

THE CONDON GLOBE.

THURSDAY, AUGUST 29, 1901.

THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

LOCAL NEWS.

E. A. May is seriously ill.
John M. Brown was over from Lone Rock Tuesday.
Mrs. Wilcox and family returned from Pine creek Monday.
Ed Dunn and family went over to J. P. Grainer, to visit for a few days.
Miss Nora Carson, of Portland, is the guest of her sister, Mrs. J. F. Gullette.
A. M. Smith, one of the prosperous sheepmen of Mayville precinct was in town Saturday.
L. B. and T. L. Price went out to Ralph Froman's place Monday to start work on a fine new dwelling for Mr. Froman.
Mr. and Mrs. W. G. Keys were over from Mayville Tuesday. W. G. was swinging a four horse freight team with the air of an expert.
J. F. Dyer was over from Mayville Sunday consulting Dr. Wood in regard to his baby who has been on the sick list for a few days.
Dr. Wood reports John Parks, the typhoid patient, improving. Will Parks, who has been nursing him, is ill with symptoms of fever.
Mr. and Mrs. John Stewart came over from Fossil Sunday and Mr. Stewart commenced his duties in P. H. Stephenson's store Monday morning.
At the Congregational church next Sunday there will be Sunday School services at the usual hour. Young Peoples' meeting in the evening at 7 o'clock.
Mrs. J. H. Wood came in from Lone Rock Monday and took the stage for her home at Arlington. She had been visiting her daughter Mrs. Frank Robinson, at Lone Rock.
The August number of the Pacific Monthly is the best yet issued. A pleasing feature is the large number of excellent illustrations while the literary features compare favorably with any of the older magazines.
Geo. Myers was in from Lost Valley Tuesday. Mr. Myers reports the arrival of a fine daughter at his home about a month ago and says he has been so busy admiring the young lady that he did not have time to send in the news any sooner for publication.
Dave Hardie's barn on Trail fork containing about six tons of hay, some harness etc. was destroyed by fire Monday. A chicken house and some fence was also destroyed. The cause of the blaze was a mixture of children and matches playing in the barn.
Mr. and Mrs. J. F. Cullar, of Portland, are here with a consignment of pianos and organs of the Allen & Gilbert Co., of Portland. C. A. Jacobson expects to join them in a few days to assist in disposing of the stock. They are using Armory hall as a salesroom.
Owing to a siege of serious illness Rev. Mr. Curran, of this place, has had to recall his appointments both here and at Lone. He left on last Tuesday's stage for the Willamette valley. After a few weeks sojourn in Portland he expects to go on to Oakland, California, to join Mrs. Curran who is visiting at that place.
Fred Wilson and sister and Misses Louella and Maggie Maddock, returned Tuesday from Teal Springs. They came sooner than they expected, being somewhat disappointed in the place. The number of visitors this season is much smaller than usual and most of them have already returned home. Fred says the prices up there are nearer being first-class than the accommodations.
A hay barn belonging to R. G. Robinson, at Lone Rock was destroyed by fire last Friday. A couple of small boys and a handful of matches did the job. The kids were amusing themselves starting fires in the hay and putting them out again but they tried the trick once too often. The barn and contents were wholly destroyed. We did not learn whether or not there was any insurance.
Mr. and Mrs. H. C. Strickland were in town Friday from their home on Hay creek. They have been negotiating for the purchase of Rinehart's restaurant for some time and came to town that day to close the deal but found that Mr. Rinehart was absent at Eugene. Mr. Strickland has lately bought the cattle and hay belonging to W. E. Miller and has taken a lease on his ranch for five years. Mr. Miller and family will soon leave for Southern Oregon where they will make their home in the future.
Joe Foss was in from his Thirty-mile ranch Monday. Mr. Foss exhibits two fine nuggets from the placer claim of Cannon & Johnson in Spanish Gulch which were presented to him by his brother, A. B. Foss, who has been working in that claim during the past season. Mr. Foss will have them mounted for scarf pins and they will make beauties. One weighs \$3.85 and the other \$2.77. Mr. Foss recently visited friends in that section of Wheeler County and reports everything prosperous there.
Messrs Coyle and Kidwell, of Heppner, were here Saturday and Sunday buying horses. They secured a number at this place and gave Manly Downing a contract to furnish 30 head. They are buying mares or geldings from 14 to 15 hands high, and pay all the way from \$20 to \$35 a head. The horses are for the English government and will be shipped to South Africa for service against the Boers. A Condonite remarks that if the English soldiers don't look out they will find the Eastern Oregon Cavans will prove more dangerous than Boer bullets.

