

THE CONDON GLOBE.

If you have pictures to enlarge, take them to the Novelty Gallery.

Andrew and Jeff Noel and R. M. Johnson were over from Lone Rock Saturday and Sunday.

S. B. Barker and family and Mrs. J. F. Reischer left Sunday for a visit at Portland.

We call the attention of our readers to the proceedings of the Oregon legislature on first page.

HOMESTEADERS

ATTENTION!

The GLOBE will publish your final proof notices for \$2.50. You now pay \$7.50. When ready to make proof ask the Land Office officials to send your notice to this paper that you may save this money. Five dollars saved, in this way, is better than \$5.00 earned raising 40 cent wheat; it's so much easier you know. Call at this office and we will tell you all about it.

Born—Friday, March 1, 1901, to the wife of James Campbell, of Trail Fork, a son. Dr. Wood acted as master of ceremonies.

Dr. Wood called Monday afternoon to visit one of the Hart boys, about seven miles north of town, who is suffering from a severe attack of pneumonia.

Jim Cameron, the Ferry Canyon sheepman, was in town a few days during the week. He says the recent long spell of wet weather has been hard on the sheep and also on the range.

President McKinley and Vice-President Roosevelt were inaugurated on Monday with great pomp and ceremony. The occasion is said to have been the most splendid in the history of the nation.

R. B. Lucas, proprietor of the City Restaurant, has rented the Barr building, corner Main and Spring streets, and moved his place of business there. The building formerly occupied by the restaurant will be fitted up as sleeping rooms in connection with the restaurant.

Miss Louella Maddock has been teaching a Sunday-school class in the Catholic church all winter and expects to continue the good work during the coming summer. All children of the Catholic faith are welcome to join the class at any and all times. Sunday-school every Sunday afternoon.

W. A. West, of Hay creek, has rented the Miller ranch, near Olex, and moved to that place yesterday. His brother will run the ranch of West Bros., on Hay creek. Before leaving Condon Mr. West had his name on the Globe's subscription books changed to the Olex list so that he would not miss a single copy.

The management of Whitman College, at Walla Walla, Wash., have offered a free scholarship to the member of the graduating class of the Condon public school who makes the best record at the end of the school year. A number of pupils are making special efforts to win the prize. The scholarship is worth about \$800.

Weldon Darling, alias "Alkali Pete," the champion pie eater of Condon, has made a record which should prove an "open sesame" into the field of politics when he is a little older. No kid with such a mouth for "pie" should fool his life away in ordinary vocations. Weldon should go to Salem when he is a little older and train for a states politician.

Joe Budd, B. Kiely, J. M. Kiely and Ed Portwood were in town Monday and Tuesday from the Olex country on land business. The two gentlemen first named were pleasant callers at the Globe office, where each left his measure for another year's subscription to this family journal. Mr. Kiely wanted us to insert a matrimonial ad. for Mr. Budd's benefit, but as that gentleman objected, we decided not to say that any young, beautiful, unmarried lady worth \$100,000 might hear of something to her advantage by addressing Mr. Budd at Olex. We wish we could have mentioned the matter, but of course we cannot do so.

County court is in session this week.

L. W. Darling was in from Hay creek yesterday.

J. W. Scrivner was over from Eight-mile Tuesday.

W. C. Brown was over from Idea precinct during the week.

Frank Wilson left yesterday for a few days' visit at Spokane.

Steve Couture was in from Ferry Canyon Tuesday night.

Mr. and Mrs. F. B. Stevens were in from Thirtymile Tuesday.

Mr. and Mrs. Joe Foss were in from Thirtymile during the week.

P. H. Stephenson is visiting at the White ranch on Paperack this week.

Charlie Pinkham came in from Ferry Canyon Tuesday and will remain for awhile as deputy in Sheriff Wilcox's office.

W. A. Goodwin left yesterday for Hood River, where he goes to deliver a horse which he has sold to a citizen of that place.

Dr. Wood was called to Olex Tuesday to see Will Burns, who is down with an attack of pneumonia. Jim Burns went down with the doctor and remained to nurse his brother.

About a dozen members of Mount Moriah Lodge, A. F. & A. M., of this place, will visit Heppner next week to attend lodge and take some of the more advanced degrees. They will leave Monday, going via Arlington.

