

THE CONDON GLOBE.

THURSDAY, FEBRUARY 28, 1901.
THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

LOCAL NEWS.

Judge J. B. Mattingly was over from Mayville last Saturday.

If you have pictures to enlarge, take them to the Novelty Gallery.

Ben Ward was up from Smith's Hay creek ranch Sunday and Monday.

Mr. and Mrs. Taylor Brandon were in from Ferry Canyon Monday evening.

Mr. and Mrs. J. J. Abalt, of Winlock, were in town this week for a few days visiting friends.

Mrs. R. E. Armstrong is on the sick list this week suffering in la grippe. Dr. Wood is attending her.

Mrs. Fred Munroe has been quite ill at the Grande Hotel. Under the care of Dr. Ruddy she is recovering.—Record.

Mr. and Mrs. Geo. Schott, of Rock creek, visited Mr. and Mrs. T. G. Johnson and other friends in town during the week.

A house occupied by Mr. Van Houten and family on the Livingston place, near Mayville, was burned to the ground last Saturday. We did not learn the amount of loss.

E. M. Clymer, of Fossil, is in town Tuesday night on his way home from Arlington, where he went to meet his aged mother, who will visit him for some time.

Lost—Somewhere between Condon and Ferry Canyon, a saw belonging to Mrs. S. A. Maddock. Finder please leave same at the Condon Hotel and receive reward.

Mrs. C. W. White, of Paperack, is suffering from a serious attack of pneumonia. Dr. Wood was called last week and, under his efficient treatment, she is now convalescent.

J. R. Frazer has bought the Condon-Lone Rock mail route from Mr. Bond and will carry the mail in the future. Mr. Bond has bought Mr. Frazer's ranch on Thirty-mile and will try his hand at farming.

County School Superintendent Neal left for Arlington yesterday to hold an eighth grade examination in the public school at that place. For this reason there will be no school here today or tomorrow.

Herbert Halstead's baby has been very sick for the past week and was reported very low yesterday afternoon.

LATER—The little one passed away at 4:20 this morning. Interment at Mount Moriah cemetery tomorrow at 2 P. M.

HOMESTEADERS

ATTENTION!

The GLOBE will publish your final proof notices for \$2.50. You now pay \$7.50. When ready to make proof ask the Land Office officials to send your notice to this paper that you may save this money. Five dollars saved, in this way, is better than \$5.00 earned raising 40 cent wheat; it's so much easier you know. Call at this office and we will tell you all about it.

Rev. Mr. Curran will preach in the Congregational church next Sunday, morning and evening. A business meeting of the Church will be held at the close of the morning service.

Mrs. Malinda Withers, a well-known pioneer woman of Mayville precinct, visited friends in town this week. Mrs. Withers is one of the early pioneers of the Pacific slope and is held in high esteem by all who know her.

The two newspapers of Heppner have been engaged in a wordy war for some time and the trouble finally terminated in a personal encounter last week. One editor got lambasted in the other fellow's paper, and the other one got knocked down and drubbed in the street. Fie! oh fie! boys; you should be ashamed of yourselves.

John Danosky, of Danosky Bros., returned from Portland Saturday, where he had spent a couple of weeks on a business trip. Danosky Bros. will close out their stock of goods at once and will go on the road for a few months, until they can get larger quarters for their store.

Charlie Earhart came over from Ione Saturday and spent several days visiting with Condon friends. Mr. Earhart has recently purchased the Klondyke Saloon at Ione and will take possession in a short time. He is an honorable and upright business man, and will no doubt succeed in his latest business venture.

Dr. Wood reports a great deal of sickness among the children this week. Rosa Armstrong, P. H. Stephenson's children, Prof. Neal's baby and a number of others have been sufferers and the doctor has been kept busy attending them. The disease seems to be a form of grip, affecting the bronchial tubes, and is described in the late medical journals as "smothering catarrh". Many children are said to be dying in the East from this disease.

Rev. C. F. Clapp conducted a ten days' series of special meetings in the Congregational church, which were full of interest, instruction and inspiration. Mr. Clapp has the happy faculty of presenting the Gospel in a convincing and attractive manner. Much good has resulted from these meetings, which are being conducted during the latter part of the week by Rev. Mr. Curran. Mr. Clapp left on yesterday's stage for Sherwood, where he opens another meeting Saturday evening.

March Election Postponed.

As will be seen by a notice printed in another column of this impression, the city election which was called according to law for the 5th day of March, 1901, has been declared off on account of the revision of the city charter at the recent session of the legislature, which changed the time for holding the city election from the above date to the first Thursday after the second Monday in April.

