An Invitation to Women

All the world knows of the wonderful cures which have been made by Lydia E. Pinkham's Vegetable Compound, yet some women do not realize that all that is claimed for it is absolutely true.

If all suffering women could be made to believe that Mrs. Pinkham can do all she says she can, their suffering would be at an end, for they would at once profit by her advice and be cured.

There is no more puzzling thing than that women will suffer great pain month after month when every woman knows of some woman whom Mrs. Pinkham has helped, as the letters from grateful women are constantly being published at their own request.

The same derangements which make painful or irregular periods with dull backaches and headaches, and dragging-down sensations, presently develop into those serious inflammations of the feminine organs which completely wreck health.

Mrs. Pinkham invites women to write freely and confidentially to her about their health and get the benefit of her great experience with the sufferings of women. No living person can advise you so well. No remedy in the world has the magnificent record of Lydia E. Pinkham's Vegetable Compound for absolute cures of female ills. Mrs. Pinkham's address is Lynn, Mass.

Three Letters from One Woman, Showing how She Sought Mrs. Pinkham's Aid, and was cured of Suppression of the Menses and Inflammation of the Ovaries.

"DEAR MRS. PINKHAM—I have been in bed a year. Doctors say I have female weakness. I have a bad discharge and much soreness across my ovaries, bearing-down pains and have not menstruated for a year. Doctors say the menses will never appear again. Hope to hear from you."—MRS. J. F. BROWN, Holton, Kans., April 1, 1898.

"DEAR MRS. PINKHAM—I received your letter. I have taken one bottle and a half of your Vegetable Compound, and used two packages of your Wash, and feel stronger and better. I can walk a few steps, but could not before taking your Compound. I still have the discharge and am sore across the ovaries, but not so bad. Every one thinks I look better since taking your Vegetable Compound."—MRS. J. F. BROWN, Holton, Kans., Aug. 13, 1898.

"DEAR MRS. PINKHAM—I think it is my duty to let you know the good that Lydia E. Pinkham's Compound has done me. After I took three bottles, menses appeared, and I began to feel stronger and all my pain was gone. Yours is the only medicine that ever helped me. I am able now to work around the house, something I did not expect to do again."—MRS. J. F. BROWN, Holton, Kans., Jan. 25, 1899.

Three More Letters from One Woman, Relating how She was Cured of Irregular Menstruation, Leucorrhœa and Backache.

"DEAR MRS. PINKHAM—I am suffering and need your aid. I have pains in both sides of the womb and a dragging sensation in the groin. Menstruation irregular and painful; have leucorrhœa, bearing-down pains, soreness and swelling of the abdomen, headache, backache; nervousness, and can neither eat nor sleep."—MRS. CARRIE PHILLIPS, Anna, Ill., July 19, 1897.

"DEAR MRS. PINKHAM—I want to thank you for what you have done for me. When I wrote to you I was a total wreck. Since taking your Vegetable Compound, Liver Pills and Sanative Wash, my nerves are stronger and more steady than ever before, and my backache and those terrible pains are gone. Before I took your medicine I weighed less than one hundred and thirty pounds. I now weigh one hundred and fifty-five pounds. Your medicine is a godsend to poor weak women. I would like to ask you why I cannot have a child. I have been married nearly three years."—MRS. CARRIE PHILLIPS, Anna, Ill., Dec. 1, 1897.

"DEAR MRS. PINKHAM—I did just as you advised me, and now I am the happy mother of a fine baby girl. I believe I never would have had her without your Vegetable Compound."—MRS. CARRIE PHILLIPS, Anna, Ill., Jan. 27, 1899.

Proof that Falling of the Womb is Overcome by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM—When I wrote to you some time ago, I had been suffering from falling of the womb for many years without obtaining relief. Was obliged to wear a bandage all the time; also had bad headache and backache, felt tired and worn out. After taking six bottles of Lydia E. Pinkham's Vegetable Compound and four boxes of Liver Pills, I discarded my bandage and have not had to wear it since. I am entirely cured."—MRS. J. P. TROUTMAN, Box 44, Hamilton, Ohio.

