SALE.

Having recently secured the Condon Townsite from the Arlington National Bank, I beg to announce to the public that I will offer a limited number of choice residence and business locations at the old scale of prices. I do this to accommodate a number of persons who were about to close deals for the purchase of lots at the time the property was taken from the market a few weeks ago by the former owners.

NOW IS THE TIME to secure BARGAINS in Condon real estate. If you wait until the railroad reaches Condon you may expect to see prices double up rapidly.

Condon is now one of the best business points in Eastern Oregon and with the wonderful resources of the country still practically undeveloped, it is sure to continue to grow in population and wealth.

This section is bound to have better transportation facilities in the near future and Condon seems destined to become the terminus of such a road.

Now is the time to get on the band wagon without using a step-ladder.

I will also conduct a general real estate businees. Liter your property with me.
