Doings of Importance at the State Capital - Bills Passed.

Two Railroad Bills Killed.

The house after spending nearly another half day in consideration of railroad bills, disposed of two more Wednesday. One of these measures was Poorman's fellow-servant bill. It was debated at length, and although even its opponents admitted it had good points, it was defeated by a vote of 31 to 22. The other railroad bill which was disposed of, and which met a similar fate, was the bill of Harris to fix the liability of railroad corporations for injuries. But 19 votes were cast in favor of this bill.

No Holiday at Salem.

Washington's birthday, February 22, is a legal holiday, but it is not a legislative holiday unless the legislature by specific act choose to make it so. Inasmuch as Washington's birthday happens this year to fall on the 40th day of the session (the usual day of sine die adjournment) it is probable that business will be proceeded with as usual. The constitution of the state does not limit the sessions to 40 days, but does limit the total compensation of each member to \$120 at \$3 per day; therefore, few legislators can be expected to be so self-sacrificing as to work long for nothing.

Bills Passed.

The senate Wednesday passed the following bills: Senate bill 79, to correct the description of the boundary of Wheeler county; senate bill 143, to protect hotel and boarding house keepers; by Hunt, regulating street railways in Portland; senate bill 73, to enact the Torrens system of registration of land titles; senate bill 172, to regulate insurance companies; senate bill 21, to provide for the election of road supervisors; senate bill 137, to create the office of county auditor of Multnomah county; senate bill 217, to amend the charter of Sherwood; senate bill 216, to fix the salary of prosecuting attorney in the Seventh judicial district.

License Bill Defeated.

Law Without Governor's Signature.

Governor Geer Monday filed the barber Sunday closing bill without his signature, thus completing the proceedings necessary to make it a law. As it bears an emergency clause, it went into effect Monday and will make barbering on next Sunday a crime.

Dewet Engaged a British Force Near Philipstown.

CROSSED ORANGE RIVER AT SAND DRIFT

The Inskillings Charged the Enemy Who Left Five Killed and Six Wounded - Ten Boers Were Captured.

London, Feb. 16. - The war office has received the following dispatch from Lord Kitchener:

"Pretoria, Feb. 15. - Our troops are now engaged with Christian Dewet's force north of Philipstown, which we hold, Dewet having crossed the Orange river at Sand Drift, apparently moving west."

"French, reporting from a point 25 miles southeast of Ermelo, states that a large force of the enemy is being driven on the Piet Reef, their efforts to break back having so far been frustrated. The Inskillings charged the enemy, who left five killed and six wounded on the ground. Ten Boers were captured, and there was a large capture of wagons, carts and cattle. Our casualties were one killed and five wounded."

The Evening News prints a dispatch from Cape Town, dated Thursday, February 14, which says:

"The government here is advised that Christian Dewet and ex-President Steyn entered Cape Colony and occupied Philipstown. The British attacked them yesterday and drove them out of the town with loss."

Cape Town, Feb. 16. - A Boer commando crossed the Orange river yesterday, in the Philipstown district. It is reported that Dewet was in command. Van Wykavel was occupied Monday by 300 Boers who were retreating from Calvinia. The Boers are reported in force 24 miles west of Carnarvon. A Boer convoy of 65 wagons and 45 prisoners has been captured north of Amsterdam.

Boers Near Cape Town.

London, Feb. 16. - It is reported from Cape Town that the wife of Commandant Botha left Pretoria with a military escort to endeavor to get her husband to surrender.

The Boers tried unsuccessfully to destroy a culvert near Cape Town. Severe fighting ensued, the Boers leaving three killed and 93 wounded. The British lost one killed and two wounded.

Boers Worsted at Aberdeen.

Cape Town, Feb. 16. - Fighting is reported to have taken place near Aberdeen Friday and Saturday last, the Boers being worsted.

CHICAGO HOTEL FIRES.

Attempts Were Made to Burn Four Structures - Robbery During the Excitement.

Chicago, Feb. 16. - Flames were started simultaneously on four floors of the Palmer House this afternoon, and 45 minutes later were discovered on two floors in the Great Northern hotel. Two men supposed to be hotel thieves were seen to run from the Palmer house. During the excitement, \$500 worth of jewelry was stolen from one of the rooms of the Great Northern. About the same time, a blast of light was discovered in the Sherman house. Another fire of suspicious origin had been discovered only 24 hours before. The fires convince the police that an organized gang of incendiaries is operating in Chicago. Good descriptions have been secured of the two men who were seen running from the Palmer house, and a number of detectives are at work on the case. The four fires, with the circumstances attending them, were: Palmer House - Four fires started simultaneously in baskets of linen on different floors. Towels saturated with kerosene were found. The fire was extinguished by guests and employees. Two suspects were seen, but allowed to escape. Damage nominal. Great Northern Hotel - Simultaneous fires were discovered on the H and J floors. Odor of kerosene on H floor. J. S. Frest, of New York, reported that \$500 worth of jewelry had been stolen from his room. Damage of \$1,500 by fire and small panic among the guests. Sherman House - The blast was on the upper floor and was attended with little commotion. Damage, \$100. Hotel Grace - Fire of suspicious origin discovered in a linen closet. Damage nominal. The most dangerous fire in the Palmer house was on the fifth floor. It was extinguished at personal risk by John M. McWilliams, Jr., a senior at Princeton university. The police agree that all the fires were incendiary and tonight every important downtown hotel was guarded by a detail of officers in plain clothes, watching for the men suspected of having started the fires. These officers, as well as the hotel managers, have the theory that the blaze was started by some disgraced hotel employe who wished to satisfy his grudge and was able to do so through his intimate knowledge of opportunities.