"DEAR MRS. PINKHAM—For nearly two years I was unable to work. I was very weak and could not stand on my feet but a few minutes at a time. The doctors said I had falling and inflammation of the womb. I began to use Lydia E. Pinkham's Vegetable Compound, and after using five bottles I feel like a new woman."—MRS. P. N. BLAKE, Confluence, W. Va.

JOHN POOLE, PORTLAND, OREGON, can give you the best bargains in general machinery, engines, boilers, tanks, pumps, plows, belts and windmills. The new steel I X L windmill, sold by him, is unequalled.

COMMERCIAL AND FINANCIAL HAPPENINGS

A Brief Review of the Growth and Improvements of the Many Industries Throughout Our Thriving Commonwealth.

Ashland will try to secure several rural mail routes.

The national bank recently organized at Ashland will open February 2.

A co-operative creamery is to be established on the Coquile at Lee.

The Arlington warehouse is said to contain 250,000 bushels of wheat.

Cottage Grove will present a new charter to the legislature for aproval.

A cougar which had killed several valuable dogs was shot near Thurston.

The Roseburg marshal has received direction to purchase 100 dog license tags.

There was five inches of snow on the railroad at the summit of the Siskiyous.

Work has begun on construction of the Corvallis-King's Valley telephone line.

It is probable that a matting plant will be erected at the Iron Dyke early in the spring.

A McMinnville resident has a cat 21 years old which catches rats and mice almost every day.

Material for construction of the Corvallis-King's Valley telephone line has arrived at Corvallis.

Samuel Kunz has been appointed postmaster at Bethany, Or., vice Ulrich Gerbor, resigned.

The safety deposit boxes and vault door of the new Canyon City bank have arrived and are in place.

Sheep at Long creek are commanding top prices. As high as $2.50 per head has been offered for lambs.

J. C. Miller, of Glencoe, brought in the champion turnip of the season, the vegetable weighing 24½ pounds.

R. C. Goodwin, of Wheeler county, has again gone into the sheep business, and has bought 2,000 head near Izee.

J. P. Simpson has about 4,000,000 feet of logs ready to float down the Luckiamute as soon as there is sufficient water for driving.

The local telephone line between Central Point and Eagle Point has been purchased by the Sunset company and connected with the main circuit.

A. E. Starr, a Baker county mining man, disappeared November 14. He left the Mullen cabin, in the Greenhorn district, and has not been heard of since.

The public drinking fountain which will be erected in the city park at Eugene in memory of Company C, Second Oregon volunteers, will arrive about January 1.

M. S. Barnes, proprietor of the Baker City-Cornucopia stage line has made an assignment to P. Basche, of Baker City. It is thought that the creditors will receive payment in full.

The committee on improvement of the McKenzie road has filed its reports. The total expenditures have been $4,847.95. Collections from all sources for the improvement amount to $4,819.30.

Judge Burke, who has a bond on the mines at Copper Butte, east of Union, is pushing development work as rapidly as possible. Three shifts are now employed. The showing is said to be excellent.

Hector McDonald shipped a carload of large steers from Elgin. One weighed 1,860 pounds and another 1,960. They were weighed just after being driven over 30 miles of rough muddy roads and had undoubtedly lost over 100 pounds each.

Reduction of 25 tons of ore from the old Butteville Bonanza, now known as the Paul Kruger property, in the Quartzburg district, has just been completed, says the Prairie City Miner. The clean-up was 11 pounds of amalgam, estimated to be worth over $1,000.

Joe Mayes met with a painful accident at Bonney's wood camp at Wyeth. He was dislodging a jam in the flume when a stick of wood came along unexpectedly and crushed two of his fingers. The index finger on one hand had to be amputated at the first joint, and the middle finger was badly lacerated.

Lincoln county court at its recent session ordered the repairing of the bridge over Depot slough on the Newport-Toledo wagon road, commonly called the "Duncon bridge." The approaches to the bridge are still in fairly good condition, but the span across the stream will be pulled down and replaced.

Link Vanderpool, of Silver creek Harney county, recently sold 130 yearling heifers to Gilchrist Bros., of Crook county.

