MR. MILLER'S DEPUTY BILL

The bill which was introduced in the legislature at Salem last week by Representative Miller, of Arlington, providing for the allowance of \$720 a year as deputy hire to the county clerk of Gilliam county, came as something of a surprise to the people of this county. This question of the allowance of deputy hire was pretty thoroughly threshed out during the last campaign and, so near as we have been able to discover the feeling of the voters and taxpayers of the county, it was generally understood on election day that both of the candidates for county clerk were willing to accept the office and to be guided in the matter of deputy hire by the decision of the County Court. At the regular meeting of the County Court held in January, 1900, the following order was made:

"Matter of deputy county clerk—Ordered that after July 1, 1900, salary shall be paid by county clerk."

It was generally understood at the time this order was passed that the County Court took action on the matter at that particular time in order to give due notice to all prospective candidates for the office that no deputy hire would be allowed, so that every one might understand perfectly just what compensation the office would yield before accepting either nomination or election.

As the campaign progressed the question of deputy hire became a much discussed issue, and a few days before election the managers of the Democratic campaign caused the following advertisement to be published in the columns of this paper:

"\$600. The election of T. G. Johnson Means a saving of \$600 to the taxpayers in Gilliam county each year, as he agrees to conduct the office of county clerk without deputy hire, if elected."

On the morning of election Mr. Frazer, the republican candidate, and his friends throughout the county circulated handbills at the different polling places, of which the following is a copy:

"DEPUTY HIRE. Condon, Or., May 31, 1900. The pledges and other articles in the last issue of the Condon Globe insinuate that, if re-elected county clerk, I will demand, and receive, deputy hire for the coming term.

THIS IS WRONG AND UNFAIR. The County Court last January made an order discontinuing deputy hire for clerk and sheriff after July 1, 1900. This matter is entirely in the hands of the Court, and neither Mr. Johnson nor myself have any control over the mat-

A Night of Terror. "A awful anxiety was felt for the widow of the brave General Barnham of Machias, Me., when the doctor said she would die from Pneumonia before morning," writes Mrs. S. H. Lincoln, who attended her that fearful night, "but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of Consumption. After taking, she slept all night. Further use entirely cured her." This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50c and \$1.00. Trial bottles free at Condon Drug Co's.

ter. It will cost the county the same whether Mr. Johnson or myself are elected. The pledges published are evidently intended to mislead and catch votes. On account of the Condon Globe having published its last issue before election, I am unable to publish this in its columns, and therefore resort to this plan.

Very respectfully, H. N. FRAZER.

It would appear from the foregoing statements that both of the candidates were perfectly willing before election to accept the office and perform the duties thereof for the salary alone, which is \$1500 a year, and it is little wonder that the voters and taxpayers were somewhat surprised at Mr. Miller's action in introducing a bill the purpose of which was to compel the County Court to grant Mr. Frazer—who was re-elected—a gratuity of \$720 a year in addition to the salary of \$1500. To say the least, such an action on Mr. Miller's part showed but scant respect for the judgement of the County Court and but little solicitude for the interests of the taxpayers of Gilliam county.

Mr. Frazer has been in the clerk's office for a good many years. He has run the office both with and without the allowance of deputy hire and he should know, better perhaps than Mr. Miller, whether or not the work can be done for \$1500 a year. The County Court gave him—and all other aspirants for the office—due notice that no deputy hire would be allowed after July 1, 1900, and, knowing this, he deliberately sought and secured re-election, from all of which it would appear that Mr. Miller's bill is not a meritorious measure.

NEW SCALP BOUNTY LAW.

A new scalp bounty bill has been introduced which is designed to take the place of the present law. It provides that persons having scalps in their possession may present them to the county clerk of the county in which the animals were killed, and upon proper affidavit the clerk shall issue a warrant for the amount, drawn on the general fund of the county. The county shall then be reimbursed by the State in two-thirds of the amount paid out. The bill will dispense with a great amount of red tape by which the present law is encumbered and will reduce the trouble of realizing on scalps to the minimum.

LET US HAVE LIGHT.