Robbed of \$3,000 Worth of Jewelry.

San Francisco, Feb. 16. - Mrs. F. H. Osgood, of Seattle, who arrived in this city on the Oregon express this morning, has reported to the police and railway officials that she was robbed during last night of \$3,000 worth of jewelry. She stated that the gems were in a leather bag which she suspended from her neck, but that they were taken while she was sleeping. The police officers have arrested a man on suspicion.

SPAIN IS AGAIN CALM.

But Martial Law Will Continue Throughout Carnival Week.

Madrid, Feb. 18. - The minister of the interior, Senor Urgarte, in the course of an interview, asserted that calm reigned in the provinces and that if the same pacific behavior of the people continued after the carnival next week, martial law could be discontinued in Madrid and throughout Spain, except in Catalonia. Madrid remains perfectly calm, although the talk of the probable change of ministry after the carnival is very strong.

All the troops have been withdrawn, and the censorship is less vigorous, but no reference to the disorders of the past few days is permitted to appear. All dispatches are now revised and delayed. The streets are now guarded by only the ordinary number of police. The weather is bitterly cold and not conducive to mob manifestations. There is not the slightest foundation for the statement circulated in the United States, on the authority of a news agency that the government had placed restrictions on the sending of messages regarding the royal wedding. Two persons were killed and several others wounded yesterday at Granada.

The count and countess of Caserta arrived at Hendaya, France, today. They met with no special incident en route and continued the journey to Nice. Cause of Disturbances.

New York, Feb. 18. - A special to the Times from Washington says:

"The disturbances which General Weyer is now trying to quell, are not, it is said by persons familiar with the situation, of either Carlist or Republican origin, although both parties are no doubt active in trying to take advantage of the trouble. It is declared that the uprising is in reality an outbreak of the discontented. Those taking part in it comprise all classes of malcontents, and its causes are like those which brought about the French revolution."

Poverty has been increasing, the burden of taxation has been growing heavier, and the laboring classes are ripe for revolution. At the same time the ruling dynasty is unpopular. All these complications and a number of others have brought about a widespread feeling of unrest, and great events are looked for in Spain unless the incipient revolution is quelled. Spain has been tending toward a rebellion for some time.

HARD LABOR FOR LIFE.

Sentence to the Rebel Officer Who Captured the Yorktown Party.

Washington, Feb. 18. - According to mail advices from the Philippines, Captain Novice, the insurgent officer who commanded the band which captured Lieutenant Gilmore and party, has been sentenced to imprisonment for hard labor for life, on the charges of having permitted one of Gilmore's party to be buried alive. The victim was a sailor named McDonald. Surrender in Bulacan District.

Washington, Feb. 18. - News of another important surrender in the Philippines is contained in the following dispatch received at the war department from General MacArthur: "Manila, Feb. 18. - Adjutant-General, Washington. - One hundred and twelve rifles and 1,500 rounds of ammunition surrendered at Hagayay, Feb. 13, mostly from supply secreted in contiguous swamps. The incident is important, and indicates a great reaction favorable to American interests in region of Bulacan, heretofore one of the worst in Luzon. The result is accomplished exclusively by the long continued, intelligent and persistent efforts of officers of the Third Infantry."

Engagements With Insurgents.

Manila, Feb. 18. - Colonel Cronin, and 80 of the Thirty-third regiment have located 100 insurgents at Candon, South Luzon. Captain Green with 50 men, met a force of the enemy at Santa Maria. The insurgents, who were commanded by Tine, hid behind stone walls on a steep mountainside. There was hard fighting for three hours. Tine then abandoned his position and retreated southward. Gold discoveries of some importance have been made in the province of Lepanto.

Car Jumped the Track.

Pittsburg, Feb. 18. - A car on the Hamilton line jumped the track to night, at the corner of Sixth and Hamilton avenue, and toppled over against the curb completely wrecking the car and injuring 20 or more passengers and four of them severely.

To Stop Cape Rushes.

New Haven, Conn., Feb. 18. - The Yale faculty has abolished the time-honored custom of granting a holiday to the undergraduates on Washington's birthday. The action of the faculty has excited much discussion among the undergraduates, and an attempt will be made to have the day restored. February 22 is annually the date when the Yale sophomores wear high hats and carry canes for the first time, and when the freshmen "rush" the sophomores and "take" the fudge.

Defenses for Port Orchard Dock.

Tacoma, Feb. 18. - The work of laying mines and torpedoes about the entrances to the Port Orchard drydock is soon to begin. A shipment of five tons of mushroom anchors has been received by the quartermaster's department, consigned to the United States engineer by the ordnance department of the army. They are to be used to hold down the gunboat mines and torpedoes.

