

NOTICE

The Globe invites correspondence from all parts of Gilliam county. We are to make this paper the leading news medium of the county and to give our readers the most reliable and complete news of their respective neighborhoods. Correspondence must be signed by the writer, not necessarily for publication, but as an evidence of good faith, and the editor assumes no responsibility for opinions expressed by correspondents.

EARN A TITLE.

The Weekly Times has certainly earned a title. That latest expiring wail under the lying caption "The Truth" is sufficient to cause its name to be handed down to posterity as the weakest Weekly ever published. Our conjecture last week has proved correct, viz., it has dropped its latest lie and attempted to contrive a new one; but ye gods! what a contrive.

The Weekly, two weeks ago, accused the GLOBE of publishing "libelous matter" about "responsible citizens" and then charging them "exorbitant sums" for space in which to reply to the same, and offered to "refresh" our memory by naming a few of our "victims." We challenged this journalistic Ananias to name them or to produce one iota of evidence to back up or establish the charge. He, it or they, as the case may be, (we don't know who is responsible for such drivel) utterly fails to carry out the bluff or to even attempt to do so, and in a poor, weak, sniveling fashion attempts to back out of the hole it has got itself into, by saying that the GLOBE "acknowledges to what we already said—that he charged for the insertion of articles from parties, if such were for campaign purposes." Of course we charge for campaign matter. So does every other newspaper whose publisher is not an idiot; but when the Weekly says that we plead guilty to "what it already said," which was in fact that we have slandered "responsible citizens" and then charged them "exorbitant sums" for space in which to reply, it simply places another very weak, miserable lie to its credit. Yes, it has hatched out another one, but the brain from which it was evolved is surely addled, for the chick is such a puny weakling. The GLOBE wishes to thank the Weekly for having brought out these lies in such a manner as to give us an opportunity of refuting them. For months the GLOBE has been the victim of falsehoods and misrepresentations which have been circulated privately in such a manner that it has been impossible for us to defend ourselves and it has afforded us much satisfaction to see the Weekly do just as it has done during the last few weeks, i. e., brand itself as the most bungling liar this far west.

Our files are open to the inspection of any one who may desire to inform themselves as to this matter, and if there is any person in the county who believes there is a grain of truth in any of the malicious falsehoods and misrepresentations which have been published or circulated in regard to this paper, we invite them to come in and point out wherein we have knowingly or willfully wronged any man. The GLOBE is not given to boasting, but on this occasion it may be pardoned for saying that hardly a day passes but we receive assurances from "responsible citizens," many of whom are prominent republicans, that our course is approved and that the course of our traducers and of those who have so unsuccessfully attempted to ruin us and our business is condemned.

The day of reckoning will come, Weekly, and, while it is coming, if you have any good first-class, hard-finished lie to spring, trot it out; if you have none any stronger than your former ones, for God's sake, shut up.

A FAKE "HEALER."

"Schlatter," or, as he styles himself, Rev. Chas. McLean, the alleged "divine healer" who created some excitement in Portland a few weeks ago and was later jailed in Seattle for vagrancy is now in Spokane and seems to have about run

his course. Henry C. Olney, a newspaper man of that city, who formerly lived in Denver, knew the original Schlatter in that city in 1895, and in a published statement he denounces McLean as a first-class humbug and faker. Such fellows can always find dupes, however, if they possess the required amount of "nerve" and set up a claim to supernatural power. P. T. Barnum had the American people pretty well sized up when he stated that they love to be humbugged.

Count Boni de Castellane the skinny little Frenchman whose title Jay Gould's daughter purchased with her millions, has "fit" a duel with a French newspaper man, in which the Count came off victorious. "Bony" would better rest on his laurels and stay in France. Should he get his head swelled and come to this country to fight every editor who has poked fun at him he would find that he had a job on his hands, and might stand a chance of getting spanked. No American editor would use a gun on him. Powder and shot are never wasted in this country on any game smaller than jack-rabbits or coyotes.