J. A. McMorris has just finished a telephone line connecting the ranches of W. S. Myers, Arthur Myers, Walter Myers, Frank Shannon and Wayne Grider. The line works to perfection and the parties are well pleased. As soon as the switchboard for Condon arrives this line will be completed to town.

Buttercups.

Eastern Oregon's first real harbingers of Spring have again put in their appearance. The buttercups are abloom and the children are happy. These modest little blossoms—modest as the daisies which were made immortal by Burns' pen—are real heroes after all. Undaunted by the biting blasts of Boreas, who so delights to revel in mad pranks athwart a March landscape, they peep their modest faces from a dark and sodden earth and dare the North-wind god to do them harm whilst they do their loving errand—bring their message of good cheer—to men and women and little children. The later flowers, which bloom in such profusion and fairly fill the world with beauty and fragrance, are good to look upon, but none of them can take the place of the modest, fearless buttercup, which treads upon the heels of Winter and bids him to begone. God bless the modest, fearless, yellow buttercup! How many childish hearts have throbbed with ecstasy on thy account? How many weary ones have taken courage because of thy message that "Spring is here?"

He Fooled The Surgeons.

All doctors told Renick Hamilton, of West Jefferson, O., after suffering 18 months from Rectal Fistula, he would die unless a costly operation was performed; but he cured himself with Bucklen's Arnica Salve, the best in the World. Surest Pile cure on earth. 25c a box, at Condon Drug Co.'s.

School Notes.

GUSKIE DARLING, School Editor.

Gussie Darling was elected school organist Wednesday morning.

There was no school Monday afternoon on account of the annual school election.

The eighth grade is reading Oration on Bunker Hill Monument by Daniel Webster.

Lilla Clarke, Isa Washburn, Belle Campbell and Nora Wallace are absent from school this week.

Prof. Neal returned Sunday from Arlington, where he held an eighth grade examination last week.

Bertha Trimble, Jennie Balding and Mabel Price have returned to school, after an absence of several weeks.

Maud Ward, Vera Portwood, Myrtle Ferguson, Alvin Wilcox, Arthur Parrish, Charlie Price and Floyd Moore were promoted from the fourth to the fifth grade this week.

As this is the beginning of the new school year, the teachers have reorganized the school. All the grades in the principal's room have taken up mental arithmetic, and Mr. Neal has taught the eighth grade A and B classes.

TO CURE A GOLD IN ONE DAY

Take Laxative Bromo-Quinine Tablets. All druggists refund the money if it fails to cure. K. W. Grove's signature is on each box. 25c.

LONE ROCK.

P. L. Ham made a trip to Condon last Saturday.

The annual school meeting Monday passed off quietly.

Mrs. J. R. Bennett has been quite sick the past few days.

R. M. Johnson made a trip to the Hay creek country last week.

The grass is growing nicely and sheep are in fine condition, and the prospect for a fine lamb crop this spring is excellent.

Mrs. W. C. Brown and daughter, Mrs. Nicholson, went over to Wagner last Saturday to visit their relatives, who are on the sick list.

A telephone message was received here last Saturday morning informing us that one of our Eightmile neighbors, James Inskip, had just died.

The weather has been warm and pleasant the past week and our farmers have commenced scouring up their old plows and preparing for the usual spring farming.

Rock creek was up booming, perhaps the highest for many years, a few days ago and carried away the center span of the big new bridge on the Lone Rock and Heppner county road. It will cost Morrow county quite a sum to repair the bridge.

To Whom It May Concern.

Editor CONDON GLOBE:—The following statement was prepared by me and handed to the manager of the Condon Weekly Times on Monday, Feb. 25, with the request that the same be published in that paper. On Friday evening, March 1st, Mr. Christie informed me that he had been instructed not to publish the matter unless I paid for the space. I therefore ask you to publish the statement, in order that a false insinuation which, I consider, reflects on the officers of the city of Condon, should be made right before the public.

Following is Mayor Dunn's statement: "Condon, Feb. 25.—To the editor of the Condon Times:—"

"Dear Sir:—I wish to correct a statement appearing in the last issue of the Times insinuating that Mr. S. A. Pattison is indebted to the city of Condon. "As an officer of the city of Condon I wish to make public the reason why the county records show that Mr. Pattison is indebted to the city of Condon, while as a matter of fact he does not owe the city one cent.

