

**THE CONDON GLOBE.**

THURSDAY, AUGUST 22, 1901.

THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

**LOCAL NEWS.**

Themelon colledays willsoon be here. Mrs. John Palmer is still on the sick list.

Charles Richmond was in from Ferry Canyon Monday.

Frank Brown was in from Rock creek Sunday and Monday.

Cooker Bros big steam threshing outfit has started on the season's run.

C. W. Wilson was in from Rock creek Monday. He says it has been—well hot on the Creek lately.

Dr. Gullette moved into the Nelson house Tuesday, which was recently vacated by C. T. Pinkham.

T. L. Pryce and family visited their homestead on the ridge a few miles north of town Sunday.

J. R. Clerk commenced work Monday morning on S. K. Luna's new residence adjoining John Dymart's place.

Mrs. Bertina Hartman returned Sunday from a visit in the Willamette valley. Her father-in-law, A. Hartman, met her at Arlington.

At the teachers' examination last week the applicants, Misses Stengle and Danneman, both passed and received certificates.

P. H. Stephenson has just received a fine line of carpet samples comprising the very latest fashions in patterns and textures. Call and examine them.

Dr. Wood was called last Thursday to see Charlie Burroughs, of Ferry Canyon, who was seriously ill. At this writing he is reported much improved.

Word reaches us from the Olex neighborhood that the threshing outfit belonging to Matt Ward was completely destroyed by fire last Wednesday.—Ione Post.

H. W. Pauling and Clyde Flint have bought the J. E. Duwain brand of horses comprising about 30 head. They paid \$100 for the outfit and think they secured quite a bargain.

Dr. Gullette was called to Ferry Canyon Thursday to prescribe for J. A. Richmond who has been suffering for some time with a severe attack of bronchial trouble.

Wm Masgrove was in town Sunday. He reports the wheat in his neighborhood a first-class crop. The header run by himself and Al Collins still has about three weeks' run ahead.

Rev. Mr. Curran has been quite sick this week and will not make his usual trip to Ione Saturday. He has arranged with Rev. Mr. Miller, of Lexington, to fill his appointment at Ione Sunday.

A party composed of Misses Louella and Maggie Maddock and Belle Wilson and Fred Wilson and Bob Wain left Monday morning for an outing at Teal Springs. They went equipped with a good camping outfit and plenty of provisions and expect to remain as long as the "grab" lasts.

Frank Palmer and family with their household goods, left Saturday morning for the Malheur country, near Vale, where they will reside in the future. The Globe joins many other Gilliam county friends in wishing them success in their new home. Mr. Palmer will continue in the sheep business, change of location being made to secure a better range.

J. J. Portwood and family returned from a trip to the mountains Tuesday. They went as far as the big meadows on the Upper Des Chutes which is an ideal spot for camping and fishing. They gave up the trip across the mountains to Southern Oregon but Austin Thompson and family, who left here with them, went on to Jackson county to visit friends.

Ed Parlett has bought the City Restaurant from R. B. Lucas and took possession Monday morning. Mr. Parlett will make many improvements in the establishment and will serve first-class meals at all hours. He expects to secure a first-class man cook and, a little later in the season, will conduct a short-order business and will keep open day and night.

School will open one week from next Monday, September 2nd. Prof. Neal and Miss Halstead will again be in charge and their excellent work last year is an earnest of what may be expected the coming term. Condon now has a school of which every citizen should be proud. It is understood that a large number of outside pupils will apply for admission to the school the coming term.

An evil which the farmer has very good reason to make a vigorous kick about is the wheat sack proposition. He has to pay the enormous price of nine cents for the wretched little jute article to begin with; then he is docked ¼ lb. for each sack which comes out of the gross weight of his wheat; and lastly, he has to make the grain dealer a present of the bag when he sells him his wheat. There is a screw loose somewhere.—Ione Post.

Walter Grider, the young son of S. S. Grider, met with a painful accident Saturday while hauling water from town to 'Del Rice's' heading crew. He had filled his water barrels and was standing on the wagon, fixing his load for the trip, when his feet slipped and he fell backward his head striking the edge of the sidewalk. He was rendered insensible for a minute or so but soon recovered and was assisted to Gullette & Wood's office where Dr. Wood sewed up a four inch scalp wound. Walter is a gritty kid, all right, and as soon as the job was finished he went on with his load of water as though nothing had happened.

