

THE CONDON GLOBE

THURSDAY, OCTOBER 24, 1901.

NOTICE

The editor of an exchange while in an ironical mood the other day penned the following:

"To run a newspaper all a fellow has to do is to be able to write poems, discuss the tariff and money question, umpire a baseball game, report a wedding, saw wood, beat a lawyer, describe a fire so that the readers will shed their wraps, make a dollar do the work of ten, shine at a soiree, address horticultural societies, measure calico, abuse the liquor habit, test whiskey, subscribe to charity, go without meals, attack free silver, defend bimetallism, sneer at snobbery, wear diamonds, invent advertisements, overlook scandal, praise babies, delight pumpkin raisers, minister to the afflicted, heal the disgruntled, fight to a finish, publish a doctor's kicks about the lawyers, set type, mould opinions, sweep the office, speak at prayer-meeting and stand in with everybody and every thing."

Stops the Cough and works off the Cold.

Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25 cents.

Conditions of famine in a number of densely populated districts in Russia are simply appalling. Not since the great famine of 1891-92 has the stress been so great or the outlook so gloomy. The government is bestirring itself to prevent wholesale starvation in these districts, but the suffering will be great and the death rate, especially among children necessarily large. The class of people afflicted by famine learn nothing from experience but continue year after year processes of reproduction out of all proportion to their means or assurance of subsistence. Nature running to excess in one way corrects her blunders at more or less regular periods by killing off the surplus. The process involves much human suffering, but it is nature's way and will be pursued until man learns that it can be turned aside by reason and not by wailing or by prayer.—Oregonian

Cafe De Schriver.

On account of ordinary delays in inaugurating any new business Mr. Schriver informs us that his new restaurant, which will be known by the above caption, is not yet fully prepared to accommodate the public. The lunch counter is now open and all kinds of shell fish, clams, crabs etc, smelt, salmon, and other fine fish foods are now on hand. He makes a specialty of the finest Blue point eastern oysters for sale, either at the lunch counter or by the can. Mr. Schriver expects to have a first class cook in the establishment in a few days when he will be prepared to cater to the most fastidious tastes in the line of fine eatables. Hungry people will always look for Cafe De Schriver.

J. R. Clark leaves this morning for Hood River.

G. W. Rinehart went to Arlington this morning.

Mrs S. A. Madlock is visiting at Portland and The Dalles.

Alex and Dave Hardie were in town during the week.

At a council meeting held Monday evening the salary of the marshal was cut off and that officer's pay now consists of constable's fees. No provision was made for a waterworks manager and the question is, "Who will care for the wind-mill now?"

A Typical South African Store.

O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which anything can be purchased from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have applied Chamberlain's Remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months no less than four have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record. For sale by Hudson Pharmacy.

This signature is on every box of the genuine Laxative Bromo-Quinine Tablets. The remedy that cures a cold in 24 hours.

"It will cure the cough too," writes Mrs. S. Himebarger, "for three generations of our family have used Dr. King's New Discovery for Consumption and never found its equal for Coughs and Colds." CITY LOTS FOR SALE.

Having recently secured the Condon Townsite from the Arlington National Bank, I beg to announce to the public that I will offer a limited number of choice residence and business locations at the old scale of prices. I do this to accommodate a number of persons who were about to close deals for the purchase of lots at the time the property was taken from the market a few weeks ago by the former owners.

NOW IS THE TIME to secure BARGAINS in Condon real estate. If you wait until the railroad reaches Condon you may expect to see prices double up rapidly.

Condon is now one of the best business points in Eastern Oregon and with the wonderful resources of the country still practically undeveloped, it is sure to continue to grow in population and wealth.

This section is bound to have better transportation facilities in the near future and Condon seems destined to become the terminus of such a road.

Now is the time to get on the band wagon without using a step-ladder.

I will also conduct a general real estate business. List your property with me.
