THE CONDON GLOBE.

THURSDAY, JUNE 20, 1901.

NOTICE.

The Globe invites correspondence from all sections of Gilliam county. We aim to make this paper the leading news medium of the county and invite our friends to assist us by sending in the news of their respective neighborhoods. Correspondence must be signed by the writer, not necessarily for publication, but as an evidence of good faith, and the editor assumes no responsibility for opinions expressed by correspondents.

DISTINGUISHED GUESTS.

Chairman Burton of the Congressional committee on Rivers and Harbors, accompanied by almost the entire committee will visit Oregon during the present month, arriving in Portland Friday morning, the 28th inst. Their mission to this coast at the present time is to make themselves familiar with the needs of the rivers and harbors of this section of the country in order that they may be better able to perform their duties upon the reassembling of Congress. The Portland chamber of Commerce will entertain the committee during its stay in that city and will do all in their power to acquaint them with the needs of the Columbia river.

The city of Lewiston, Idaho, will also show the committe every consideration and has arranged to charter the finest steamboat on the Upper river which will be placed at the disposal of the committee, for their use in inspecting the Snake and Columbia rivers from Lewiston to the Celilo rapids. It is believed that a visit from this most important committee will be of great value to the project of opening the Columbia to navigation and it is not only a matter of courtesy but a business proposition as well for the people of Oregon, Washington and Idaho to show them every consideration. If the Columbia is opened to navigation in the near future it will have to be done largely by the action of the committee on Rivers and Harbors in Congress.

Some time ago big frauds were discovered in army circles at Manila and now the same condition of affairs are found to exist in San Francisco. Can it be that this form of moral disease, that causes army officers to steal everything in sight if it only belongs to Uncle Sam and is loose at one end, is a product of the Philippines all the same as "Manila itch." Is it one of the blessings which is supposed to flow from "Benevolent Assimilation" or is "Criminal Aggression" from the Orient taking a whack at America?

The British government has decided to tax the Transvaal gold mines with one half the cost of the Boer war, or $250,000,000. These mines are owned by rich English companies and were the real cause of the war hence the tax. If the mine owners are "next" they will employ J. P. Morgan, or some other American coal mine owner, to figure out for them just how much they will have to cut the wages of their workingmen in order to make money out of the transaction.

The evening Telegram registers the following kick:

"A large book on mosquitos has been sent to this office for review. We cannot conceive how a man fills a book about the pesky things. All that we ever heard could be said about them could be written in one line."

But the Telegram does not quote that line.

Secretary Elihu Root is said to be President McKinley's choice for the next republican nomination for president. Mr. Root is said to be closer to the president than any other man in the cabinet and may, for that reason, be considered by the opposition as being the "root of all evil."

Read It in His Newspaper.

George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its colums and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pain had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by the Hudson Pharmacy.

The special session of the Washington legislature which convened last week lasted but two days. What a pity that it can not be taken as a precedent for all regular sessions and a time limit of two days established.

Call at Hudson's Pharmacy and get a free sample of Chamberlain's Stomach and Liver Tablets. They are an elegant physic. They also improve the appetite, strengthen the digestion and regulates the liver and bowels. They are easy to take and pleasant in effect.

County Superintendent Neal is at Mayville this week conducting the Eighth Grade Examination in the public school at that place.

How to Avoid Trouble.

Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for bowel complaints both for children and adults. No family can afford to be without it. For sale by the Hudson Pharmacy.

The dance given Friday evening was well attended and a brilliant success. Music was furnished by Mr. and Mrs. Musgrove and was up to its usual standard of excellence. Those in charge of the affair are entitled to much credit.

Mrs. B. K. Searcy writes the Globe from Portland that her husband is again improving from the effects of his recent surgical operation. Blood poison set in last Thursday but it is under control. Mrs. R. E. Armstrong is also improving.

My little son had an attack of whooping cough and was threatned with pneumonia; but for Chamberlain's Cough Remedy we would of had a serious time of it. It also saved him from several severe attacks of croup.—H. J. Strickfaden, editor World-Herald, Fair Haven, Wash. For sale by the Hudson Pharmacy.

Pullman Ordinary Sleepers

The tourist travel between the East and the Pacific Coast has reached enormous proportions in the last few years, and calls for a special class of equipment. To meet this demand the Pullman Co. has issued from its shops what it technically calls the "Pullman Ordinary Sleeper." These cars appear similar to the regular sleepers being built on the same plan, but not furnished with the same elegance. They are equipped with mattresses, blankets, sheets, pillows, pillow-cases, towels, combs, brushes, ect., requiring nothing of the kind to be furnished by the passenger. Each car has a stove for making tea and coffee and doing "light housekeeping", and each section can be fitted with an adjustable table. A uniformed porter accompanies each car, his business being to make up berths; keep the car clean, and look after the wants and comforts of the passengers. In each of the trains which are dispatched daily from Portland by the O. R. & N. Co. is to be found one of these "Pullman Ordinary Sleepers". The car attached to the "Chicago-Portland Special" goes through to Chicago without change, and the one in the "Atlantic Express" runs to Kansas City without change. Passengers in this car for Chicago change to a similar car at Granger.

Much of the first class travel is being carried in these cars, the rates being lower, and the service nearly equal to that in the palace sleepers.