Indications point to another big strike in the anthracite coal fields this Spring. The miners have asked the operators to meet them in joint conference for the purpose of agreeing to a scale of wages for the coming year, but the operators have so far treated the workers with contemptuous silence. The miners, who are, after all, the real wealth producers, are entitled to fair treatment from their employers, but with the entire coal business in the control of a very few capitalists, they are not likely to receive such only at the end of another long and disastrous strike.

The wool growers who refused 12 1/2 cents for wool in 1900, after holding it over one year to find that wool has not increased in price, but depreciated to the tune of from 4 to 6 cents per pound, find themselves in doubt as to whether any particular political party can regulate the price of wool, or if supply and demand does not affect all cut some figure in the regulation of prices.—Prosper Record.

Stops the Cough and works off the Cold. Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25 cents.

Under the caption "Comment in Brief" in its editorial columns the Portland Telegram gets off some pretty good things. Following are a few samples from a late issue: Mr. Rockefeller's income from Standard Oil stock alone is \$21,000,000 a year. Yet he won't pay taxes, nor is compelled to on a hundredth part of his wealth. Such men as he and such a tax system are breeders of both socialism and anarchy.

An Eastern professor thinks he has discovered that hell is located in Saturn. This well please a good many of our American politicians; Saturn has such large and beautiful rings.

Mrs. Nation, in her mild and refined style alludes to the cigar as a death-dealing hellish thing. But perhaps the one she smoked was given her by some politician who had a friendly interest in the jointists.

In New York the other night the horses attached to a lady's carriage ran a short distance and she was scared. The reason this news was important enough to be telegraphed all over the world next day is that she married a cousin of Vice-President Roosevelt. Great is the name and fame of Teddy.

Mr. Schwab, the president of the new steel trust, is to receive a salary of \$1,000,000 a year. Mr. Morgan received a fee of \$2,000,000 for engineering the deal. History furnishes no counterpart in private life to these stupendous robberies of producers and consumers, under the guise of salaries.

Banker Routs A Robber. J. H. Garrison, Cashier of the bank of Thornville, Ohio, had been robbed of health by a serious lung trouble until he tried Dr. King's New Discovery for Consumption. Then he wrote: "It is the best medicine I ever used for a severe cold or a bad case of lung trouble. I always keep a bottle on hand." Don't suffer with Coughs, Colds, or any Throat, Chest or Lung trouble when you can be cured so easily. Only 50c and \$1.00. Trial bottles free at Condon Drug Co.'s.

Remarkable Cures of Rheumatism. From the Vindicator, Rutherfordton, N. C. The editor of the Vindicator has had occasion to test the efficacy of Chamberlain's Pain Balm twice with the most remarkable results in each case. First, with rheumatism in the shoulder from which he suffered excruciating pain for ten days, which was relieved with two applications of Pain Balm, rubbing the parts afflicted and realizing instant benefit and entire relief in a very short time. Second, in rheumatism in thigh joint, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the liniment on retiring at night, and getting up free from pain. For sale by The Hudson Pharmacy—C. W. Crossfield, mgr.

School Notes. Gussie Darling, School Editor. Miss Stella Darling visited our school Tuesday afternoon. Belle Campbell has returned to school, after a long absence. Herbert Brown, Fred Anderson and David Duthie will not attend school the remainder of the term. Lilla and Florence Clark, Weldon and Gussie Darling, Jennie Balding and Charlie Rice were absent a few days this week.

The attendance in the primary department still continues to be good. Edgar Dunlap and Herbert Clark are absent from that department. A portion of the eighth grade are remaining three quarters of an hour after four o'clock for supplementary work, which is necessary for those who wish to graduate from the eighth grade.

