

THE GLOBE

THURSDAY, AUGUST 8, 1901.

NOTICE
The Globe has the correspondence from all sections of Gilliam county.

This dog day weather is doggone hot.

Condon is a "swell" society town all right. Even the dogs get a touch of high life once in awhile.

Secretary Long announces that he has no intention of resigning his position as Secretary of the Navy but will, the president willing, hold it until the close of Mr. McKinley's term.

The Boxers are on the eve of another outbreak and expect to prepare a few more missionaries and other foreigners for boxing.

Mood River does some wonderful bragging on her strawberries but we'll bet dollars to doughnuts that when it comes to red cheeks and saccharine qualities, they are not in it with Gilliam county girls.

Since the organization of the \$30,000,000 salmon trust has been accomplished it should be in order for the salmon themselves to organize and refuse, to a fish, to poke their heads through the mesh of a trust-owned net.

It is the fashion now for all the Oregon newspapers to get off daily or weekly "spells" about the heat stricken East followed by an urgent invitation for all the sufferers to come out to cool, pleasant, balmy, comfortable Oregon and be happy.

When Pier Johnpont Morgan began his dazzling career as the promoter and organizer of big trusts and combines he is said to have stated that a beneficent result of such organizations would be the elimination of strikes and labor troubles from the industrial life of the country.

THE SAN FRANCISCO STRIKE.

This strike, it will be seen, grows out of a deeply conceived determination on the part of the workmen and of their unions to have their say and to enforce their will wherever the interests of labor are concerned; and, on the other hand, it proceeds from a resolute purpose on the part of the employing class to resist what it calls interference with its affairs.

A Cure for Cholera Infantum. "Last May," says Mrs. Curtis Baker, of Bookwater, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given us all hope of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would be good if used according to directions. In two days the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by Hudson Pharmacy.

California industry and business is at its height, and therefore it makes hardships for the producing districts as well as for the city. It causes virtual suspension of freight movement, both by water and rail.

Capitalistic combination throughout the country, which during the past year or two has been proceeding at a rate never before witnessed, or even imagined, greatly stimulates the organization of labor unions and strengthens the resolution of their members. It cannot but be expected that these great combinations of capital will be attended or followed by closer and wider organization of the working people of the country.

What most people want is something mild and gentle when in need of a physic. Chamberlain's Stomach and Liver Tablets fill the bill to a dot. They are easy to take and pleasant in effect.

School Fund Apportionment.

State Treasurer Charles S. Moore has just made the annual apportionment of the interest of the irreducible school fund, received on loans on account of that fund during the past year.

This apportionment is smaller than either of the two in 1899 or 1900. One reason for the reduction is the lower rate of interest charged on the school fund notes now, the rate having been reduced from 8 to 6 per cent. by the legislature; another is the fact that during the past two years a great many accumulated interest payments were received, after the hard times of the last half decade, while during the past 12 months practically no deferred payments have been made.

In the apportionment made recently the several counties received sums as follows, the number of school children in each county being given:

Table with 3 columns: County, Pupils, Amount. Lists counties like Baker, Benton, Clackamas, etc., with their respective pupil counts and amounts.

A YOUNG LADY'S LIFE SAVED

At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy. Dr. Chas. H. Utter, a prominent physician, of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady 16 years of age who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me. But I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by Hudson Pharmacy.

Notice to Tax Payers.

All taxes due Gilliam County are delinquent. Costs will be added and property sold if not paid by October 1st 1901 without further notice. July 13, 1901 W. L. WILCOX, Sheriff.

Reduced Rates.

Are now in effect to Buffalo, New York. Do you expect to attend the Pan-American Exposition? If so do not buy your tickets until you have investigated the service of the Illinois Central Railroad. Our accommodations are the best that can be had, our trains are always on time and employ courteous and accommodating Through tourist cars from Pacific Coast to Boston via Buffalo. If you will send fifteen cents in stamps, to address given below, we will forward you by return mail one of our 31 x 49 inch wall maps of the United States, Cuba and Porto Rico. Any information regarding rates, accommodations, service, time, connections stop-overs etc. will be cheerfully given. B. H. THURMILL, Com'l Agt 142 Third Street Portland, Ore.

Pullman Ordinary Sleepers

The tourist travel between the East and the Pacific Coast has reached enormous proportions in the last few years, and calls for a special class of equipment. To meet this demand the Pullman Co. has issued from its shops what it technically calls the "Pullman Ordinary Sleeper." These cars appear similar to the regular sleepers being built on the same plan, but not furnished with the same elegance. They are equipped with mattresses, blankets, sheets, pillows, pillow-cases, towels, combs, brushes, etc., requiring nothing of the kind to be furnished by the passenger. Each car has a stove for making tea and coffee and doing "light housekeeping", and each section can be fitted with an adjustable table. A uniformed porter accompanies each car, his business being to make up berths; keep the car clean, and look after the wants and comforts of the passengers. In each of the trains which are dispatched daily from Portland by the O. R. & N. Co. is to be found one of these "Pullman Ordinary Sleepers." The car attached to the "Chicago-Portland Special" goes through to Chicago without change, and the one in the "Atlantic Express" runs to Kansas City without change. Passengers in this car for Chicago change to a similar car at Granger.

Much of the first class travel is being carried in these cars, the rates being lower, and the service nearly equal to that in the palace sleepers. For rates and full information, including folders, write to A. L. CRAIG, General Passenger Agent, O. R. & N. Co. Portland, Oregon.

OF INTEREST TO WIDEAWAKE PURCHASERS.

EVERY COLUMN IN THIS AD WILL INTEREST YOU. READ THEM ONE BY ONE.
