D. W. Ralston was here Saturday picking up beef cattle. He shipped 4 carloads from Arlington Tuesday destined for the Seattle market. Mr. Ralston ships all his stock to Seattle lately finding a better market there than at Portland.

A pleasant social hop was given Friday evening in the Armory hall in honor of Miss Elizabeth Wood, of Portland, who is visiting her brother J. F. Wood, M. D. Nearly all the young society people were present and a very pleasant evening was enjoyed.

Mr. and Mrs. E. W. Moore, of this place and Mr. and Mrs. Frank Golden, of Mayville left Tuesday morning for a two weeks outing in the mountains on the head waters of Thirtymile. Edgar expects to add something less than a ton to his avoidupons on a two weeks diet of mountain trout and blue grouse.

Farmer Sam E. VanVactor was out at his Ferry Canyon ranch Sunday turning over his pumpkins to keep them from sun-burning too much on one side. He would have brought in a sample of his crop but could not load the smallest of them without help. Van expects to sell his largest size pumpkins to farmers and cattlemen who will excavate them and use them for stock barns.

Mrs. R. E. Armstrong returned from Portland last Thursday where she has been for some time in the Good Samaritan Hospital. It was hoped it was on the road to speedy recovery but after being home for a couple of days her condition was such that it was thought best for her to return at once for further treatment. Mr. Armstrong took her to Arlington Sunday from where she took the train for Portland. Her many friends here will hope that the further treatment will soon restore her to full health and strength.

Dr. Wood and Nicklin thinned out the cotton-tails down the Canyon Friday. Wood complained of a sore shoulder caused by the rebounding of his gun and Nicklin complained of a sore feeling caused by the fact that some of the rabbits could run faster than he could shoot. Wood was surprised to miss a shot at four paces and still more surprised to kill a rabbit at 50 yards. Altogether they killed something less than 387 cotton-tails.

J. H. Downing is in North Idaho on a business trip.

Mrs. Dymart is spending a week or so on their ranch on Hay creek.

Mr. and Mrs. L. T. Price, who have been on the sick list for a week or so are improving.

Dr. Gullette took a party of his friends out to view the classic waters of the John Day Tuesday.

A number of cattle on Matney Flat are reported as being afflicted with a disease which is thought to be black leg.

The G. E. Social met Tuesday evening at Mrs. Young's residence. A pleasant social evening was spent after the business meeting. The hostess served excellent refreshments to those present.

Ray Rogers picked up two \$20 bills on the floor of the butcher shop one evening last week and it was two or three days before J. A. Morris discovered that he was just that amount short. When he reached the butcher shop in his quest of the missing currency the money was recovered.

A fine shower fell here Saturday afternoon which effectively settled the dust and helped fill the wheat heads. It was very unfortunate that the shower was confined to such a small area but we who were rained on will be properly thankful and trust that our neighbors will get their share next time.

D. S. Brown turned off 150 head of 2 year-old steers the other day. E. P. Weir being the purchaser. D. W. Ralston took 40 head of the best beef out of the bunch for market and Mr. Weir will feed the balance. The price paid Mr. Brown was \$20 per head. He purchased most of the stock a little more than a year ago for \$20 per head.

Racing Association. A movement has been started to organize a racing association in Condon.

The plan is to form a joint stock company, buy or lease a tract of ground near town, fence it, erect a commodious grand stand and construct a first-class track. It is estimated that \$1200 will be sufficient to put the project on its feet.

Such a project would be a benefit to the town in a business way and there is little doubt but that it can be made a success. With such an organization as a nucleus a good county fair might be built up here in a few years which would be a benefit to every stockman and farmer in the county.

Married. Mr. Fred Collins and Mrs. Mary Anderson were quietly married at the residence of the officiating magistrate in this place last Sunday, the ceremony being performed by City Recorder May. Dr. Collins is one of Ferry Canyon's best known young farmers and his bride is also a resident of that precinct. The Globe joins with their other friends in wishing them a long and happy life.

Camp Meeting. The camp meeting which was held by the Church of Christ in the grove on D. S. Brown's place last Saturday and Sunday was a pleasant and profitable occasion. Quite a number of families took their tents and camped out Saturday and camped on the grounds until Sunday evening thus combining a season of church privileges with a pleasant and healthful outing.

A number of people drove out from Condon Sunday morning and remained for the afternoon service at 3 P. M. which closed the meeting.

A sumptuous dinner was served in the grove Sunday noon to which everybody did ample justice. Elder Swift preached an excellent sermon Sunday at 11 A. M. and 3 P. M. and the sacrament of the Lord's supper was observed at the morning service.

The willow grove is an ideal place for such meetings and although the trees have only been planted about 3 years they are already 30 or 40 feet high and afford a fine shade.

The Best Liniment for Strains. Mr. F. H. Wells, the merchant at Deer Park, Long Island, N.Y., says: "I always recommend Chamberlain's Pain Balm as the best liniment for strains. School Superintendent Neal went to Trail Fork the other day on official business. His wheel carried him out of town and to make things even he carried the wheel back. The professor says he found hills out there which seemed to be 60 or 70 miles long, and stretches of road on which sand was something less than three feet deep.

A bride and groom stopped at a hotel one night recently and the groom left the bride in their room and went to the office. When he returned and knocked at the door and said "honey" no answer came. Again he rapped and said "honey". Then came the reply, "Go away you idiot. This isn't a beehive, it's a ooth room." He had knocked at the wrong door.—Ex.

Heartburn. When the quantity of food taken is too large or the quality too rich, heartburn is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let six hours elapse between meals and when you feel a fullness and weight in the region of the stomach after eating, in lieu of that you have eaten too much, take one of the Chamberlain's Stomach and Liver Tablets and the heartburn may be avoided. For sale by Hudson Pharmacy.
