THE CONDON GLOBE.

THURSDAY, JANUARY 17, 1901.

NOTICE.

The GLOBE invites correspondence from all sections of Gilliam county. We aim to make this paper the leading news medium of the county and invite our friends to assist us by sending in the news of their respective neighborhoods. Correspondence must be signed by the writer, not necessarily for publication, but as an evidence of good faith, and the editor assumes no responsibility for opinions expressed by correspondents.

THE OFFICIAL PAPER.

The GLOBE has again been designated by the county court as the official paper of Gilliam county. The law requires the county court to design ate the paper having the largest circulation in the county as the official paper and it is a significant fact that the GLOBE has always enjoyed that distinction. Advertisers who desire a *boni fide* circulation and a medium which reaches the people should make a note of this.

Another feature which should commend the GLOBE to all persons who are looking for the best advertising medium is that it goes only to people who want it. It is forced on no one and therefore has a larger percentage of friends among its readers than any paper can have which forces undesired attentions upon a long suffering public. If you want the best service advertise in the GLOBE.

THF RAILROAD QUESTION.

In another column will be found a communication under the caption "A Railroad Suggestion" in which a correspondent sets forth his views as to the best method for securing a railroad in Gilliam county.

His plan is to donate the right-of-way, terminal grounds Etc. and $150,000 in cash and work to the O. R. & N. or some other company to induce them to build the road on the ground that a road built by the people would not be a success. The reason given is that "Everybody would want to have a share in telling how to run and manage it while nobody could be found who would be willing to take the responsibility of running and making a success of it for the reason that they would not know how."

In this country it has always been considered a wise policy for everybody to want to have a share in telling how to run and manage the government of the country and if they are wise enough to have a voice in a matter of such magnitude why are they not wise enough to have a say in the management of a 40 mile railroad.

If the position of our correspondent, that nobody in the county knows how to manage a railroad is well taken, how about the dairying industry which he recommends? Successful dairying on a large scale would undoubtedly call for creameries and cheese factories and there is probably not a man in the county who knows how to manage successfully such an institution. It would perhaps be necessary to bring in men who are schooled in that particular industry to make it successful as would doubtless be the case in the railroad proposition.

The GLOBE does not oppose any kind of a road which may be built into the interior of Gilliam county but it is still of the opinion that a road owned, controlled and operated by the people of the county would be of more advantage to the producer than the same road owned and operated by outside capital.

A Prominent Chicago Woman Speaks

Prof. Roxa Tyler, of Chicago, Vice-President Illinois Woman's Alliance, in speaking of Chamberlain's Cough Remedy, says: "I suffered with a severe cold this winter which threatened to run into pneumonia. I tried different remedies but I seemed to grow worse and the medicine upset my stomach. A friend advised me to try Chamberlain's Cough Remedy and I found it was pleasant to take and it relieved me at once. I am now entirely recovered, saved a doctor's bill, time and suffering, and I will never be without this splendid medicine again." For sale by The Hudson Pharmacy—C. W. Crosfield, mgr.

MAYVILLE.

Keys & Son had to close their flour mill this week on account of having run out of wood, the roads to the timber being so bad that wood hauling had to be postponed.

Miss France Parsons commenced a three months' term of private school here Monday.

The Odd Fellows had public installation of officers and a banquet last Saturday night.

E. P. Weir went to Arlington Sunday to look after his interests there.

D. W. Ralston and E. A. Stinchfield expect to go to Grant county soon to buy cattle.

R. E. Graham, of the John Day, was up Sunday.

There is to be an entertainment given in the Greiner district Friday, Jan. 25, for the benefit of the Catholic church. All are cordially invited.

Wm. Keys, Sr., is very poorly, having been confined to his home for three weeks or more.

A pleasant party was given at Paul Greiner's a few evenings ago. Whist, parlor games and dancing were the amusements of the evening.

Beat Out of an Increase of His Pension.

A Mexican war veteran and prominent editor writes: "Seeing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy I am reminded that as a soldier in Mexico in '47 and '48 I contracted Mexican diarrhoea and this remedy has kept me from getting an increase in my pension, for on every renewal a dose of it restores me." It is unequaled as a qqick cure for diarrhoea and is pleasant and safe to take. For sale by The Hudson Pharmacy.—C. W. Crosfield, mgr.

County Court Proceedings.

January term, 1901.

LAW.

Joseph Carlson, a native of Finland, admitted to full citizenship.