"On February 19, 1898, during Mr. S. B. Barker's last term of office as Mayor of Condon, a warrant was drawn in favor of S. A. Pattison for \$250.00 as a loan at 10 per cent per annum, and a mortgage was given the city of Condon by Mr. Pattison to secure the loan. The city treasurer's books show the following payments to have been made on this loan: On June 28, 1898, \$100.00; on April 10, 1899, \$170.00.

"The reason this mortgage has not been canceled by the city recorder is, I presume, an oversight of the city treasurer in not giving the recorder notice of the payment of same.

"Ed Dunn, Mayor."

G. W. Rinehart and Mrs. Herbert Halstead are visiting at Olex this week.

The ladies of the Baptist church will give an entertainment some time this month—consisting of short dramas, tableaux, music, etc.

Another Fire.

The fire fiend was again on the rampage last Saturday evening, this time the object of its attack being the residence of G. G. Parman, three miles northwest of town. The family were at supper when fire was discovered in the upper story of the building, and the flames had already gained such headway that it was impossible to save anything from the upper floor. A piano, a steel range and a few other articles of furniture were saved from the first floor, but the bulk of the furniture, clothing, supplies, etc., were destroyed. Quick work was required to save a lot of wagons, etc., and also a quantity of wheat which was stored near the house, but, owing to the direction of the wind, the barn and other out buildings were not in jeopardy.

When seen by a representative of the Globe Mr. Parman stated that he could form no estimate of the loss, either of building or contents; but it was no doubt a considerable sum. There was no insurance on the property.

The family are living temporarily in the house on the W. R. Hartman place which Mr. Parman has rented for this year.

A Good Cough Remedy for Children

"I have no hesitancy in recommending Chamberlain's Cough Remedy," says F. P. Moran, a well known and popular baker, of Petersburg, Va. "We have given it to our children when troubled with bad coughs; also whooping cough, and it has always given perfect satisfaction. It was recommended to me by a druggist as the best cough medicine for children as it contains no opium or other harmful drug." Sold by The Hudson Pharmacy—C. W. Crossfield, mgr.

School Officers Re-elected.

At the annual school meeting held in the school-room Monday afternoon, W. L. Wilcox and P. H. Stephenson were unanimously re-elected trustee and clerk, respectively. Quite a number of citizens were present at the meeting. On motion it was decided to call a special meeting at some future time to consider the new schoolhouse proposition.

A Birthday Surprise Party.

A pleasant social event occurred at the residence of W. A. Goodwin Monday night, the occasion being in honor of the birthdays of Mr. and Mrs. E. A. Wallace, Mr. Wallace's birthday having been on Saturday, and Mrs. Wallace's on Sunday. The old people were invited to the home of their son-in-law and were kept completely in the dark until about 30 friends had gathered, when they began to "tumble" to the cause of it all. A pleasant evening was enjoyed and Mr. and Mrs. Wallace were made the recipients of a number of useful and beautiful presents. May they have many happy returns of the day.

Headache often results from a disordered condition of the stomach and constipation of the bowels. A dose or two of Chamberlain's Stomach and Liver Tablets will correct these disorders and cure the headache. Sold by The Hudson Pharmacy—C. W. Crossfield, mgr.

A Human Watertank.

A seedy-looking young man struck town last Saturday afternoon, and in the evening gave a slight-of-hand performance in the rear room of the Fix building. It was plainly evident from the first that he was an expert at passing the hat, which "act" was repeated several times during the evening—so often in fact that it brought blushes to the faces of those who had already contributed what they thought ought to be sufficient to buy a decent "jag."

It is said that a camel can take enough water on to last a week, and "there are others," as was proven beyond a doubt last Saturday night, when the young man in question swallowed tumbler after tumbler of water in quick succession and called for more. Barring the hat "act," the water act beat anything ever seen in Condon, unless it be the irrigation "act" so often performed by some of our citizens.

Mrs. C. E. VanDeusen, of Kilbourn, Wis., was afflicted with stomach trouble and constipation for a long time. She says, "I have tried many preparations but none have done me the good that Chamberlain's Stomach and Liver Tablets have." These Tablets are for sale at The Hudson Pharmacy. Price, 25c. Samples free.