He Fooled The Surgeons. All doctors told Renick Hamilton, of West Jefferson, O., after suffering 18 months from Rectal Fistula, he would die unless a costly operation was performed; but he cured himself with Bucklen's Arnica Salve, the best in the world. Surest Pile cure on earth. 25c a box, at Condon Drug Co.'s.

Lonely Rock. Rev. I. D. Brown is at Heppner this week. Mrs. Wilks has been very sick the past few days. Mrs. J. R. Bennett is still in a very critical condition from heart trouble. Mrs. Lanna and family were visiting her brother, P. L. Han, this week, and Jeff Neel took them to Condon the last of the week. Mrs. I. M. Vatch, who has been at Portland for the past three months receiving medical treatment, has arrived at the home of her daughter here, and seems to be somewhat improved in health. Our energetic merchants made a rustle last week and brought a six-horse load of flour from Mayville, and an eight-horse load of merchandise from Heppner. So, the sugar and flour famine is temporarily broken. The city election last week was like a jug handle, all on one side, from the fact that there were but 13 voters, and seven offices to fill, and of course there were only enough for one ticket, consequently they all voted 'er straight.

By a mistake, which will occur sometimes even in a print shop, we failed to mention the result of the watch contest in our last issue. Miss Mary Foster was the successful contestant, her vote on the last evening running up several hundred. The Arlington Warehouse Co. has a new ad. in this impression which will be of interest to wool and wheat growers. This house has been working hard for better wool rates from Arlington and it is probable with a good degree of success. It is their intention to put in a wool baler, and to make Arlington a wool market which will be second to none on the O. R. & N. line. Mrs. C. E. VanDeusen, of Kilbourn, Wis., was afflicted with stomach trouble and constipation for a long time. She says, "I have tried many preparations but none have done me the good that Chamberlain's Stomach and Liver Tablets have." These Tablets are for sale at The Hudson Pharmacy. Price, 25c. Samples free.

ROCK CREEK. Arrived too late for last issue. La grippe is prevalent in this section. Jess Dunkun was on the creek Wednesday. Mrs. D. F. Stricklin was very ill the first of the week. T. G. Woodland is doing considerable plowing this week. Douglas Hurt has been very ill the past week, but is recovering. J. F. Davison, of Lone Rock, was on the creek Tuesday on business. The weather is very favorable for all kinds of out-door work. The grass is growing nicely and the stock is all in fine condition. Mr. Frank Brown was very busy the first of the week looking after his sheep. Miss Rhodie Scoggins was ill last week with the grip, but has recovered. Mr. and Mrs. Lee Paul, of the east side, were on the creek Sunday visiting friends. Ernest Farrans, of Hardman, accompanied by Bert Ward, was on the creek Sunday. Miss Edith McKinney has returned home from Hardman, where she has been teaching a six months' term of school. The school has begun, with twelve pupils in attendance, which will run six months. Mr. M. O. Carter, of Monmouth, is teaching the school.

TO THE CONSUMERS OF GILLIAM COUNTY:

We desire to state that we are determined to reduce our large stock of goods and for the next 90 days will make great reductions in all lines for cash.

By referring to your local papers frequently note the ad. of interior merchants who, with conspicuous signs, say: "We sell at Arlington prices." Is this not evidence that the Arlington merchants must lead in low prices or there would be no need for such statements? Before purchasing your fall supplies or the smaller bills get prices from us.

In agricultural implements we have the favorite Monitor Drills subject to four attachments, viz. hoe, disc, press wheels or shoe. The Oliver and Flying Dutchman Plows are hard to beat for good clean work, durability and lightness of draft. It is no longer an experiment to buy a Bain or Stoughton wagon, as they have but few if any competitors when strength and light-running qualities are considered.

If you anticipate treating yourself to a new buggy or hack do not purchase until our new carload of the old reliable Racine rigs reach us, which will be here in September. When in need of a chop mill, hay press, windmill, sewing machine, or any kind of machinery used on the farm, write us for prices and we will treat you right.

Address all communications to the firm at the old James W. Smith store.
