James A. Kibbey and Frank Rogers, of Ferry Canyon, were in town during the week.

P. H. Stephenson has received a consignment of gang plows, harrows, etc., for the spring trade.

Nine desperate criminals being held in the county jail at Spokane, overpowered the jailer and escaped last Sunday morning.

Danoky Bros. announce that they will close out their stock of goods within the next 30 days. Read their ad. in another column.

Dr. Wood has fitted up a sleeping room in the rear of his office, on Main street, where he will be found at night. The doctor has decided to locate permanently in Condon and any rumors to the contrary are without foundation.

Gilstrap Bros., who have been operating the Eugene Register for some time under a lease, have bought the plant and are now proprietors as well as editors of the paper. The Register has improved wonderfully under their management.

Mrs. C. W. Crossfield returned from her visit at Portland last Friday.

A fine son was born to Mr. and Mrs. Frank Downer on Tuesday last week.

Mrs. Abalt, a sister of Stephen Van-cleave, is quite ill at the latter's residence on Trail Fork.

P. H. Stephenson is busy this week salting pork for his next summer trade. He is putting up about 30 head of fine porkers.

Josh Hardie moved 1400 head of sheep from Trail Fork to Ferry Canyon during the week. The band stopped over in town Tuesday night.

Mrs. Herman Geer, step-mother of Governor Geer, died at her home at Cove, Union county, Feb. 4th. Mrs. Geer was a pioneer of Union county, and her demise will cause sorrow to a large number of acquaintances.

Pat Connolly informs us that his brother, John Connolly, who went to Chicago several weeks ago to visit friends, has decided to remain in the Windy City permanently. He has embarked in business with a brother-in-law who is an old resident of that place.

D. M. Bove, a fruit-tree salesman, who, with his partner, Mr. Starr, has been stopping at the Condon Hotel for some time, received a message over the wire Monday evening announcing the death of his father, at Aberdeen, Wash. Mr. Bove left at once for Arlington to take the train for home.

Ed Dunn received a letter Monday from his brother Jim, who is at Phoenix, Arizona, seeking health. Jim writes that he is feeling much better than when he left Condon. Rain has been falling in torrents at Phoenix lately, which breaks a drought of about seven years' duration in that country.

Andrew Scott, who carries the mail between Fossil and Wagner, in Wheeler county, upset his rig into a creek last Saturday and had a narrow escape from drowning. The creek was swollen by the heavy rain Friday night and Mr. Scott, who is crippled, had hard work to save his life. The mail sack was lost.

Wm. Smith, the well-known sheepman, was up from his ranch, at the mouth of Hay creek, Monday, and while here made a pleasant call at this office. Mr. Smith says the sheep are looking better than usual at this season, but the grass on his range is beginning to get short.

The ball given by Wallula Circle, W. of W. last Thursday night was a great success in spite of the unfavorable weather. A large crowd was in attendance and the dancers pronounced the affair one of the most enjoyable ever given in Condon. About 70 dance tickets were sold, and the supper, which was given in Stephenson's hall by the Circle, was patronized by about 130 persons. After paying all expenses, the ladies have between \$40 and \$50 "to the good" for the use of the lodge.

B. K. Searcy came over from Mayville yesterday.

Al Searcy is spending a few days in town this week.

One of the Cudahy kidnapers has been arrested at Ounaha.

Al Wright returned yesterday from a two weeks' visit at Portland.

Boss—Sunday, February 17, 1901, to Mr. and Mrs. H. C. Bryson, of Weston, a daughter.

Boss—Wednesday, February 20, 1901, to the wife of W. C. Caldwell of this city a daughter.

Marshal Pattison is slowly recovering from his attack of typhoid. He now sits up part of each day.

Tom Portwood has closed his harness shop. It is understood that he has accepted a position in Portland.

The senatorial situation remains practically the same. It is to be hoped some candidate will produce a long enough sack to day or tomorrow to settle the matter—if money will settle it. The state can hardly afford an extra session for that purpose.

Rev. C. F. Clapp arrived on Tuesday's stage and, with Rev. Mr. Curran, is conducting an interesting series of special meetings in the Congregational church.

Mr. Clapp was delayed in getting here owing to the wash-out on the O. R. & N. railroad, but when he did arrive the meetings took on new life and energy, as he is an able and energetic expounder of the Gospel of Christ. The meetings will continue every night this week and part or all of next. He will preach both morning and evening next Sunday and all are most cordially invited to these services.

Al Henshaw left this morning on the stage for Holton, Tillamook and other points on the Coast, where he will spend several months visiting friends and looking after business interests. He has promised the GLOBE man to catch and devour 14 nice trout for him every morning for a week after reaching the famous Tillamook fish and game country.

New Settlers.

R. DeNeul, a well known resident of Ferry Canyon, was in town Friday to meet a delegation of his relatives who arrived on that day from Iowa Falls, Iowa, to locate in this county. The party consisted of Samuel Hain and family and Albert and William Rush, all brothers-in-law to Mr. DeNeul.

These people are looking for some of the good things which are enjoyed by Gilliamites, and we take pleasure in welcoming them to the county.