Mrs. Chamberlain is seriously ill. Mrs. Albarn Moore is still on the sick list.

Mr. and Mrs. Oscar Maley have returned from the Coast.

Mrs. Witeox and children are visiting her parents on Pine creek.

Richard Grant sr., of McMinville, was here Saturday on a business trip.

Blaine Maley was in from the harvest field Tuesday night rustling header repairs.

Nearly 500 prescriptions have been compounded by Wilson's Pharmacy in the short time they have been doing business.

Mrs. Daisy Bryson, who has been visiting her parents, Mr. and Mrs. John Downing, for several months, expects to leave for her home at Weston tomorrow.

John Parks, the typhoid patient, was very sick Sunday and Monday but his condition was considered more favorable yesterday. His brother, Will Parks, and Marion Woodfin are here nursing him.

Josh Hardie was in from Trail Fork yesterday. Josh says he has graduated as a first-class camp tender and has quit the business and become a rich and respectable rancher. We understand he is improving his ranch and repairing his house in great shape lately and that indications indicate that—but phaw! we nearly forgot that we promised not to tell.

**"Three Little Girls Are We."**

Boys seem to be back numbers in this section of Gilliam county this week and little girls are all the rage. Boys were getting too common and, in order to make a proper balance in the primary department of the public school, six years hence, a consignment of sweet little girls was shipped through from the apple blossom land of Somewhere to certain deserving persons in Condon and Lone Rock. Here is the way it would appear on the parish register in a country in which such records are kept:

Born—At Lone Rock, August 17, 1901, to the wife of A. C. Stevens, a daughter.

Born—Sunday morning, August 18, 1901, to the wife of C. W. Crossfield, of Condon, a daughter.

Born—Tuesday evening, August 20, 1901, to the wife of County Treasurer P. H. Stephenson, of Condon, a daughter, weighing 9½ pounds.

We have not received a full account of the Lone Rock affair but take it for granted that Papa Stevens' hat is as much too small for his head as his smile is too big for his face.

Papa Crossfield is a "sight." He tried to get weighed Sunday forenoon on Mike Summers' hay scales but the machine smashed to splinters and would not weigh him. Competent judges have sized Charlie up and estimated his belt at 4½ tons. His smile is about the size of the map of Texas.

Grandpa Henshaw tries not to show it but he told us confidentially (not for publication) that he is the "sickliest" granddaddy this far west.

Papa Stephenson tries to appear blasé and self possessed as though he is used to it and don't mind it any more but his friends know that to be a bluff. The report that he was caught "holloing" "dad" at himself in an empty barrel is not correct. We have it on good authority, however, that he was seen turning hand springs and double back somersaults in the ware-room back of the store at 7 o'clock Tuesday evening. His cigar case may be empty but his heart is full of happiness.

No wonder the increase in Eastern Oregon's school population is so far ahead of that of the Webfoot country.

**Pianos and Organs by the Car Load.**

My salesman, C. V. Baird, is now in your county for a short time and if you are in need of a first-class piano or a fine big six octave organ, just write him to Arlington and he will soon be around to see you.

I buy direct from the factory in car-load lots and can get you an instrument as cheap as first-class goods can be bought. Easy terms and goods delivered right to your home. Now is your time to buy as such an opportunity seldom presents itself to you.

Soliciting your patronage I remain, Yours very truly J. M. Wais.

**More School Children.**

School statistics upon which the recent apportionment of school funds was made, show a gain of 3037 children of school age in the state since last year. Of this gain 2117 was made east of the Cascade range and 920 of the west side of that line.

Gilliam county now has 1179 children as against 1094 in 1900, a gain of 85. In Wheeler county there are 914 children as against 858 in 1900, a gain of 56, while Sherman county, our neighbor on the west, has 1293, as against 1291 in 1900, a gain of only 2. Grand old Gilliam is to the front as usual.

**Card of Thanks.**

We desire to thank the kind people of Mayville and vicinity who assisted in the care of our loved one, Mrs. May Townsend Jones, during her late illness and at the time of her death. All such and those who extended their kind hospitality to us while in their village will ever find a warm place in our hearts.

J. N. JONES. MR. AND MRS. W. R. TOWNSEND.