It is reported that a great many sheep will be herded this winter in the desert lying south of Wagontire Butte, Harney county. They are now camping at the nearest watering places waiting until the fall of snow will permit them to push into the desert. Among the number is one band recently driven up from California.

The school enrollment at Marshfield numbers 345 pupils.

Development of the prospects west of the town of North Powder, in Union county, gives assurance that mines will be opened there of permanent value. A number of claims are being opened there with paying results. The ore is generally rich in gold and some of it contains what is believed to be paying quantities of copper. The district is designated as Elkdale. A lot of machinery is now being placed on some of the properties in the new district for reducing the ores.

HOUSE PLANT PESTS.

INSECTS WHICH DESTROY YOUR INDOOR GARDEN.

Three Enemies that Attack Them and Spoil Their Beauty: Aphis, Scale and Red Spiders—Some Effectual Means for Their Destruction.

The arch enemy of the window garden is the insect pest. They spoil a plant's good looks and lower its vitality until it either dies outright or ceases to bloom or make active growth. Probably not one woman in twenty takes her plants through a winter without having them attacked sooner or later by insects. Once on the spot and unmolested, they increase like the hordes of Egypt, eating the leaves and sucking the sap until they quite ruin the little garden.

The reason insects are worse on house plants than in the garden is because the first are grown under highly artificial conditions. Living-rooms are unhealthfully hot; the potted plants are cramped in root and subject to water gorge or thirst starvation if the watering pot is in careless hands. Moreover, the atmosphere is surcharged with dust and coal smoke. And as insects always attack first weak or dirty foliage there is a special attraction to them in every struggling house plant.

The common house insects are aphis, or green plant louse, the scale and the red spider. The aphis is the most common. The usual recommended kerosene emulsion will kill them readily enough, but the trouble is that at the first sprinkle they drop off and fall to the earth. Here they hide, ready as soon as the flurry is over to climb up the stems and go sucking the plant's juices again. To avoid this lift the plant from the shelf with great care, so as not to jar or dislodge them. Wrap a cloth around the top of the pot and close to the plant's stems, so the earth in the pot can neither tumble out nor the insects tumble in. Then quickly invert the plant's top into a pan of water, and if the water is quite warm so much the better. Lift the plant out and shake vigorously. Dip again in the water, then again shake and so continue until every tiny louse has been dislodged. Rinse the top well in clean water and return to the window. If a thorough job has been done there will be no more trouble, but the plant should be examined again in a couple of days and, if need be, the treatment repeated.

Scale insects stick to the bark or leaves as though they were glued there. Dislodge them with a wooden toothpick, keeping a close lookout for them, and finish by washing the plant well in soapy water. This must be repeated every few days until no more scale can be found. They are not over common, but a peculiarly stubborn pest.

Red spider is almost as common as aphis, but so tiny that few know that this is what is the matter with their plants. When without any apparent reason leaves turn a sickly color or show little yellow specks all over them, or begin to curl at the edges, we may suspect Mr. Red Spider, no bigger than a grain of red pepper and camping with his wife and babies, hisparents, grandparents, aunts, uncles and cousins on the under side of the plant's leaves. Too hot and too dusty air is the cause of the red spider. There is one sure and simple remedy for him and his. It is water. Have it warm and plenty of it, and see that the under side of the leaves get as much wetting as the upper, and this foe is soon vanquished. A plant can be dipped in water as hot as the hand can be borne in, and it will not hurt it in the least, if not kept longer at a time beneath the water than two or three seconds. That degree of heat kills the red spider quickly. Dip half a dozen times in the hot water in quick succession and the work is done.

Wash all plant leaves often. A clean plant is not inviting to insects. Kill the first foe that makes his appearance and you have solved the secret of keeping house plants free from insect pests of all kinds.—Washington Star.

More Saving of Waste.