Will Build Railroad.
Messrs L. H. Moore and J. O. Elrod, of Moro, were here Monday night on railroad business. The gentlemen are looking over the much talked of Condon-Arlington railroad proposition with a view to building the road if right-of-way can be secured. In an interview Tuesday morning the Globe learned that they came from Moro via, the route of the proposed Columbia Southern branch to the mouth of Thirty-mile on the John Day and say that, while they are not in a position to know the intentions of that company, they do not believe the branch will be built in the immediate future. They stated that from observations made by them Monday it will require a very steep grade to get from the Columbia Southern down to the river, one of them adding: "We had to walk about 15 miles yesterday to get down the hill because it was so steep and rough to ride." The gentlemen went on to Arlington Tuesday. Their surveyors were to be in Arlington yesterday and they expected to start a survey from the river toward Condon this morning. We understand that Messrs Moore and Elrod have organized a new company to build this road and they were positive in the assertion that the road will be built if a suitable right-of-way can be secured.

For Sale.
1000 good fir posts at my place on Thirty-mile, near Black butte. Apply to 24125
JOSEPH WHITE.
Miss Minerva Neal, who was expected home from Monument Tuesday came in yesterday.
Mrs. B. K. Searcy writes from Thompson's Springs that B. K. is no better. Ben Greener is improving and Will Daventport is also better. The party has made a contract with a magnetic healer for treatment.
Mr. E. W. Sanderson, formerly Sheriff of Gilliam county, and well known to all the old settlers is now book-keeper and salesman at the Rette Creek Land, Live Stock & Lumber Company's saw mill near Fossil. Give him a call and he will treat you right, when wanting anything in the lumber business. He has a fine stock of a million feet of seasoned lumber on the yard to select from.

Life in the Wild West.
Frank Armstrong was to meet Messrs Moore and Elrod at the mouth of Thirty-mile Monday about noon but he didn't—quite. The gentlemen left Moro at an early hour that morning and depended on a friend there to telephone Mr. Armstrong to that effect as soon as the office was open so that he could meet them as per previous arrangements. The message was not sent until 3 P. M., however, and when the railroaders reached the river, about noon, tired and footsore and hungry as bears, there was no one to bid them welcome. Nothing daunted, they rolled up their trousers—in a bundle—and waded the turbulent John Day, with their hopes—and hunger—buoyed up by thoughts of the dinner they expected to get at the Graham ranch, on this side of the river. Imagine their chagrin and disappointment when they found the house deserted and the pantry door locked. They thought they were hungry before they made this discovery, now they knew it. They had already walked about 15 miles but they had started to Condon and they meant to get there; so tightening their belts, they tackled the long, steep hill which leads to Buckhorn. It was nearly sundown when Mr. Armstrong met them and there was joy in the hearts of two Moro men when he did. The party reached Condon at 9:30 P. M. and the visitors were good and ready for the good dinner which was ready awaiting their arrival.
Gilliam county people have been long looking for a couple of hustling stayers to take hold of the Condon-Arlington railroad proposition and they are glad to know that Messrs Moore and Elrod are here with that very purpose in view.

Card Of Thanks
We wish to thank our friends and neighbors for their kindly assistance and sympathy during our affliction.
HENRY AND EVA CUENDET.

Notice to Tax Payers.
All taxes due Gilliam County are delinquent. Costs will be added and property sold if not paid by October 1st 1901 without further notice.
July 13, 1901 W. L. WILCOX Sheriff.

Will Smut Explode?
"If any one doubts that smut will explode we would call their attention to some experiments conducted at J. P. Miller's threshing machine Saturday," says the Lone Post.
"A quantity of smut was collected and after placing some dry stubble on it and setting the stubble on fire the whole was thrown into the air. The result was a brilliant blaze and a proof which was somewhat surprising to those who had long held to the delusion that smut wouldn't explode. Considering the amount of smut with which the grain fields are polluted it is a wonder that any machine could pass safely through the season without a blaze. A small rock striking the cylinder teeth or a hot box is sufficient to produce a spark which might bring about disastrous results. The United States Experimental Stations have long been striving to discover a preventive which could be relied upon in all cases, but as yet their studious efforts have not been crowned with much success. It is a subject of much importance to the wheat growers and we should be careful not to overlook anything which might tend to throw any light upon this momentous problem."

Musical Goods.
Mr. and Mrs. J. F. Cullar are in the city selling pianos and organs for the Allen & Gilbert Co., of Portland. Mrs. Cullar had two years training at the Jacksonville Female Seminary, Jacksonville, Ill., and those desiring the services of an experienced music teacher should at once avail themselves of her services.
Mr. Cullar is a practical tuner, having been employed and is endorsed by the above music house. Their line of instruments are of the best, this house being the oldest and most reliable in the Northwest. You cannot make a mistake in purchasing an instrument from them as their goods are all fully warranted.
Mr. Cullar is working in this territory with Mr. Jacobson, who will also be here in a few days.
