JOHN MARSHALL DAY.

On Monday of this week was celebrated the one hundredth anniversary of the appointment of John Marshall as chief justice of the supreme court of the United States.

John Marshall, who was a self-made man, enjoyed but few educational advantages in his youth, but his indomitable will and perseverance overcame all obstacles, and after serving his country in its long and bloody revolutionary struggle he found himself a few years later called upon to fill the highest judicial position in the land.

TOO MANY LAWS.

And now a few Portland barbers are asking the Legislature to pass a law compelling all barber shops to remain closed on Sundays. If this is not class legislation what is it? Why not include all other lines of business in the law and be done with it, or better still, why not enforce what Sunday laws we now have before encumbering the statute books with another law which will only be made to be broken?

The Canadian government has decided to purchase all the telegraph systems of that country, to consolidate them, increase them enormously and operate them in connection with the post office department.

We would respectfully suggest that the Portland Telegram secure some new cuts to represent the Salem legislators. That one which they have been using lately to represent Williamson, of Crook, Hawkins, of Polk, etc., is becoming a chestnut.

A Night of Terror.

"Awful anxiety was felt for the widow of the brave General Burnham of Mechanics, Me., when the doctor said she would die from pneumonia before morning," writes Mrs. S. H. Lincoln, who attended her that fearful night.

A railroad is now projected to connect New York city, U. S. A., with St. Petersburg, Russia, and other European cities, via Alaska, Behring Straits and Siberia.

Another long lost "Charlie Ross" has turned up at Chicago. His name is Gowall, and he says the last time he told his story he was adjudged insane for his pains.

CAPTAIN CLARK, AND OTHERS.

Secretary Long admits that Captain Clark, of the battle-ship Oregon, who did more than any other naval officer to win the Santiago victory, is two points lower in the naval ranks than he was before that notable event.

ARLINGTON NOTES. John Cunningham was kicked on the top of the head by a horse a few days ago, the result being a deep gash cut in the scalp.

Dr. Ruddy was called to attend Ave Thomas, at D. B. Thomas' home, on the 30th ult. He was reported very ill with erysipelas.

Miss Pearl Shelton, of this city, has gone to Baker City to visit her uncle, R. Previtte. She expects to remain until spring and engage in teaching for the summer season.

Quite a serious accident happened at the depot last Saturday. A young man, in trying to place a rock on the track to see if the wheels would crush it, was struck on the forehead by a projecting rod and was badly injured.

"Snipion Bill" Brown came into Arlington on Monday morning last and the first thing he did was to make a break into Fred George's store and put on a vest, button his sealskin coat over it and walk out without paying for it or ordering it charged. He did not get far with it until it was found out and he marched back and gave up the vest. Bill says all he got out of it was a cigar.

The claim of other cough medicines to be as good as Chamberlain's are effectually set at rest in the following testimonial of Mr. C. D. Glines, an employee of Bartlett & Dennis Co., Gardiner, Me. He says: "I had kept adding to a cold and cough in the winter of 1897, trying every cough medicine I heard of without permanent help, until one day I was in the drug store of Mr. Houlehan and he advised me to try Chamberlain's Cough Remedy and offered to pay back my money if I was not cured. My lungs and bronchial tubes were very sore at this time, but I was completely cured by this remedy, and have since always turned to it when I got a cold, and soon find relief. I also recommend it to my friends and am glad to say it is the best of all cough medicines." For sale by The Hudson Pharmacy—C. W. Crossfield, mgr.

To the Consumers of Gilliam County:

We desire to state that we are determined to reduce our large stock of goods and for the next 90 days will make great reductions in all lines for cash.

By referring to your local papers you frequently note the ad. of interior merchants who, with conspicuous signs, say: "We sell at Arlington prices." Is this not evidence that the Arlington merchants must lead in low prices or there would be no need for such statements?

In agricultural implements we have the favorite Monitor Drills subject to four attachments, viz, hoe, disc, press wheels or shoe.

The Oliver and Flying Dutchman Plows are hard to beat for good clean work, durability and lightness of draft.

It is no longer an experiment to buy a Bain or Stoughten wagon, as they have but few if any competitors when strength and light-running qualities are considered.

If you anticipate treating yourself to a new buggy or hack do not purchase until our new car load of the old reliable Racine rigs reach us, which will be here in September.

When in need of a chop mill, hay press, windmill, sewing machine, or any kind of machinery used on the farm, write us for prices and we will treat you right.