A Massachusetts leather man predicts an easing down of the price of sole leather very soon on account of the invention of a down East Yankee. Sole leather grows on beasts in very limited quantities and it is hard to get enough of it. The invention is to use leather scraps of all sorts for the manufacture of good, serviceable sole leather. The scraps are worthless for all practical purposes and generally rot in the streets and alleys. But a machine has been devised that tears them into shreds and makes them into pulp, which is run out under great pressure in continuous sheets of good sole leather. A fall in the price of sole leather is predicted as the result of this discovery of a way to use the scraps.

Odd Applicant for Office.

They tell in New York of a wealthy citizen, name not given, who for twelve years past has been importuning Presidents of the United States to appoint him to office. He assures each occupant of the White House that he will under no circumstances accept. All he wants is "the privilege of refusing," as he wrote to President Harrison, but so far no chief magistrate has cared to take him at his word.

Why Buttons Are on Sleeves.

Frederick the Great liked to see his soldiers smartly dressed. Many of the men were in the habit of wiping the perspiration from their faces with their coat sleeves, which soiled the sleeves and gave the coat an untidy appearance. To put a stop to this practice Frederick ordered a row of buttons placed on the upper side of each sleeve. In this manner the habit was broken up.

Bees in Palestine.

Under rational treatment the average yield of a beehive in Palestine is 100 pounds.

It isn't necessary for the average man to do something desperate to attract attention; all he need do is to go to church.

At most parties there are so many guests that there is no place to sit down.

All readers who know D. C. W. Cable's delightful stories will find much entertainment in an account of some of his boyhood pets, which will appear in an early number of the Youth's Companion.

The Goat Was Hard to Ride.

The superior court at Tacoma has dismissed a case for $25,000 against the great court of Washington Foresters of America, brought by a candidate who thought the goat was too unruly, and the poor candidate must now sue the local lodge officers, if he expects to get anything.

The Best Prescription for Malaria Chills and Fever is a bottle of Groves Tasteless Chill Tonic. It is simply iron and quinine in a tasteless form. No Cure, No Pay. Price 50c.

What Is Heroism.

A notable feature of the 75th volume of the Youth's Companion will be an article on "The Essence of Heroism," by Governor Theodore Roosevelt.

Responsible male and female help free to employers. Acme Bureau, Box 309, Portland, Or.

Largest Sunday School.

The history and methods of the largest Sunday school in the world, which is at Stockport, England, are described by the famous editor and reformer, W. T. Stead, in an article written for the Youth's Companion.

GARFIELD TEA is the original herb tea for the cure of constipation and sick headache; It is a specific for all disorders of stomach and bowels.

Writes of General Lawton.

Brigadier-General Charles King knew General Lawton well, and gives a vivid picture of him in some reminiscences he has written for the next volume of the Youth's Companion.

The young hoodlum nuisance has become so intolerable in Portland that steps have been publicly taken to stop it, and the reign of burglary has evidently been transferred from Seattle to Portland.

CATARRH
Catarrh has become such a common disease that a person entirely free from this disgusting complaint is seldom met with. It is customary to speak of Catarrh as nothing more serious than a bad cold, a simple inflammation of the nose and throat. It is, in fact, a complicated and very dangerous disease; if not at first, it very soon becomes so.
The blood is quickly contaminated by the foul secretions, and the poison through the general circulation is carried to all parts of the system.
Salves, washes and sprays are unsatisfactory and disappointing, because they do not reach the seat of the trouble. S. S. S. does. It cleanses the blood of the poison and eliminates from the system all catarrhal secretions, and thus cures thoroughly and permanently the worst cases.

Mr. T. A. Williams, a leading dry-goods merchant of Spartanburg, S. C., writes: "For years I had a severe case of nasal Catarrh, with all the disagreeable effects which belong to that disease, and which make life painful and unendurable. I used medicines prescribed by leading physicians and suggested by numbers of friends, but without getting any better. I then began to take S. S. S. It had the desired effect, and cured me after taking eighteen bottles. In my opinion S. S. S. is the only medicine now in use that will effect a permanent cure of Catarrh."

SSS is the only purely vegetable blood purifier known, and the greatest of all blood medicines and tonics.

If you have Catarrh don't wait until it becomes deep-seated and chronic, but begin at once the use of S. S. S., and send for our book on Blood and Skin Diseases and write our physicians about your case.