In the matter of the petition of S. V. Moore et al for a county road No. 109—Road ordered opened upon payment of damages—$60 by petitioners and $40 by county.

A Mother's Favorite.

Chamberlain's Cough Remedy is the mother's favorite. It is pleasant and safe for children to take and always cures. It is intended especially for coughs, colds, croup and whooping cough and is the best medicine made for these diseases. There is not the least danger in giving it to children, for it contains no opium or other injurious drug and may be given as confinently to a babe as to an adult. For sale by The Hudson Pharmacy—C. W. Crosfield, mgr.

In the matter of the Tax Levy for 1900—School levy fixed at 5 mills; road levy, 2 mills; coyote bounty levy fixed at 1½ mills on all property except on the valuation of sheep; levy on sheep, one cent per head. After getting amount of state levy the clerk is to insert State Levy and County Levy, said County Levy to be in such sum as will make the total levy for all purposes 24 mills.

In the matter of drawing a jury list for the year 1901—List drawn.

In the matter of appointment of road superintendents—S. M. McGilvray appointed superintendent of road districts Nos. 1, 5, 6, 9, 10 and 11. A. S. Rice appointed superintendent of road districts Nos. 2, 3, 4, 7 and 8.

In the matter of the application of W. I. Fletcher et al for a liquor license in Rock creek precinct—Defeated by remonstrance.

Railroad Suggestion.

EDITOR GLOBE:—

As the question of securing a railroad is at present interesting the people of Gilliam county, I ask space in your valuable paper to make a suggestion as to the best method of securing it. My suggestion is this: Appoint two committees at the next meeting of the railroad committee, the first committee to make a thorough canvass of the country through which the proposed road would pass and find out how many would sign a contract agreeing to donate the land for the main line and sidings in case the road should pass through their land, and in addition how much each would agree to donate either in money or work, and canvass the rest of the county and find out how much each man would donate either in money or work; the second committee to be composed of two business men from each town in Gilliam and Wheeler counties to canvass the business men of their counties and ascertain how much money each will donate, and to call mass meetings in their respective towns for the purpose of securing money and work and the land required for terminals, sidings and depot purposes; the two committees to secure in addition to the right of way $150,000 in money and work.

Some men will probably say that this is giving too much, and to those of them who are farmers I will say that you are not only securing a cheaper and better method of disposing of your grain, but will also have the value of your land doubled and you will also save the expense that you are put to annually for extra men and teams to run your large wagon trains, and the sum you expend for new wagons and harness and the expense of keeping them in repair could be invested in hogs or cattle and would add to your income without interfering with your farming. And to those who are stockmen I will say that it will not only give you a market for your surplus hay, but would permit you to engage in dairying and diversified farming, for which the soil and climate of Gilliam county is well adapted as any other section in the state.

The two above named committees after thoroughly canvassing the territory interested should meet and appoint a committee to offer the $150,000 and the right of way as a bonus to the O. R. & N. Co. or some other responsible railroad company to construct and operate a railroad through Gilliam county. A road built in this way would be a success, while if it is built by the county everybody will want to have a say as to how to run and manage it; but nobody could be found who would be willing to take the responsibility of running and making a success of it, for the reason that they would not know how, and it would prove a failure sooner or later—like all other community enterprises.

Let everybody donate their energies to securing the right of way and a bonus, and the railroad is assured.

To the Consumers of Gilliam County:

We desire to state that we are determined to reduce our large stock of goods and for the next 90 days will make great reductions in all lines for cash.

By referring to your local papers you frequently note the ad. of interior merchants who, with conspicious signs, say: "We sell at Arlington prices." Is this not evidence that the Arlington merchants must lead in low prices or there would be no need for such statesments? Before purchasing your fall supplies or the smaller bills get prices from us.

In agricultural implements we have the favorite Monitor Drills subject to four attachments, viz, hoe, disc, press wheels or shoe.

The Oliver and Flying Dutchman Plows are hard to beat for good clean work, durability amd lightness of draft.

It is no longer an experiment to buy a Bain or Stoughten wagon, as they have but few if any competitors when strength and light-running qualities are considered.

If you anticipate treating yourself to a new buggy or hack do not purchase until our new car load of the old reliable Racine rigs reach us, which will be here in September.

When in need of a chop mill, hay press, windmill, sewing machine, or any kind of machinery used on the farm, write us for prices and we will treat you right.