Jay Bowerman, the Condon lawyer and politician, started to Salem Monday to take his seat as a member of the "third house," in the interest of Corbett for senator, and an amended charter for the town of Condon.—Fossil Journal.

We hope the Journal will enlighten an anxious public, in Condon, as to the nature of the proposed changes in our city charter. There is a dark suspicion lurking in the minds of many Condonites that Mr. Bowerman is about to have the charter amended to allow all

A Convincing Answer.

"I hobbled into Mr. Blackmon's drug store one evening," says Wesley Nelson, of Hamilton, Ga., "and he asked me to try Chamberlain's Pain Balm for rheumatism with which I had suffered for a long time. I told him I had no faith in any medicine as they all failed. He said: 'Well if Chamberlain's Pain Balm does not help you, you need not pay for it.' I took a bottle of it home and used it according to the directions and in one week I was cured, and have not since been troubled with rheumatism." Sold by The Hudson Pharmacy—C. W. Crossfield, mgr.

the city officials a big salary and all the deputy hire they can use.

Will Miller "The Regulator" regulate our city affairs as he would the county court? "Let us have light" on this matter, neighbor.

Now they say of the great union of steel plants that it is "not a trust," only a "combination." But of course the intent is to control production and prices. The output will be strictly regulated, prices will be held to uniformity, and there will be no further competition. One plant or another will be shut-down from time to time, as may be agreed on. What additional profit the protective tariff gives will be exacted. It is to be expected that every effort will be made to gloss this transaction with fine words. Already the statement is put forth that "there is no intention to create any monopoly or trust, or in any way to antagonize any people, policy or law." The wonder, then, is why the combination was made. The country cannot be deceived. Europe is not. The London Chronicle truly says that "in comparison with this combination all other trusts sink into insignificance." If the support of the protective tariff be not taken from it, members of Congress will hear from the people in the next election.—Oregonian.

The Idaho Legislature takes the cake in junketing trips. Four years ago the whole outfit and all their sisters, cousins and aunts laid off for a few days and went down to Salt Lake to "visit" the Utah Legislature. What other resorts they "visited" while in Zion does not appear on the record, but it is a two to one bet that some of them were outside of Temple square. This year they are coming to Salem to "visit" the Oregon law mill—and other attractions in Salem and certain quarters of Portland—and to have a general good time at the State's expense. It's none of our business what our old Idaho friends do in that line, only we fear for the effect on our innocent Oregon Solons from such sporty associations. If these innocent and unassuming webfooters ever catch on to the graft they will be wanting, before the end of the session, to take a trip to Hawaii to see "Honolulu Lu."

No wonder the la grippe and other diseases are epidemic all over the country. What with the death of one good old queen and the marriage of another young and beautiful one, the newspapers have been filled with enough gush and slobber to bring on a visitation of the plague. Let all pray that royalty may live, and that in a state of single blessedness, for a few months and give the world's stomach a chance to settle.

In response to a form letter of inquiry sent out in the agricultural division of the twelfth census asking for information regarding domestic animals, a farmer in Iowa replied as follows: "I have 6 cats worth 50 cents apiece and 2 dogs at \$1 apiece. Cats are: Two yellow, one Tom and the rest shes. Dogs are terriers and spotted spaniel. One can run like hell."

Great pressure is made to pass the ship subsidy bill, that will enrich a few millionaires and pilfer from producers, but nothing is heard of any measure of reciprocity to carry out the repeated pledge of the Republican party.—Telegram.

The claim of other cough medicines to be as good as Chamberlain's are effectually set at rest in the following testimonial of Mr. C. D. Glass, an employe of Bartlett & Dennis Co., Gardiner, Me. He says: "I had kept adding to a cold and cough in the winter of 1897, trying every cough medicine I heard of without permanent help, until one day I was in the drug store of Mr. Honlehan and he advised me to try Chamberlain's Cough Remedy and offered to pay back my money if I was not cured. My lungs and bronchial tubes were very sore at this time, but I was completely cured by this remedy, and have since always turned to it when I got a cold, and soon find relief. I also recommend it to my friends and am glad to say it is the best of all cough medicines." For sale by The Hudson Pharmacy—C. W. Crossfield, mgr.
