THURSDAY, JUNE 9, 1901.

THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

LOCAL NEWS.

Mrs. F. M. Pitter left for Portland Monday to visit friends.

Grant and Siterman Wade were up from Olex yesterday attending the funeral.

A young child of Mr. and Mrs. Overlander, who live near the school house is dangerously ill.

Ed Temple has had a sort of a dazed expression all week and says he does like to ride horseback any way.

Orin Jackson wants the grades between here and Mayville widened out and the curves straightened. He says it is no safe bicycle path.

Rev. Mr. Curran of this place delivers the address this evening before the graduating class of the Fossil public school.

John Cunningham came out from Arlington Friday to assist in caring for Ray Smith who was operated on for appendicitis on that day.

R. A. McCulley has accepted a position in Lord and Co's big store at Arlington. He went down Sunday to commence work Monday.

Mrs. W. A. Robbins, of Fossil, went through on Monday's stage to Salem where she is called by the serious illness of her aunt.

Mrs. Kelscher started Monday for Corvallis where she goes to attend the graduating exercises of the Oregon Agricultural College.

J. W. Scrivner and Claus Johnson, two prominent citizens of the Eightmile country, were in town Tuesday transacting business and shaking hands with their many friends.

The GLOBE office turned out a swell job of programs for the graduating class last week. But, come to think of it, the GLOBE office is the place to get up-to-date artistic printing every time.

M. E. Summers has reopened the Model Saloon in the Fix building and has the same stocked with first class "wet goods" and cigars. J. R. Newman is chief mixologist in this popular resort. See new ad in another column.

Jim Cameron and S. B. Barker went to Arlington Monday to deliver about 5000 head of sheep lately sold to E. L. Clark, of Utah. They will also try to make a satisfactory sale of their wool which comprises about 800 or 1000 sacks.

A sweet little baby girl came to brighten the hour of Mr. and Mrs. S. B. Couture, at Ferry Canyon, one day last week. Steve reported all doing well when he was in town Monday. Was he tickled? Well we guess yes.

Ed. Bigbee, the popular stage driver on the Condon-Arlington line left the first of the week for his home at Sweet Home, Oregon, where he will spend a month visiting the "Old Folks at Home" "The Girl he Left Behind Him" and other friends.

T. L. Nicklin the well known dentist writes the Globe that he expects to return to Condon about June 12 and will be glad to meet all his old friends and patrons and many new ones. The doctor has many friends here who will be glad to have him here again.

The Arlington Flouring Mill has been incorporated. The directors of the new company are A. McAyeal of Portland, O. D. Sturges, A. W. Sharrard, J. M. Johns and J. C. Fowle of Arlington. Stock is being subscribed for rapidly by the enterprising people of Arlington and the Record says it is only a question of a few months when Arlington will have a first class flouring mill.

Dr. B. F. Butler who is permanently located in Arlington as a practicing dentist was here a few days this week and while here was kept busy doing work in the line of his profession. The doctor has rented rooms over Wilson's Pharmacy and expects to maintain an office here in the future. He will again visit Condon in July and thereafter will spend one week in each month here.

MARRIED—At High noon Sunday, June 2, 1901 Mr. Albert Wright and Mrs. Susie E. Wilson were united in marriage Justice of the Peace Neale performing the ceremony. The happy couple left immediately for Portland where they expect to reside in the future. Mr. and Mrs. C. S. Palmer accompanied them as far as Arlington. We wish them much joy.

Byron Sanders a son of Joseph Sanders who lives on the John Day River was drowned on last Tuesday morning about 8 o'clock. He and his brother started to ford the river on horse back. He being in the lead soon noticed that it was too deep to ford and called to his brother that they must go back. They turned back and Byron's horse became unmanageable and fell, both horse and Byron going under the water. When he came up the struggling horse was between him and the nearest shore. He then turned to swim to the other shore, and landed against a cliff of rocks on the opposite side where he could not get out. He then turned to swim around the cliff of rocks and was caught in a whirlpool and never was seen again. The body was not found on Wednesday at 2 P. M. The horse got out about a quarter of a mile below. Byron had on spurs, chaps and a handkerchief around his neck. Any one getting any knowledge of the body will confer a favor by phoning to Montland, -Arlington Record.

