

NOTICE. The Oregon State Board of Education...

The Newswoman Canal bill is likely to fall by the wayside in the present session of congress.

Stop the Cough and works off the Cold. Zestive Bromo-Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25 cents.

FOR TWO STATES. Pendleton Tribune.

The capital of the state is too remote from Eastern Oregon, and it costs too much money, and too much time for the people of this section to be able to afford to go to Salem to attend to their business.

Just think of it for a moment. The two Federal Senators are from the Willamette valley, and both Congressmen are from Western Oregon, for while The Dalles, from which Representative Moody hails, is nominally in Eastern Oregon, it is really a suburb of Portland, and is entirely dominated by Portland interests.

Among the tens of thousands who have used Chamberlain's Cough Remedy for colds and grippe during the past few years, to our knowledge, not a single case has resulted in pneumonia.

exceed Western Oregon in both. And what has the eastern half of the state got to show for its burden of taxes? Well, it sees Portland and other Western Oregon communities arbitrarily cut down the valuation of their taxable property by a score of millions to escape taxation.

What else? A few thousand dollars for exterminating wild animals. What else? Any Supreme Court Judges? Not exactly, but it does get a deputy Supreme Court clerk at a salary of about two-bits a day.

Spas will not permit mention of many other reasons for division, such as natural boundary lines, differing climate, different pursuits and the diverse temperaments of the inhabitants of the eastern and western sections.

A MASTER PRODUCTION. Recent Work Which is Up-to-Date and Finely Illustrated.

There was introduced in Condon this week, by a book man, Ellis' Standard History of the United States, in six volumes, in handsome bindings. The work is of exceptional merit and the price admits of every one having it.

Walla Walla, Wash., Nov. 3, 1900. Mr. E. A. Hackett: The set of Ellis' History of the United States ordered from you were duly received. I have carefully examined the several volumes and am highly pleased with the work.

The Dalles, Ore., Nov. 21, 1900. I have been using since May of this year, "Ellis' History of the United States," now being introduced by Mr. E. A. Hackett. I have found it quite satisfactory. The characteristic features of this work are clearness and directness of statement, making it everywhere attractive and interesting.

Communitated. Ed. Globe:—Gilliam county has now been organized about fifteen years and during all that time has been under practically the same financial management—a management that has boasted of our splendid financial condition, etc. But we have no court house. The "shed" in the center of the public square that the county owns seems ridiculously inadequate.

It is said that there are those who oppose the construction of a court house at Condon, with a view of ultimately locating the county seat at some other place.

Now, after all our struggle for the settlement of the seat of government, one would think the question forever settled.

It is observed that Wheeler county is now advertising for bids for the construction of a brick court house, and this when that county is less than two years old. Wheeler, with its good financial standing, or showing, is making us "think of those at home."

Let us have a court house. Locust Seed. OLEX.

L. O. Ralston is here hunting for loose change. Our passenger building is being reared slowly but surely.

W. A. Darling, of Condon, is doing inside work on Charlie Martin's house. The ground from slightly Sunday night, which stopped seeding for the time.

A force of men and teams are at work here on the new road from Condon to Arlington via Olex. Pat Head has leased his saloon to William Fletcher, of Arlington, who is circulating a petition for a retail license, but the temperance people say it is no go.

From reports, a great matrimonial wave will strike this community about holidays. If you see any of our boys around Condon looking guilty, please keep your eye on them and report their actions to us at once. Willie Ries returned Saturday from Washington, where he has been for the last two weeks with his best girl. We think his case needs investigating—with tin cans, cowbells, shotguns, etc.

BEECHER FLAT. Farmers are quite busy putting in their crops. Our school will start after the holidays, with Miss Belle Wilson as teacher.

Wm. Searcy moved to his new home last week, the John Grisham ranch. Mrs. Annie Ramsay, of Lost Valley, is visiting her parents, Mr. and Mrs. J. M. Carl.

Mrs. Wm. Searcy has gone to the Valley to spend the holidays with her sister, Mrs. Harolman. B. K. Searcy lost one of his best milk cows, caused by a sack of barley and an overdose of linseed oil, a few days ago.

WANTED—To hire a cheap boy to water a young man's fattening hogs and do other chores while he attends the revival meetings at Fossil. We had a two weeks' meeting at Beecher school house. There was much interest manifested with several conversions, and four uniting with the church.

The Flat was visited by a terrific wind storm three days last week, and on Saturday night some left their houses and sought refuge in their barns, as their height made it safer than the house. Mr. J. H. Downing visited at B. K. Searcy's last week, and both gentlemen canvassed the route from there to Fossil and via Mayville to Condon in the interest of the new road from Condon to Arlington, meeting with success in Fossil, Mayville and all along the route.

Notice to Sheepmen. A good sheep range to let from now until spring. Plenty of bunch grass. Good wind breaks, sheds, feed racks and all panels needed. Also house to camp in. For particulars apply to JOHN HARRISON, Thirty mile.

Is this not evidence that the Arlington merchants must lead in low prices or there would be no need for such statements?