IN A DEATH TRAP

Sixty-Five Miners Are Entombed - No Hope for Them.

CAUSED BY AN EXPLOSION OF GAS

Only Exit is the Mouth of the Shaft, Which is Filled With a Huge Volume of Smoke - Relief Measures Have Begun.

Vancouver, B. C., Feb. 18. - Sixty-five miners are imprisoned in No. 6 shaft of the Cumberland coal mine on Vancouver island. The only exit is the mouth of the shaft which is filled with a huge volume of smoke. There is considered to be no possibility for the unfortunates to escape.

Details of Disaster Meager.

The Cumberland mine is near the village of Union, about 60 miles north of the town of Nanaimo. The only telegraphic communication from Union is by a single government wire, and little is known of the tragedy in the mine except that a terrible explosion occurred in No. 6 shaft of the Cumberland about 11 o'clock this morning. Following the explosion the shaft caught fire, and the 65 miners who were working half a mile from the entrance were caught in a death trap. A relief party from No. 5 shaft made a brave but futile attempt at a rescue. They were headed off by the fire and could not reach the imprisoned men. The attempt at rescue was made through No. 5 shaft, but the flames prevented any development of the perilous venture. The Cumberland mine is one of the properties of the Union Colliery Company, situated near Comox and reached from Union bay by the private colliery railway crossing the Trent river on which the memorable bridge disaster occurred a year or two ago. It has been singularly fortunate heretofore in immunity from disaster and was counted an especially safe mine to work in by reason of the character of the formation in which the coal is found there, and the manner in which it had been opened up. No. 6 shaft, the scene of the disaster, was bottomed in October, 1898, at a depth of 814 feet. It is well constructed and timbered with a mud wall, the pit bottom being timbered with 12x18 sawn hulk, built solidly together, 16 feet wide and 12 feet high. The shaft is located close to the railway, and the ventilation of the mine is effected by a 14x25-foot Guibal fan, which, when run to its full capacity, gives 85,000 cubic feet of air circulation per minute. The air enters by the haulage slopes and is divided into separate splits, the main split being at the point where No. 2 branches off the main slope, part of the air going down each slope. Further down each of these slopes the air is again split, and sent to the workings east and west of the respective slopes.

A second explosion occurred in No. 5 shaft tonight, but it had been expected, and all the men had left the workings. There were no casualties. This explosion prevents any further efforts being made to rescue the entombed miners through No. 5 shaft.

Killed by a Tiger.

Indianapolis, Ind., Feb. 18. - Albert Neilson, aged 15, employed as an animal keeper at the Zoological garden, in this city, was killed by a Bengal tiger today. He entered the tiger's cage and was attacked by the beast. A terrible struggle followed in which Neilson was torn in a hundred places. Red hot irons were thrust into the blood thirsty animal, but not until seven bullets had been fired into its body did it release its hold on its victim. Neilson was dragged from the cage more dead than alive, and was hurried to the city hospital, where he died as he was being carried in. The tiger was not fatally wounded. Neilson had been employed by the Zoo company three years. He was in charge of the lion's cage, and it is supposed opened the tiger's cage by mistake.

Generals to Retire Today.

Washington, Feb. 18. - Generals J. E. Wilson, Fitzhugh Lee and Theodore Schwan will be retired tomorrow, the last named on his own application. Colonel A. S. Daggett, Fourteenth infantry, will be promoted to a brigadier-generalship, succeeding Schwan, and will be retired immediately.

May Arrest Without a Warrant.

Pittsburg, Pa., Feb. 18. - In the suit of John B. Bennett against Secret Service Agents Flynn and Berriman and Deputy United States Marshal W. S. Blair, who were charged with malicious trespass assault and battery in connection with the arrest of the plaintiff, Judge W. M. Achin, in the United States court, handed down an important opinion. He makes a precedent in deciding that United States marshals or their deputies can make arrests in emergency cases without warrant.

Found Dead on the Desert.

Tucson, Ariz. Feb. 18. - George Wheatley a well-known mining man and two Mexican miners were found dead in their tent, one mile from the mining camp of Schultz, 30 miles from Tucson. When found the parties had been dead for several days. Indications point to death from charcoal fumes. Some believe that the men were poisoned. The body of one of the Mexicans was being consumed by fire when the remains were discovered.

SIX WERE KILLED.

Five Passengers and Fireman on Wrecked Train - As Many Seriously Injured.

Winemucca, Nev., Feb. 19. - The eastbound overland limited Southern Pacific train, officially known as No. 3, was wrecked at 5:20 o'clock yesterday morning at a point 27 miles west of this place, while running at a speed of 50 miles an hour, the train went into a washed out culvert, and the result was the worst wreck known on this division of the road. Six persons were killed and six injured.

The disaster occurred at a point where an embankment 5 feet high crosses a ravine. Sliding snow from the mountains caused a heavy rush of water which broke through the embankment some time during the night. The washout was about 75 feet in width, and into the raging torrent the ill-fated train plunged without warning. The engine nearly cleared the break before the rails gave way, the tender falling back.
