men on the Tenmile grade this week. That road was rendered almost impassable by the heavy waterspout last summer.

Mrs. Maley moved to town from Ferry Canyon last Saturday to give her grandchildren the benefit of our excellent public school during the winter. She is occupying the Fix residence on the east side.

Sam Jones, a well known resident of Lost Valley, has disposed of his interests there and expects to spend the winter at Portland. He also contemplates a visit to his old home in England in the near future.

George Schott is delivering the ballot boxes this week for the general election which will be held next Tuesday. Sheriff Wilcox is kept busy looking after the comfort of his guests at the Hotel de Holdum, and so got George to distribute the ballot boxes.

R. W. Crane, of Mayville, was in town Sunday on his way home from Hillsboro, Washington county, where he has been for a week or so looking after his property interests in that county. Mr. Crane says times are pretty hard among the farmers of that region, the outworn and other big gobs of prosperity being too much for the grangers.

James Simpson, a former resident of this region, but who now resides on the Clackamas river, about 20 miles from Portland, is here this week visiting old friends. Mr. Simpson expects to buy about 600 head of sheep here, which he will ship to his farm on the Clackamas. He was formerly engaged in the sheep business in this county.

A. Hartman made a flying trip to Arlington last Friday. He left here about eight o'clock in the forenoon, made the round trip and reached home again at three o'clock the following morning—almost 80 miles in 19 hours. One of his horses gave out on the return trip and he was obliged to secure a fresh one, but the other animal stood the round trip all right.

B. K. Seary went through Monday with a load of wheat for Arlington. B. K. recently returned from a deer hunt in the breaks of the John Day, and he did not return empty handed. On the contrary, he came in with a pack horse loaded to the guards with four big venison and, to keep it from spoiling, did not fail to remember the editor. It was the best venison we ever tasted and B. K. has our vote for boss hunter.

The Greiner & Dyer steam thrasher finished the season's run last Saturday at Emmett Armstrong's place in Ferry Canyon. The machine threshed about 65,000 bushels of grain during the season. No time whatever was lost during the run by breakdowns, but after finishing the last job and starting for home a pulley on the traction gave out, which necessitated a lay over on the road. E. T. Hollenbeck ran the engine during the whole season.

Don't overlook Dunn Bros.' new ad.

A heavy rain fell here Tuesday evening. C. W. Westfall was in from Clon yesterday.

Dr. Guillet, who has been very low for two or three weeks with typhoid fever, is improving very slowly. It is thought, however, that he will now recover.

One night last week some miscreant threw a rock through the glass door in the front of the Model restaurant in the Fix building. The old fashioned whipping post would be a proper mode of dealing with such offenders if they could be caught.

Hon. Wallace McCamant, of Portland, talked politics to Condon people last night from a republican standpoint, but he made the common error of his class in attributing all of the ignorance in the world to the democrats, and the way he ignored the trust question made it look as though he was afraid to tackle it.

School Notes.

NELLIE B. BROWN, School Editor.

Ether Hollenbeck and Weldon Darling were absent last week.

Nellie Springston and Myrtle Downer were absent one day last week on account of illness.

Minerva Neal visited both the grammar and the primary department last Friday afternoon.

Five new pupils were enrolled in the grammar department this week. Their names are: Isa Washburn, Anna White, Lee Shannon, Walter Farrer and Fred Farrer.

Having forgotten to mention the names of two of the pupils who were neither tardy nor absent, in the principal's room last month, we will mention them in this issue: Raymond Trimble and Nellie Brown.

Our literary and debating society met again last Friday evening and the question for debate, which was chosen at the preceding meeting, was decided in favor of the affirmative. The question for next meeting is: Resolved, That Washington Deserves More Credit Than La Fayette. Quite a number of visitors were present at last meeting—Meehanes Dunn, Pattison and Dysart; Messrs. As A Winter Resort.

Condon is rapidly coming to the front as a first-class winter resort and the rush so far this season is exceeding all expectations. The Hotel de Holdum, under the efficient management of Sheriff Wilcox, is already comfortably filled with guests, and its fame as a hostelry seems to have reached remote sections. The latest arrivals are registered as Ed Smith, Frank Johnson and Lloyd Dalton and the trio arrived Monday from Fossil, the county seat of Wheeler county. They are charged with burglary. Wheeler county always wants the lion's share of everything. She wanted more Gilliam county territory than she got. She failed to get as many votes in this county at the late election as she wanted; but now she walks off with the record of furnishing three fourths of our jail population. And only a short time ago Stewart threatened to do worse things to us if he could only get another Scotchman elected to office in Multnomah county. If such a catastrophe should happen Gilliam county will have to enlarge her jail, sure.

Mrs. Fred Munroe, of Arlington, is here this week visiting friends and relatives.

L. Comino, the marble and granite man, of The Dalles, was here for a few days the first of the week.

Six terrible failures of six different doctors nearly sent Wm. H. Mullen of Lockland, O., to an early grave. All said he had a fatal lung trouble and that he must soon die. But he was urged to try Dr. King's New Discovery for Consumption. After taking five bottles he was entirely cured. It is positively guaranteed to cure all diseases of Throat, Chest and Lungs, including Coughs, Colds, La Grippe, Pneumonia, Bronchitis, Asthma, Hay Fever, Croup, Whooping Cough. 50c and \$1.00. Mrs. N. H. Scoggins has moved with her family to the home of her son-in-law, Earnest Taylor.

Guy Nott spent a few days in Arlington the first of the week—while the doctor whittled a carbuncle off his neck.

Someone thought they saw McKinley on our streets the other day, but it was only Albert Miller feeling so important over his twin girls.

The young men in the neighborhood of Locust Grove have organized a band, and we expect soon to hear sweet music watted on the evening breeze.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy and find it to be a great medicine," says Mr. E. S. Phipps, of Poteau, Ark. "It cured me of bloody flux. I cannot speak too highly of it." This remedy always wins the good opinion, if not praise, of those who use it. The quick cures which it effects even in the most severe cases make it a favorite everywhere. For sale by The Hudson Pharmacy.—C. W. Crossfield, mgr.

Federal Grand Jury.

Clerk Sladen of the United States Circuit Court has made up the first list of 1000 names of taxpayers for exclusive use as federal grand jurors, the ratio being struck according to the population of the various counties.

Clerk Sladen made up the Multnomah county portion of the list from the tax roll of that county, and requested the county clerks of the other counties to send in the required number of names, irrespective of party. The following names were sent in from this county:

W. H. Colwell, farmer; T. C. Mobley, farmer; Josephus Martin, farmer; S. B. Barker, merchant; E. A. Stinchfield, stockman; T. G. Woodland, farmer; W. P. West, farmer; Ralph Froman, farmer; T. G. Johnson, farmer; George S. Blake, sheepman.
