Mr. Fisher who came here from the Valley some time ago for his health is not improving as rapidly as his friends could wish.

Mrs. J. W. Dyer who has been on the sick list for several months is rapidly recovering under Dr. Wood's efficient treatment.
Ray Hanson, a former resident of this county, now of Weiser, Idaho, is here for the purpose of buying stock to drive to Weiser.
Mrs. Greiner and Miss Kate Greiner who have been visiting friends in Mayville precinct for some time left for their home in The Dalles Sunday.

Mr. and Mrs. W. J. Edwards left Monday for a two months outing in the Cascade mountains. They will visit their old home in Lane county before returning making the entire trip in a wagon with a camping outfit.
H. M. Condict, a well known printer and newspaper man of this section, who is visiting friends in Old Missouri this summer writes to have the Globe sent to him at Lamar, Missouri. He says a drought has prevailed there for two months and crops are burned up.
Will Davenport, of Mayville, who has been very sick with rheumatism for some time has so far recovered as to be able to start to the McDuffey Springs in a few days where he will rest the medicinal qualities of the water. Charlie Robinson, of this place, has been nursing him for some time.
Mr. and Mrs. B. K. Sorey expect to leave in about a week for Thompson's springs and other points of interest in the Blue Mountains where they will spend the rest of the summer camping out, having a good time and laying in a stock of health and strength to last them through the next winter.
Tom Keizer and Joe Trevett have the thanks of the editor's family for a sack of the first cucumbers and cauliflower of the season. The cucumbers were fresh and crisp and not one cramp in a dozen of them and the cauliflower was almost too good to be true. Joe and Tom's vegetables are always first-class though as their many customers can testify.

Some time since the Globe received an official notice from the postmaster at Willows, this county, to quit sending this family Journal to Mike Scheu, of that place, the reason assigned being, "Not wanted, cannot read English." Now as Mr. Scheu's name had never honored our list and as no copy of the Globe had ever been sent to him for the very good reason that he had never ordered it sent we concluded that it was a case of mistaken identity and awaited developments. Yesterday a respectable looking little bundle in a yellow wrapper was received in our mail addressed to the Condon Globe. On the other side of the wrap had been the address "Mike Scheu, Willows Oregon." After examining the bundle and deciding that it was not a bomb or anything dangerous we opened the wrapper and unraveled the mystery and, just as we expected, it was a copy of the weekly Times. We have heard of a vast number of people who could read English that refused to have the sheet forced on them but this is the first case reported of a man who not only could not read it but could not stand to have the thing around. The Globe forces itself on no one. If you want it you will have to say so. Now is the time to subscribe. If the owners of the weekly want that little yellow bundle they can have the same by calling at this office.

C. W. White was in town yesterday. Emmett Summers was in town Tuesday.
Pink eye is quite prevalent among the horses of this section.
R. L. Glavin is building a new residence near the water tank.
Lola and Ruth Fitzwater went to their father's ranch yesterday.
Thomas Madden, a prominent manufacturer of Indianapolis, Ind., is visiting his brother, John Madden, at Lone Rock. Both gentlemen were here yesterday. The visitor lately completed a trip around the world and is now becoming familiar with the wonders and beauties of Oregon.
The statement in our last issue that 'phones in H. T. and H. L. Propst's residences were burned out by lightning during the recent thunder storm was somewhat misleading. The 'phones were not injured in the least only the fuse or lightning arrester being burned out. The cost of replacing a fuse is only a few cents.
J. J. Portwood has sold his livery and feed barn, on Spring street, to Albert Dams the consideration being \$1500. The sale includes six horses three sets of harness and two or three buggies. Mr. Dams promises to keep the barn and equipment up to a high standard and hopes to hold his share of the trade. See his ad in another column.
The Mayville Old Fellows installed new officers Saturday evening. Dr. Corvill was installed as noble grand, Jim Ramsay vice grand and Ira Carter secretary. Rev. Edward Curran delivered a highly entertaining and instructive address and an elegant supper was served at the Mayville hotel. Mr. Curran's address was highly commended by those present.
George B. Small, of the Baker City Democrat, arrived in Portland this morning, says the Telegram. "He came for the purpose of purchasing bait for sage hens. He finds that the charge from an ordinary shot gun will not scatter sufficiently to bring these game, though some what slow flying, birds within range of his aim; hence his determination to procure more effective ammunition. He has heard that there is a powder that fed to the birds will put them to sleep and enable a sportsman to get a good bag without too much exertion. If he can get track of this preparation he proposes to have a canopy muzzle blunderbuss made to order, for he says sage hens in Baker County are as thick as bumblebees in a clover meadow."