This, of course, carries with it the withdrawal of the ticket which was nominated at the regular primary on last Thursday evening. This ticket was nominated for the March election and not for the April election as the Weekly Annex stated in its last issue of misstatements.

The election notices were posted a month ago—before the charter amendment bill was introduced in the legislature—and the primary was held last week in accordance with the old charter, for the reason that the new charter was not known at that time to have become a law. It is a great pity that the machine could not arrange to have its "weakly organ" play fair once in a while and state the truth about these little matters. It would have so much better effect, you know. But if it has done so in any one instance in connection with this city charter affair we have failed to notice it. Why! rather than tell the truth—and perhaps let the cat out of the bag—the little thing even allowed the Fossil Journal to "scoop" it on a news item which was of first importance, not only to the people of Condon, but to the entire state of Oregon. We refer to the matter of the "prominent attorney" who went down to Salem to elect Corbett and to amend the charter of Condon, which was first published in the Journal, and, later, reprinted in the Globe with due credit.

Bomb—At an early hour this morning, to Mr. and Mrs. Sam E. Van Vactor, of this city, a daughter. All well.

LOST VALLEY.

Mrs. E. R. Sloan has gone to Eugene for a few months' visit.

Our new schoolhouse is in course of construction under the supervision of Mr. Lubeck.

Mr. J. C. Hodges has sold his farm, and will start for the coast as soon as the weather settles.

Mrs. O. E. Wick, of Lone Rock, is visiting her parents, Mr. and Mrs. Anderson, of Lost Valley.

Mr. Lubeck has moved to the Barton place, his former home near the post office having recently been destroyed by fire.

The weather is fine now. The snow is almost gone, but enough still remains to keep the creeks running torrents.

Mr. and Mrs. Wilks, while moving from Fossil to Lone Rock last week, met with quite a mis-hap. While going down the Johnson grade their wagon slid off the grade and upset in a big hole that had been created by the blowing down of a tree. Mrs. Wilks fell under the wagon, and Mr. Wilks alighted on his head, but both escaped serious injury.

ROCK CREEK.

Nora Miller has returned from Monmouth.

Frankie Stricklin is confined to his bed with the grip.

The Misses Roda and Millie Scoggins are attending school on the creek.

Miss Elda Flett has returned from a two months' visit with the family of W. W. Clark, of Juniper Canyon.

Frank Hactor, formerly of Goldendale, attended the grand ball at Olex on the 22nd. The ball was a great success.

Ernest Farns, Dan Brock, Rufo Blake and Bert Ward, all of Hardman, attended the ball at Olex last Friday night.

School in district No. 5 commenced Monday, with 20 pupils in attendance. Mr. Carter, of Monmouth, is teaching the school.

When you want a physic that is mild and gentle, easy to take and pleasant in effect use Chamberlain's Stomach and Liver Tablets. Price, 25 cents. Samples free. Every box guaranteed. For sale by The Hudson Pharmacy—C. W. Crossfield, mgr.

A Pleasant Occasion.

The entertainment and basket social which was given in Armory hall last Thursday evening by the young people of the Latter Day Saints church, was a decided success. A neat stage, with wings, background, drop curtain, etc., had been put in place for the occasion and assisted materially in a happy rendering of the program. The program consisted of songs, recitations, dialogues, etc., and was rendered in a most pleasing manner. Lack of space forbids a special mention of all the numbers or of all the performers, but suffice to say that every part was well sustained and aroused the heartiest applause from the audience. A few local "hits" in the last dialogue brought down the house.

After the conclusion of the program, tastefully prepared and well filled lunch-baskets were sold and a pleasant social hour was passed while the lunches were being disposed of.

A pleasant feature of the evening was the excellent music furnished by West Bros.' orchestra.

Although the affair was a great success and those in charge are entitled to much credit. The proceeds of the evening amounted to about \$30.

Another Fire Alarm.

The fire-bell sounded an alarm Sunday forenoon, the trouble being in P. L. Morrill's stovepipe. The boys got a 20th century move on and got the hose cart to the top of the hill through four inches of mud before you could say "gee," only to find that the alarm was false and there was no fire to put out. The team got as muddy as though it had been in a real fire, though, and decided that if Phil don't wait for dry weather for his next "fire" he will be fined a pound of smoking tobacco and a dozen corn cob pipes.

Mitchell is Senator.

Last Saturday night at a few moments past 12 o'clock the long drawn out senatorial fight at Salem came to an end by the election of John H. Mitchell. The high water mark of Corbett's strength was reached in the early part of the evening, when he received 25 votes, and it was not until the 20th ballot of that evening was reached that Mitchell's name was presented by Senator Brownell of Clackamas. Pandemonium reigned and it was but a short time until the McBride men, re-enforced by enough from the Corbett ranks to give Mitchell a majority of the republican members, were joined by enough democrats to give him the 46 votes necessary to elect. The scene is said to have been one of the wildest ever witnessed in Salem, and the celebration of Mitchell's victory lasted until a late hour Sunday morning.

