Death of Charles Fix.

After an illness of but a few days' duration, Charles Fix, a well-known resident and business man of this city passed away at his home on last Thursday evening. Mr. Fix had been suffering for a few days from ulcerated teeth, but while he suffered much pain, his condition was not considered alarming until Thursday afternoon, when blood poison developed and so rapidly did it do its work that at 10:30 the same evening his life had ended.

Charles Fix was born on a farm in Monroe county, Michigan, March 17, 1852. He attended the common school and later received a full college course at Windsor, Ontario. While at college he expected to enter the priesthood of the Catholic church, but later changed his mind and engaged in teaching. He served two terms as school superintendent of Monroe county. He came to Oregon in 1884 and settled in Ferry Canyon, where he acquired a full section of fine farming land, which he still owned at the time of his death. He came to Condon in 1890 and engaged in the livery and feed business, and has been a continuous resident of this town since that time. He was enterprising as a citizen and engaged in many different lines of business.

Deceased was married last June to Miss Mollie Kargl, of this place, who will have the earnest sympathy of the entire community in her bereavement. The funeral occurred Saturday afternoon, Father Kelly of the Catholic church conducting the service.

Witness Fees Disallowed.

East Oregonian

A number of bills of witnesses in criminal cases in the circuit court were disallowed at the March term of the county court, and that notwithstanding the witnesses had been given orders by the county clerk for their per diem and mileage. This action created some little stir among the buyers of county warrants, as they had purchased these orders from the witnesses in a number of instances, and supposed that all they had to do hereafter was to go to the county clerk's office after the adjournment of the county court and get their warrants.

There is an old statute which provides that only five witnesses on each side shall be allowed in criminal cases. If either side wishes more than that number the attorney representing the party, whether the state or defendant, must get an order from the circuit judge for the issuance of the extra subpoenas. Attorneys have been disregarding that statute until it became necessary to stop the practice. The particular case which raised the question was that of the State vs. Charles Dann, which was tried at the January term. At first glance, it would look as though a hardship had been worked on the witnesses, as when subpoenaed in a criminal case the ordinary citizen don't wish to hang back and take chances of having a bench warrant sent after him, and being hauled up for contempt of court.

A little care on behalf of attorneys will guarantee to witnesses their fees, and the living within the law will have a tendency to cause attorneys to ask the court for an order to issue subpoenas hereafter, instead of rushing ahead and doing it on their own responsibility, without the right to do so.

The new law in reference to taking up estrays needs to be studied, as there is a provision for a fine of \$10 to \$100 for taking up an estray without complying with the provisions of the act. When an estray is taken up three notices have to be posted. It is provided though that no estray shall be taken up during the months of May to November inclusive, except breachy or vicious animals, which may be taken up in any month. Within ten days the owner may claim and secure the animal upon the payment of \$1 fee and a reasonable price for keeping it. After ten days the county clerk is notified and the animal is appraised and sold, being advertised in a newspaper if of over \$15 value.

TOURIST CARS.

The tourist cars, like a newspaper in a country town, certainly "fill a long felt want". A cool, clean, well ventilated sleeping and observation car, equally free from the discomforts of the old fashioned passenger coach and the stuffy heat of the over-luxuriously upholstered drawing-room and sleeping cars, and at a moderate extra fee, has solved the problem of providing attractive accommodations for the general public. The O. R. & N. Co. runs three of these cars daily between Portland and the East. A porter is in charge of each car to look after the wants and comforts of the passengers.

For rates and particulars write to A. L. Craig, General Passenger Agent, O. R. & N. Co., Portland, Ore.
