Teacher's Institute.

Perhaps the most successful teacher's institute ever held in Gilliam county closed here yesterday afternoon after a three days session. A fair attendance of teachers was present and much interest was manifested in the work.

Prof. J. H. Beattie, president of the State Normal School at Weston, and Prof. W. A. Wetzell, formerly of Portland but more recently of Salt Lake, were present as instructors and by their enthusiasm and ability kept up an unflagging interest in the work through every session of the meeting.

There was no set program for the meeting each instructor taking up whatever subject he felt would be the most profitable to the teachers present. Prof. Beattie dealt principally with general pedagogical subjects specializing some topics as geography etc, while Prof. Wetzell took up arithmetic, reading, map drawing, history etc. In every branch of the work the instructors were lucid and interesting and every teacher present must have received much benefit.

The teachers present were as follows: Misses Nellie Brown, Belle Wilson, Estella Adlard, Mamie Smith, Lola Fitzwater and Nora Miller; Mesdames T. A. Davis, Lillian Stevens and J. R. Wells; Messrs J. D. Stewart, E. M. Rogers, F. Shanks, U. W. Apple, D. L. Patterson, Maron D. Carter and E. A. Churchill.

The following eighth grade graduates also attended the meetings: Misses Lilla Clarke, Bertha Trimble, Gussie Darling and Byrl Springston.

Superintendent Neal is entitled to much credit for the success of this institute which is being aroused in educational matters in the county since his incumbency in office.

Professors Wetzell and Beattie left yesterday afternoon for Fossil where they will hold an institute during the remainder of the week.

Prof. Beattie delivered two very interesting and instructive lectures at the Congregational church Monday and Tuesday evenings.

RESOLUTIONS ADOPTED.

We your Committee on Resolutions beg to submit the following as our report:

RESOLVED That we as members of the Annual Teachers' Institute convened at Condon, Gilliam Co., Ore., June 24, 1901, extend our thanks to Dr. Beattie, of the Weston Normal School, and Prof. Wetzell, of Portland, for their able instruction during said institute.

Also to Supt. W. R. Neal for his able and efficient management of the meeting and for the interest manifested in our school work during the year.

We also extend our thanks to the citizens of Condon for the many favors received.

Committee: F. SHANKS, MRS. T. A. DAVIS, R. M. ROGERS. (Arlington Record please copy.)

Jim Cordell and his family started Monday morning for Raseburg, going overland by wagon. Mr. Cordell took with him a number of horses for sale and also two 2-year-old fillies which he will train during the summer for the fall races. Both the colts are as pretty as pictures and look as though they should develop high speed. Mr. Cordell has given much attention to breeding running stock for years. The Globe will keep them posted on home news during their absence.

Arthur Rice the 13-year-old son of A. S. Rice met with a serious accident Sunday evening. The boy had got hold of a loaded cartridge and was playing with it and finally decided to have a little Fourth-of-July in advance of the calendar. He laid the cartridge on a stone and securing another stone he proceeded to explode it. The explosion was a success and a piece of the brass shell was blown through the boy's foot making a painful wound.

From the amount of scragging going on in Condon lately one might believe it to be a wild and woolly town. If the thing keeps up and other news becomes any scarcer we will have to begin writing up the scraps by rounds. If the boys keep up their lick as they did for a few days the first of the week we will be able to run a "to be continued" serial.

Sheep Killed.

A band of sheep belonging to P. O. Henry, of near Condon, which was camped on Lone Rock creek a few miles above Lone Rock, while on their way to the mountains, was shot into one night last week by unknown parties and about a dozen of the animals were killed and many others injured. The sheep were in charge of Perry Bond, herder, and Albert Smith, camp tender. The reports which have reached here state that the herder saw three or four men in the attacking party and thinks there was others.

As stated sometime ago in the Globe's Lone Rock correspondence, notices had been posted in that vicinity warning sheepmen to keep their flocks out of the neighborhood, and, although Mr. Henry's men saw some of these it seems that they must have regarded them as an idle threat, but from the developments, it seems they meant business.

The shooting party left a note on the bedding ground which the herder found next morning, in which the sheepmen were told in language more forcible than polite to move on or take worse treatment later.

Such occurrences are to be condemned and deplored and while there is no doubt the law would deal roughly with the perpetrators if they were caught and proven guilty, there is little likelihood that either will happen. We understand the sheep have been moved to another range.