John H. Mitchell was born in Washington County, Pennsylvania, June 22, 1835. His parents soon moved to Butler County, and here he was reared on a farm. He worked and studied hard, and in this way acquired a good classical and legal education. In 1860 he came to the Pacific Coast, and soon located in Portland. He at once took a prominent part in upholding the Union cause, and was soon elected to the State Senate.

For four years he was President of that body. In 1866 he lacked only one vote of the caucus nomination for the United States Senate. Six years later he recovered the vote at the hands of the Republicans. He was again a candidate in 1882, but was defeated, and J. N. Dolph elected. In 1885, at a special election, he was elected to succeed James H. Slater, Democrat. He was again elected in 1891. He was an avowed candidate in 1897, but failed of re-election.

Stops the Cough and works off the Cold.

Laxative Bromo-Quinine Tablets cure a cold in one day. No cure, no pay. Price 25 cents.

The claim of other cough medicines to be as good as Chamberlain's are effectually set at rest in the following testimonial of Mr. C. D. Glass, an employe of Bartlett & Dennis Co., Gardiner, Me.

He says: "I had kept adding to a cold and cough in the winter of 1897, trying every cough medicine I heard of without permanent help, until one day I was in the drug store of Mr. Houlehan and he advised me to try Chamberlain's Cough Remedy and offered to pay back my money if I was not cured. My lungs and bronchial tubes were very sore at this time, but I was completely cured by this remedy, and have since always turned to it when I get a cold, and soon find relief. I also recommend it to my friends and am glad to say it is the best of all cough medicines." For sale by The Hudson Pharmacy—C. W. Crossfield, mgr.

Shipwreck.

The loss of the Rio de Janeiro off Golden Gate last Friday morning was one of the most terrible disasters which has occurred on the Pacific coast in recent years. About 125 lives were lost, among them being Consul-General Rounseville Wildman and his family, who were on their way from Hong Kong. Mr. Wildman was at one time editor of the Boise (Idaho) Statesman, and later edited the Overland Monthly at San Francisco. He was at one time Consul at Singapore.

C. W. Crossfield, the druggist, will refund your money if you are not satisfied after using Chamberlain's Stomach and Liver Tablets. They cure disorders of the stomach, biliousness, constipation and headache. Price, 25 cents. Samples free.

LONE ROCK.

About all the sick folks in our locality are getting on their pins again, which fact is very encouraging.

The weather for the past few days has been very disagreeable, and the mud, too, is almost unnavigable.

J. H. Bond and family last Saturday moved over to the ranch which he recently purchased from Riley Frazer.

Most of the stock in the country has been turned on the grass to rustle for themselves, though hay is still quite plentiful.

Riley Frazer made his first trip as mail carrier on the Condon-Lone Rock route Monday, and reports the roads in terrible condition.

The Heppner mail carrier has been in and out of here in all sorts of shapes and odd times for the past few weeks on account of bad roads.

Rev. Tomkins, of Fossil, closed his week's meeting at this place last Sunday evening. Our people seemed to be quite favorably impressed with the reverend gentleman, and he promised to come back and preach to us again on the fifth Sunday in March.

Our burg has a flour, sugar and coal-oil famine, but it is to be hoped that after the city election, next Monday, capital will again be turned loose in the channels of trade instead of politics, so that the above mentioned delicacies may be obtainable within the city limits.

Erb Wilks and wife, while coming in from Fossil last Friday with a four-horse team load of their furniture, etc., had the misfortune to capsize their wagon on a bad grade a couple of miles from Lone Rock. Mrs. Wilks was quite badly injured and the wagon and their household effects looked like they had been struck by a tornado. This is indeed a serious loss to the young couple, as all the contents of the load were broken beyond repair.

TO CURE A COLD IN ONE DAY.

House Burned.

Last Friday evening was an unfortunate one for Taylor Brandon and family, of Ferry Canyon, their house and all its contents being entirely destroyed by fire. The family started about dark to spend the evening at the home of a neighbor, and soon after reaching their destination they looked back and discovered their house in flames. They hurried back, but were too late to save anything. The house was a new one, having just been completed last fall, and was well furnished. The loss will reach about \$1000, and there was no insurance. The loss will fall heavily on Mr. Brandon, but, as is usual with the bighearted people of the Ferry Canyon and Condon neighborhoods, substantial assistance is forthcoming to help put him on his feet again.