Hon. R. E. Misener, of Mitchell, was in town today on his way to Dawson City, where he expects to remain for the next couple of years if things turn out as he hopes they may. He will be accompanied by a brother-in-law, who will meet him in Portland and who has large business interests in Dawson. Lee Vanover, of Mitchell, also accompanies Misener. The party expects to sail from Seattle on the 18th.—The Dalles Chronicle.

Mr. Misener was a candidate on the Democratic ticket at the last State election for Representative for this district.

Entertainment and Basket Social.

The ladies of the Latter Day Saint's church will give an entertainment and basket social at Armory hall on Thursday evening, February 21 commencing at 7 o'clock p. m.

A program of choice musical and literary selections will be rendered.

Baskets will be sold at 50 cents each. Admission, 25 cents. Ladies bringing baskets, gentlemen accompanying ladies with baskets and children under 14 years of age will be admitted free.

All are cordially invited.

To the School Clerks of Gilliam County.

I have received, and distributed to you, the blanks for your annual reports. You will notice that the form is materially changed. This change will preclude your using the form for annual reports in record books; hence, it will be necessary for you to disregard the form in the record book, and use the blank marked "Original" instead. You can file the original report in the record book and it will answer every purpose.

I will especially call your attention to the financial report. One of the difficulties will be in securing the correct amount in item 29. Item 29 of your report must be the same as item 48 of your last year's report. Now, you will readily see that if your coming report does not have item 29 of this year's report correspond with item 48 of last year's report, your report to this office will be incorrect.

Now, if your reports are incorrect it will be impossible for me to make my report correctly to the State Superintendent in my annual report, which is based largely, if not wholly, upon your annual reports, and for this reason I have called your attention to this matter.

This office receives many inquiries as to what kind of a revenue stamp should be placed upon the clerk's bond, therefore I will take this occasion to say that there must be a 50-cent revenue stamp placed upon each bond.

W. R. NEAL, County School Supt. Condon, Ore., Feb. 17, 1901.

ARLINGTON NOTES.

From Independent.

Mrs. Henry Nott returned on the 12th inst. from her visit with relatives at Stayton, Oregon, after a sojourn of several weeks. She was accompanied by Miss Beale, Queenier of that city, who will visit relatives and friends in the vicinity of Olex.

Mr. and Mrs. Geo. Gibbons were in Arlington Saturday last on their way to Portland, where they will visit for a few days with relatives who reside in that city. Master Talbert, their son, came in to this city with them to take the team back to their home near Mayville, where they are engaged in farming.

John A. McMorris and H. L. Propst, two prominent farmers of the Condon country, were in Arlington Saturday, having come in to dispose of wheat stored in this city. Mr. McMorris sold 600 sacks and Mr. Propst sold 2000 sacks, and the Independent is informed that current quotation of 43 cents was beaten. However, it was not learned at what figure the sale was made.

Revival meetings have been in progress in the Bunker Hill schoolhouse east of Olex during the last six weeks. Rev. Moorehouse, of Douglas, is conducting the meetings, which are in the interest and faith of divine healing. It is reported that there have been a good number of converts to the faith and several miraculous healings performed. Rev. Moorehouse was in Arlington recently, on which occasion he invoked the faith on patients of this city. Some accord credit the faith with the healing of a certain young lady of this city.

Supposing a Case.

Suppose that the Condon political machine should elect the next mayor, councilmen and recorder. Suppose that the people should, by some chance, elect the marshal. Suppose that the marshal should appoint three or four deputies to assist him in keeping cases on the sanitary conditions of the city and also on prominent citizens who might so far forget themselves as to use water for irrigating purposes 12 or 16 hours a day when they only pay for one hour. Suppose this bad marshal would enforce all city ordinances against members of the machine the same as he would against ordinary people. Wouldn't the ring be in a devil of a fix? They would have to take their medicine, for the marshal would have been elected by the people and would hold his office until the expiration of his term. He would also appoint what deputies he wanted and the dear good machine council would have to pay them with the city money. That is what the new charter provides for and it must be all right, for it's a machine measure. Politics do be an awful twisty business.

C. W. Crossfield, the druggist, will refund your money if you are not satisfied after using Chamberlain's Stomach and Liver Tablets. They cure disorders of the stomach, biliousness, constipation and headache. Price, 25 cents. Samples free.

Wanted Liberty.

The prisoners in the county jail made an unsuccessful attempt to take "French leave" Saturday night. Their plan was a rather unique one. They took the stove, which is a heavy, upright one weighing about 150 pounds, fastened it on a swing made of blankets, suspended from the ceiling of the cage, and attempted to use it as a battering ram to beat down the door. The result was destruction to the stove, which was smashed into smithereens. A few nights before this they attempted to wrench the door of the inner steel cage from its hinges but failed. Had they succeeded in this they might have succeeded in battering down the outer cage door, as the steel door would have been a much more formidable weapon of attack than the stove proved to be.

The three Wheeler county prisoners seem to be the most restless in confinement and they are now kept in the steel cage, where they can have no opportunity of doing harm.

When you want a physic that is mild and gentle, easy to take and pleasant in effect use Chamberlain's Stomach and Liver Tablets. Price, 25 cents. Samples free. Every box guaranteed. For sale by The Hudson Pharmacy—C. W. Crossfield, mgr.