In Justice Court.

Condon is making a record this Spring in the way of justice court business, the docket being hardly cleared of one case until another follows. Business seems to be coming to Judge Neale's court in car load lots and on Tuesday the record was broken by the issuance of an even half dozen warrants of arrest on the charge of participating in a riot. The persons named in the warrants were John Nelson, Lewis Nelson, Will Nelson, Burns Jones, Wm. Musgrove, J. W. Clark and Frank Palmer, all well known residents of the Ferry Canyon country. All the above except Mr. Palmer were in town Tuesday and were placed under arrest by Constable John Knox and allowed to go on their own recognizance, pending the preliminary examination which will be held next Wednesday. Mr. Palmer was in Arlington the first of the week but was expected home last evening or this morning.

The complaint was filed by Wm. Bennett, also a resident of Ferry Canyon, who alleges that he was severely beaten and taken out of town by a mob last Friday night and left on the highway with the injunction to leave the country and never come back again. He left all right, going out to J. A. Richmond's place in Ferry Canyon but he came back early next morning and the complaint was filed and arrests made as above stated. The air is filled with rumors regarding the origin of the trouble but the preliminary trial will no doubt bring out the real facts in the case. All the men arrested, so far as we know, have hitherto borne excellent reputations as honest, law abiding citizens.

Baccalaureate Sermon.

The services at the Congregational church Sunday morning were of special interest the occasion being the baccalaureate sermon delivered by Rev. Mr. Curran to the graduating class of the public school. The members of the class, with their teacher, Prof. W. R. Neal, were present in a body and occupied seats on the platform. The church was artistically decorated with cut flowers and potted plants and the class motto, "No Victory Without Labor," embellished the wall immediately back of the altar. Some special music was rendered by the choir and a large congregation was present and listened with marked attention to one of the most instructive sermons ever delivered in Condon.

Mr. Curran chose as the subject of his remarks "The Victory of Labor," his text being found in II Timothy, 4, 7-8, "I have fought a good fight, I have finished my course, I have kept the faith."

"Henceforth there is laid up for me a crown of righteousness, which the Lord the righteous judge, shall give me at that day: and not to me only, but unto all them also that love his appearing."

Throughout the sermon the speaker emphasized the fact that a thorough training is necessary in order to cope successfully with the problems of life. He pointed out that there are three sources of training: (1) teachers, (2) books, (3) experience. The teacher develops, stimulates, arouses; good books are the matured thought of master minds and are inspiring, lofty and rich. The most valuable book and the most profound is the Bible, Paradise Lost, Shakespeare, Tennyson, Homer and others follow. Experience, as a teacher, is rough and severe but of incalculable value. A thorough training is necessary for everyone that he may perform efficient work. The great works of art, oratory, literature and science have been the product of trained men. Paul, the apostle was a well trained man and a great worker as may be seen by his writing, preaching and his whole experience. Earnest, steady work will, in the end, bring its sure reward. Reward is the logical result of labor.

In closing the speaker turned to the class and said: "Your labor has increased your responsibility, made clearer the path of duty and points the way to your success. Your knowledge has increased your efficiency and your labor has brought and will bring its own reward."

The interesting services were appropriately closed by the reception of eight new members into the church three of whom were from the graduating class.

The graduating exercises of the class will take place tomorrow evening at 8 o'clock P. M. Following is the program: Music—Violin and Piano Duet, R. H. Wain, Miss McHaffie, Salutatory—"Life", Jennie Neal, Class Poem—"Vision", Jennie Neal, Oration—"University and True Patriotism", Bertha Trimble, Music—"Sailor Boy's Dream", Miss McHaffie, Class Oration—"American Ideals", Bert Edwards, Composition—"True Nobility", Gussie Darling, Music—"Beneath the Palms", Miss McHaffie, Composition—"Beauties of Nature", Abbie E. Darling, Oration—"The Decisive Battle of the Rebellion", Robert Fitzwater, Valedictory, Lilla May Clarke, Address to Class, Sam E. Van Vactor, Presentation of Diplomas, Prof. Harry F. Stricklin, Class Song—"Good Night."