Gilliam All Right
"What's the matter with Gilliam County?" some tenderfoot inquires. "Nawthin'" replies a chorus of basso voices. "She's all right."
The reason for this answer is obvious as the sequel will show:
Bons—Monday July 15, 1901 to Mr. and Mrs. Art Smith, of Mayville precinct a 10 lb boy.
Bons—Tuesday, July 16, 1901, to the wife of Will Silt, of Beecher Flat, a fine big girl.
Bons—Thursday, July 18, 1901 to Mr. and Mrs. Dave Woodin, of Trail Fork, a 9 1/2 lb boy.
Bons—Tuesday morning, July 23, 1901, to Mr. and Mrs. Ed Dunn, of Condon a 12 pound boy.
Eli's head was so swelled that he at once tried to arrange a sparring match between his boy and the night editor, and therein lies the undoing of his kid. The first time the two boys meet one of them will get licked and it won't be the night editor either.
Everybody concerned in the above notices are doing well even to the fathers.

The Best Liniment for Strains.
Mr. F. H. Wells, the merchant at Deer Park, Long Island, N. Y., says: "I always recommend Chamberlain's Pain Balm as the best liniment for strains. I used it last winter for a severe lameness in the side, resulting from a strain, and was greatly pleased with the quick relief and cure it effected." For sale by Hudson Pharmacy.

A social dance will be given on Friday evening, Aug. 2, in the Armory hall. Good music will be present. Refreshments will be served in the back room by the ladies of Minnehaha lodge (Rebekah) I. O. O. F. All are invited.

Will Build Schoolhouse.
The school board held a meeting Friday afternoon at which time the bid of E. E. Noble, of Portland for the \$3000 worth of school house bonds was accepted. The bonds brought \$65 premium and will draw 6 per cent interest.
Specifications and estimates were called for for a new building 28x50 one story high and also on the same sized building two stories high. It has not yet been definitely settled which will be built but it is safe to say that a new schoolhouse is assured.

Blackleg in Cattle.
Frank Moore reports having lost two of his finest calves from blackleg last week but now believes he has found a remedy for the disease. His remedy is to make an incision on the outside of the fleshy part of the front leg through the skin to the muscle. Into this incision press a good sized pinch of garlic pressing it downward so it will stay in place. Mr. Moore gave all the calves in his herd this treatment last Thursday and Saturday he reported no new cases of the disease. He thinks it is a success and others may be glad to try it.

Heartburn.
When the quantity of food taken is too large or the quality too rich, heartburn is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let six hours elapse between meals and when you feel a fullness and weight in the region of the stomach after eating, in lieu of that you have eaten to much, take one of the Chamberlain's Stomach and Liver Tablets and the heartburn may be avoided. For sale by Hudson Pharmacy.

A Human Toboggan.
Miss Bethel Rawson, a member of the DeMoss Convent Company, while attempting to make the ascent of Mt Hood the other day collapsed and fainted away when near the summit and was with great difficulty removed to camp below timber line. Prof. McElfresh of Corvallis who was with the party proposed to use himself as a toboggan and slide the young lady to safety. Lying full length in the snow her feet were tied to his and her form clasped safely in his arms. Ropes were fastened to his ankles and the other members of the party guiding the strange sled the descent was made like a flash. Miss Rawson soon recovered from her strange experience but is not apt to climb Mount Hood again this summer.

When you want a modern, up-to-date physic, try Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect. Price, 25 cents. Samples free at the Hudson Pharmacy.

A Painful Accident.
John F. Pinkham met with a painful accident at his Ferry Canyon ranch Wednesday of last week. He was in a hack with his grandson, Fred Pinkham, the old gentleman standing behind the seat, the young man driving. The horses became frightened and, starting suddenly, Mr. Pinkham was thrown violently to the ground landing on his right shoulder sustaining a fracture of the collar bone. The shoulder joint was also injured. He was brought to town Thursday but on account of his weak condition the fracture was not reduced until Friday morning. Mr. Pinkham is past 76 years old and his advanced age makes the injury a more serious one than it would be if he was 30 or 40 years younger. At this writing however he is doing as well as could be expected.
